**Human Resources Department  
Labor Relations Division**

March 22, 2010

Honorable City Council:

Re: Implementation of Wage Increases and Fringe Benefit Changes for Non-Union Uniformed Police and Fire Executives.

It is the longstanding policy of the City of Detroit to pass on to non-union Police and Fire Department executive employees the fringe benefit changes that are received by their unionized peers and subordinate personnel. This policy enables the City to attract and retain the highest quality employees for those executive positions.

Recently, an Act 312 arbitrator awarded the Detroit Police Command Officers Association (DPCOA) improvements in pensions and sick leave. These improvements are described in the attached Schedule A. Because some of these benefits must be made by ordinance, an often lengthy process, the executives will be disadvantaged by their inability to utilize these benefits in the interim between this date and the anticipated date the ordinance is expected to be approved by your Honorable Body.

Furthermore, this award, which covers Police Inspectors and Commanders, provides for wage increases effective July 1, 2004, July 1, 2005, January 1, 2008, and July 1, 2008. We therefore request that your Honorable Body amend the 2009-2010 Official Compensation Schedule to reflect identical wage increases for the DPCOA non-union counterparts. Inasmuch as Fire Department employee wages are required to be in parity with Police, the increases are applicable to the executives of both departments. The new rates of pay are identified in the attached Schedule B.

Therefore, in accordance with the similar practice of approving wage and benefit changes for unionized employees whose settled labor agreements require long periods of time to complete the formal signing and ratification process, we

are recommending that your Honorable Body approve the attached resolution to provide for wage increases and fringe benefit changes for these non-union police executives.

Respectfully submitted,  
JOSEPH P. MARTINICO  
Labor Relations Director

By Council Member Jones:

Whereas, It is the longstanding policy of the City of Detroit to pass on to non-union uniformed Police and Fire Department Executive the wage increases and fringe benefit changes received by their unionized peers, and

Whereas, It would cause an unreasonable long delay to withhold implementation of certain fringe benefit changes until the formal ordinances have been prepared and presented to your Honorable Body for approval, now

Therefore, Be It Resolved, That wage increases and fringe benefit changes for non-union uniformed Police and Fire Department Executives shall be implemented in accordance with the foregoing communication and schedule, and be it further

Resolved, That the Finance Department is hereby authorized to honor payrolls and vouchers in accordance with the foregoing communication, this resolution, and standard City procedures, and be it further

Resolved, That this action be taken with a waiver of reconsideration.

**SCHEDULE A**  
**FRINGE BENEFIT CHANGES**  
**SICK LEAVE**

Retirement and Death Sick Leave Payment

(1) Effective January 15, 2010, non-union uniformed Police and Fire Executives shall receive full pay for one hundred percent (100%) of the unused accumulated sick bank amounts, or

(2) choose to receive the 3-year average of twenty-five percent (25%) of the unused accrued sick leave bank as provide in 1) above, and have that sum included in the average final compensation used to compute the member's service pension of their retirement allowance. For any member choosing to exercise this option, the lump sum payment the member will receive will be the remaining value of the unused accrued sick leave bank as provided in 1) above.

**PENSIONS**

Optional Annuity Withdrawal

Effective January 15, 2010, non-union uniformed Police and Fire Executives who retiree and who elect to leave a balance in the Defined Contribution Plan (Annuity Savings Fund) would have the option of receiving a quarterly payment of interest earnings only or to allow periodic withdrawals of principal, in addition to a one-time complete withdrawal. Members must make a selection a minimum of thirty days

before the beginning of a quarter; quarter defined as beginning March 1, June 1, September 1, and December 1.

**SCHEDULE B**  
**WAGE INCREASES**  
**WAGES AND PERFORMANCE**  
**PAYMENTS for DPCOA non-union counterparts**

- 2) 7/1/05 3%

- 4) 7/1/07 0%
- 5) 1/1/08 3%
- 6) 7/1/08 3%

*Wage rate changes will be calculated as of the dates set forth above; however, retroactive wage payments will be limited to the period commencing January 1, 2008.*

Bargaining unit members shall continue to be included in the City's Executive Compensation Plan. The compensation range maximum for Inspectors shall be \$100,000 and the compensation range maximum for Commanders shall be \$110,000.

Honorable City Council:

Re: Address: 3657-9 Baldwin. Name: Gregory R. Mackay. Date ordered removed: October 14, 2008 (J.C.C. p. 2741-44).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on February 3,

2010 revealed the building is secured and appears to be sound and repairable.

The owner has entered into an approved Tax Payment Plan to pay current taxes due as of August 31, 2010.

The proposed use of the property is rehabilitation and sale. This is the first deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

Respectfully submitted,

The owner has paid current taxes due as of May 31, 2010.

The proposed use of the property is rehabilitation and sale. This is the second deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

Respectfully submitted,  
ABDUL AQUIL

**NEW BUSINESS  
RESOLUTION**

By ALL COUNCIL MEMBERS:

THE FOLLOWING ITEMS ARE TO BE REFERRED TO THE PUBLIC HEALTH AND SAFETY STANDING COMMITTEE: **PLANNING AND DEVELOPMENT DEPARTMENT**

1. Submitting report, request for discussion, and reso. autho. the designation of a Wayne County Renaissance Zone on behalf of the Detroit Medical Center (DMC)/Vanguard Project, in accordance with Michigan Renaissance Zone Act P.A. Act 376 of 1996. **(Department requests discussion be held April 22, 2010 for the purpose of considering the authorization of resolution of support of the County of Wayne in establishing a Renaissance Zone in the Midtown area.)**

2. Submitting report in response to Development and Abatement Policy suggestions (Fiscal Analysis) and Public Act 198 IFEC Agreement Proposed Modifications (Research and Analysis). **(Various departments have concluded that the Public Act 198 tax abatement has waned in popularity, as has the manufacturing sector locally due to the current economic condition; in an effort to visualize a manufacturing resurgence at some point, this abatement must remain a tool to be utilized when necessary; findings theorize that adherence to the aforementioned, in conjunction with Fiscal Analysis' recommendation, will make for sound economic development abatement policy.)**

STATEMENT FROM COUNCIL  
MEMBER ANDRE L. SPIVEY  
REGARDING "YES" VOTE ON THE  
ENJOI TRANSPORTATION L.L.C.  
CONTRACT

First, let me say how humbled and honored I am to be serving as a public servant in the City of Detroit. I enjoy the opportunity and I do not take the respon-

sibility lightly. The past three months have been filled with excitement, hard work, compromise, and a sense that our city is moving in a positive direction.

These months have also had its share of challenging decisions to be made. I know there have been and will be decisions I make that will not be palatable to some. But I do want the citizens of Detroit to know that the confidence and trust they have placed in me will be used to make our city a much better place.

This statement comes on the heels of a decision made by the Detroit City Council on Tuesday, April 6, 2010 to extend a para-transit contract to Enjoi Transportation. Due to a contract dispute in February, 2009 Veolia Transportation stopped receiving payment from the City of Detroit and eventually stopped providing rider service in November, 2009 because of this issue. When Veolia stopped providing para-transit service, the city had to find an emergency vendor to continue the service. Enjoi was an existing vendor with DDOT and immediately took over the service, along with three other vendors who served as subcontractors. Were there mistakes on the part of the City of Detroit and Veolia? Of course, but the main objective should have been to take care of those who are in need of para-transit service.

I always want to make sure that the citizens have correct information, particularly if there is a question as to why I voted the way I did. The contract I voted for this past Tuesday was an extension of an existing contract, not a \$4,000,000 no-bid contract. This emergency procurement was needed for para-transit service to continue for the disabled citizens of our city. This extension is for a maximum of six months while an RFP is prepared to be bid out for a new contract. The Mayor's administration has expressed it could take as little as four months or as long as six months for the RFP process. During this time any qualified vendor can apply for this contract.

If I had voted "no" on the contract, three things must be noted:

1. Veolia would not have been allowed to provide services. They ceased providing service in November, 2009 and presently have a pending lawsuit against the city. This vendor choice could not be an option as a service provider due to ongoing litigation.

2. The service for picking up para-transit riders would be in jeopardy. My first priority is to make sure that this community has reliable transportation. If there was no payment to Enjoi they could also walk away and leave us with no para-transit service at all. This would make the city non-compliant with ADA regulations, and most of all leave the 21,000 residents who rely on para-transit service literally stranded.

3. After the 6-month extension period there is no guarantee Enjoi will win the contract when it is re-bid out.

I am assured of a new process that will create a better check and balance system. The council will be monitoring the para-transit service vendors closely, making sure our riders are treated fairly and with courtesy. DDOT has agreed to monthly reporting, providing a list of complaints, and an overall summation of practices to be used to better service our citizens who use para-transit service. They will dispatch service from their call center and provide a log of the number of persons served.

Did the administration do all they could have done to make this process more efficient? Probably not, however the top priority is to make sure a much needed service could be provided to our citizens in an efficient manner and without interruption.

With every decision/vote I cast, the citizens of Detroit are the number one priority. This includes para-transit riders and those who work on their behalf.

Re: Request Permission to Apply for the Second Chance Act Adult and Juvenile Offender Reentry Demonstration Projects FY 2010 Competitive Grant.

The United States Department of Justice's (USDOJ) Office of Juvenile Justice Delinquency and Prevention (OJJDP) is accepting applications to apply for the Second Chance Act Adult and Juvenile Offender Reentry Demonstration Projects Grant for Fiscal Year 2010. Awards will be made in the amount of **\$750,000.00, with a 25% in-kind match and a 25% cash match.**

The Second Chance Act Adult and Juvenile Offender Reentry Demonstration Projects grant is designed to provide support to enable state, local, and tribal governments to develop and implement comprehensive and collaborative strategies that address the challenges posed by prisoner reentry and to reduce recidivism. This will provide the offender with appropriate evidence-based services — including addressing individual criminogenic needs — based on a reentry plan that relies on a risk/needs assessment that reflects the risk of recidivism for that offender. The project grant period would be October 1, 2010 through September 30, 2011.

In the event that approval is granted to apply and the award is received, Lieutenant Charles Malone, of the Detroit Fugitive Apprehension Team (DFAT), will serve as the project director. **The deadline for this application is March 4, 2010.**

Participation requires the approval of your Honorable Body, via adoption of the attached resolution. The Board of Police Commissioners has approved participation.

If you have any questions or concerns regarding this matter, please feel free to contact me at 596-1800, Monday through Friday, 9:00 a.m. to 5:00 p.m.

**Water and Sewerage Department  
Office of the Director**

March 16, 2010

Honorable City Council:

Re: Agreement and Grant of Overhead and Underground Electrical Easement(s) Detroit Edison (#09-30).

Detroit Edison has executed an Agreement and Grant of Easement with the Detroit Water and Sewerage Department (DWSD) for the purpose of allowing Detroit Edison to operate, maintain, repair, remove, use and replace electrical facilities and related improvements and appurtenances as needed at the Oakwood Combined Sewer Overflow (CSO) Basin site in the City of Detroit, Michigan.

This action is the result of the construction of the Deacon Substation located at the CSO site. DWSD will grant to Detroit Edison both overhead and underground easements as shown in Exhibit "A" for the purpose of operating and maintaining Edison facilities that will be installed as part of the CSO project.

At its meeting of February 24, 2010, the Board of Water Commissioners approved entering into this Agreement. It is respectfully requested that your Honorable Body adopt the attached resolution accepting the Easement Agreement as agreed to by the Board of Water Commissioners and Detroit Edison.

Respectfully submitted,  
PAMELA TURNER  
Director

By Council Member Brown:

Resolved, That the Detroit Water and Sewerage Department is authorized to grant the following easement(s) at the Oakwood Combined Sewer Overflow Basin, located in the City of Detroit, Michigan, for the purpose of maintaining overhead and underground electrical facilities and appurtenances to be installed by Detroit Edison.

Easements more particularly described as follows:

**Legal Description of Parcel:**

That part of private claim 125, described as follows; Beginning at a point in the west line of Pleasant Avenue, 66 feet wide; thence North 29 degrees East, 846.78 feet; thence South 61 degrees East 127.65 feet; thence South 60 degrees 20 feet East, 280.14 feet; thence South 28 degrees 58 feet, 40 inches, West 840.55 feet; thence North 61 degrees 25 feet West, 408.02 feet to the point of beginning.

**Easement Descriptions:**

As described and shown on attached Exhibit A (initially a representative sketch, to be replaced by an as-built survey drawing and description for the tower drop and underground easement areas).

City. As your Honorable Body is aware, the amendments to Chapter 5, Article XV, of the Code require that employees, as defined in Section 5-15-2 of the Code, of sexually-oriented businesses be licensed by the Detroit Police Department. Further, Section 5-15-43 of the Code provides that the application and renewal fee for a sexually-oriented business employee license shall be established by the Chief of Police and approved by resolution of the City Council.

Pursuant to Section 5-15-43 of the 1984 Detroit City Code, the attached proposed resolution provides for the fees to be charged for the issuance, replacement, and renewal of a sexually-oriented business employee license. This Resolution is being submitted to this Body for consideration, and approval at the earliest date. The proposed resolution provides for a fee of one hundred and fifty dollars (\$150.00) for the issuance and renewal of an annual sexually-oriented business employee license by the Police Department. Since Section 15-15-44 of the Code provides that an employee license shall expire on the birthday of the employee, a fee of one hundred fifty dollars (\$150.00) has been established where the license is issued less than six (6) months after the applicant's birthday, and a fee of seventy-five dollars (\$75.00) has been established where the license is issued more than six (6) months after the applicant's birthday. In addition, a fee of twenty-five dollars (\$25.00) has been established for the replacement of a destroyed or lost employee license.

The proposed fees for the sexually-oriented business employee license are based upon the estimated costs for the issuance, administration and enforcement of the license as required by the regulations of the City. The proposed license fees include estimated direct labor costs, divisional and department supervision, administration and enforcement of the Department's employee licensing program, and supplies and material costs for the processing and issuance of the subject licenses. The Police Department believes that the proposed fees are reasonable and consistent with other fees charged by this Department.

The proposed fees pertain to all employees required to be licensed pursuant to the provisions of revised Chapter 5 of the 1984 Detroit City Code, including adult entertainers who perform at Group "D" Adult Cabarets in the City.

We are available to answer any questions that you may have concerning this proposed resolution.

Respectfully submitted,  
WARREN C. EVANS  
Chief of Police

By Council Member Brown:

Whereas, On February 23, 2010, the Detroit City Council passed an ordinance

that amended Chapter 5 of the 1984 Detroit City Code, *Amusements*, to repeal Articles II, *Adult Cabarets*, and Article III, *Adult Public Entertainments*, and to add a substitute Article XV, *Sexually-Oriented Businesses*;

Whereas, Chapter 5, Article XV, of the 1984 Detroit City Code requires, among other things, that employees, as defined in Section 5-15-2 of the Code, of sexually-oriented businesses be licensed by the Detroit Police Department;

Whereas, Section 5-15-43 of the Code provides that the application and renewal fee for a sexually-oriented business employee license shall be established by the Chief of Police and approved by resolution of the City Council;

Whereas, Section 5-15-44 of the Code provides that the sexually-oriented business employee license shall expire on the birthday of each license applicant;

Whereas, In many instances applications for employee licenses will be submitted between the birthdays of the applicants;

Whereas, The Chief of Police has transmitted a request to this Body that provides the rationale for establishing the fees to be charged for the issuance, replacement, and renewal of sexually-oriented business employee licenses;

Whereas, The Chief of Police has established a fee of one hundred and fifty dollars (\$150.00) for the issuance and renewal of an annual sexually-oriented business employee license by the Police Department;

Whereas, Since Section 15-15-44 of the Code provides that a sexually-oriented business employee license shall expire on the birthday of the employee, the Chief of Police has established;

(1) A fee of one hundred and fifty dollars (\$150.00) where the license is issued less than six (6) months after their birthday; and

(2) A fee of seventy-five dollars (\$75.00) where the license is issued more than (6) months after their birthday;

Whereas, The Chief of Police has established a fee of twenty-five dollars (\$25.00) for the replacement of a destroyed or lost sexually-oriented business employee license;

Whereas, The proposed schedule of fees for sexually-oriented business employee licenses as, established by the Chief of Police, is:

Issuance and renewal of an annual employee license . . .	\$150.00
Issuance of an employee license less than six (6) months after their birthday . . . . .	\$150.00
Issuance of an employee license more than six (6) months after their birthday . . . . .	\$ 75.00
Replacement of destroyed or lost license . . . . .	\$ 25.00

Whereas, The proposed schedule of fees for sexually-oriented business employee licenses is based upon the estimated costs for the issuance and administration of the license as required by the regulations of the City, including estimated direct labor costs, divisional and departmental supervision and administration of the licensing program, and supplies and material costs for the processing and issuance of the subject licenses;

Whereas, The proposed fees apply to all sexually-oriented business employees who are required to be licensed in accordance with Chapter 5, Article XV, of the 1984 Detroit City Code; and

Whereas, The proposed fees are reasonable and consistent with other fees charged by the Police Department;

Therefore Be It Resolved, That, in accordance with Section 15-5-43 of the 1984 Detroit City Code, the Detroit City Council approves the schedule of fees for sexually-oriented business employee licenses, as established by the Chief of Police.

Honorable City Council:

Re: EBI-Detroit Inc. vs. City of Detroit and Detroit Water & Sewerage Dept. Case No.: 07-725218-CK.

We have reviewed the above-captioned lawsuit, the facts and particulars of which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body. From this review, it is our considered opinion that the City should agree to the entry of an Order of Dismissal and enter into an Agreement to Arbitrate on the terms and conditions set forth in the following resolution. This Agreement to Arbitrate was approved by the Board of Water Commissioners on March 24, 2010.

We, therefore, request authorization to agree to entry of an Order of Dismissal and to enter into an Agreement to

Arbitrate on the terms and conditions set forth in the following resolution and, upon certification by the Law Department that the arbitrator has announced a decision requiring the City to pay a designated sum to EBI-Detroit Inc., that your Honorable Body direct the Finance Director to issue a draft payable to EBI-Detroit Inc. and its attorneys, Poling, McGaw & Poling, Hyman Lippit PC and John Grylls, in the amount the City is to pay to EBI-Detroit Inc. pursuant to the arbitrators' decision, but said draft shall not be less than Two Million Dollars (\$2,000,000.00) and shall not exceed Five Million Dollars (\$5,000,000.00).

Resolved, That:  
The Law Department is authorized to agree to entry of an Order of Dismissal and to enter into an Agreement to Arbitrate in the case of EBI-Detroit Inc. vs. City of Detroit and Detroit Water & Sewerage Department, Wayne County Circuit Court Case No. 07-725218-CK, on the following terms and conditions:

A. 1. The parties shall submit to arbitration all matters in controversy raised in the above-named lawsuit.

2. EBI shall recover a minimum amount of Two Million Dollars (\$2,000,000.00), less any amounts paid out prior to the award in partial settlement.

The maximum amount of any award to EBI shall not exceed the amount of Five Million Dollars (\$5,000,000.00), less any amounts paid out prior to the award in partial settlement.

3. There shall be no costs, fees or attorney fees with respect to the award rendered by the arbitrators. Interest on the award is not automatically taxable, unless a judgment in litigation. Instead, the arbitration agreement provides that interest is up to the discretion of the arbitrator, but in no event shall it exceed \$250,000.00. Thus, if interest is awarded, it is capped, unlike in a lawsuit.

The award of the arbitrator shall represent a full and final settlement of any amounts due and owing to EBI-Detroit Inc. for any and all claims arising out of Detroit Water and Sewerage Department Contract LH-391, however, limited judicial review may be obtained in a Michigan Circuit Court of competent jurisdiction (a) in accordance with the standards for review of arbitration awards as established by law; or (b) on the ground that the arbitrators committed an error of law.

B. Promptly after the arbitrator announces the decision, the Law

Department shall inform City Council in writing of that decision.

C. Upon certification by the Law Department that the arbitrator has announced a decision requiring the City to pay an award to EBI-Detroit, the Finance Director is authorized to issue a draft drawn upon the proper account in favor of EBI-Detroit Inc. and its attorneys, Poling, McGaw & Poling, Hyman Lippit PC and John Grylls, in the amount of the arbitrators' award, but said draft may not be less than Two Million Dollars (\$2,000,000.00) (less any amounts paid in partial settlement prior to the award) and shall not exceed Five Million Dollars (\$5,000,000.00) (less any amounts paid in partial settlement prior to the award), plus interest which shall not exceed \$250,000.00.

THIS CITY OF DETROIT DEVELOPMENT AGREEMENT (this "Agreement") is made as of the 12th day of April, 2010 by and between the City of Detroit, Michigan, a Michigan public body corporate, acting by and through its Planning and Development Department (the "City"), and Wayne State University Research and Technology Park in the City of Detroit, a non-profit corporation ("Tech Town"), and TechOne Development LLC, a Michigan limited liability company ("TechOne"). Collectively, Tech Town and TechOne are sometimes hereinafter referred to as the "Company".

**RECITALS**

A. The Michigan Legislature enacted Public Act (P.A.) 245 of 2004, and P.A. 244 of 2004, amending P.A. 206 of 1893 (the "General Property Tax Act"), and adding MCL 211.7ii and MCL 211.9j, respectively, to the General Property Tax Act. MCL 211.7ii and MCL 211.9j are sometimes hereinafter, together, referred to as the "Statutes".

B. MCL 211.7ii provides real property tax exemption on real property that is designated an "innovations center." MCL 211.9j provides personal property tax exemption for personal property of certain users of the real property designated an "innovations center."

C. The Statutes state that the governing body of a local taxing collecting unit may adopt a resolution to exempt the innovations center from the collection of taxes for so long as the real property qualifies for the "innovations center" designation.

D. TechOne owns the land and improvements located at 440 Burroughs, Detroit, Michigan (the "Property"), more particularly described on Exhibit A attached hereto.

E. As required by the Statutes, the Property contains one building that is located in a certified technology park, that is subject to an agreement between the City and the Michigan Economic Development Corporation, and that is primarily used to provide space and administrative assistance to one or more qualified high-technology business located within the building.

F. The Company submitted a Petition ("Petition") dated December 16, 2009 to the City Council of the City ("City Council") for adoption of a resolution wherein, under the Statutes, City Council designates the Property an "innovations center" (the "Designation") so that the Property becomes exempt from real property taxes and certain personal property taxes pursuant to the Statutes.

G. City Council, by a resolution (the "Resolution") dated April 6, 2010, has granted the Designation (a copy of the Resolution is attached hereto as Exhibit B).

H. The Company and the City acknowledge that they are entering into this Agreement voluntarily.

NOW THEREFORE, In consideration of the mutual covenants set forth herein, the sufficiency and receipt of which is hereby acknowledged, the parties hereto, intending to be legally bound, hereby agree as follows:

1. Term. The initial term of the Designation shall be twenty (20) full calendar years, commencing on December 31, 2010 (the "Effective Date") and expiring December 30, 2030 (the "Term"), unless sooner terminated or extended by the City as provided herein. If the City does not rescind the Designation pursuant to Section 2(c) below, the City shall extend the Term for a number of years as the parties to this Agreement determine to be commercially reasonable at such time, but not to be less than five (5) years.

2. Job Creation and Detroit Business Retention.

(a) Tech Town shall use its best efforts

to cause Incubated Companies to create 1200 new full-time jobs (directly or indirectly) prior to the first Review Date (defined in Section 2(c) below) and, thereafter, to create as agreed by the parties the number of full-time jobs prior to the immediately succeeding Review Date ("Job Creation"). The parties shall memorialize in writing such number of full-time jobs that are agreed to be created in the five-year period between the applicable Review Dates. Tech Town shall be deemed to have used its best efforts pursuant to this subsection if Tech Town professionally administers training and mentoring programs for the benefit of Incubated Companies throughout the Term such as the FastTrac program or the SmartStart program administered by Tech Town as of the date of this Agreement, or programs substantially similar to these programs. The term "Incubated Companies" shall mean those individuals and companies trained or mentored by Tech Town. For purposes of this Agreement, a "full-time job" shall include a position with Tech Town or Incubated Companies on a salary, wage, commission, or other basis, for a minimum period of thirty (30) hours a week.

Note: As of the date of this Agreement, SmartStart is a business development program for new, high-growth innovative companies, providing entrepreneurs with coaching, mentoring, workshops, and introductions to investors and contacts. As of the date of this Agreement, FastTrac is a business development program for existing and aspiring entrepreneurs that provides business insights and skills, leadership experiences, and networking and mentoring opportunities needed to start, grow and lead businesses.

(b) Tech Town shall use its best efforts to encourage Incubated Companies that are located in the City of Detroit to register as a "certified business" ("Business Retention"). Tech Town shall be deemed to have used its best efforts pursuant to this subsection if (i) Tech Town encourages Incubated Companies that are located in the City of Detroit and are otherwise qualified to register (collectively, "Qualified Incubated Companies") to register as a "certified business" of the City of Detroit by applying to the City of Detroit Human Rights Department to be recognized as one or more of the following: (A) a Detroit Headquartered Business, (B) a Detroit Based Business, (C) a Detroit Small Business, (D) a Minority-owned Business Enterprise, or (E) a Woman-owned Business Enterprise, and (ii) each calendar year of the Term at least nine percent (9%) of Qualified Incubated Companies are registered as a "certified business" of the City of Detroit.

(c) On or prior to the fifth (5th), tenth (10th), fifteenth (15th) and nineteenth

(19th) anniversary of the Effective Date (each a "Review Date"), Tech Town shall submit to the City sufficient information in the City's commercially reasonable judgment regarding Tech Town's compliance with Job Creation and Business Retention. If in the commercially reasonable judgment of the City, Tech Town has not complied with Job Creation and/or Business Retention, the City may rescind the Designation; otherwise, the City shall not rescind the Designation. In any instance, prior to rescinding the Designation, the City must (a) provide written notice to the Company of the City's reason for determining that Tech Town has not complied with Job Creation and/or Business Retention, (b) afford the Company an opportunity to present at a public hearing the reasons for any failure to comply with Job Creation and/or Business Retention, and (c) provide the Company an opportunity to implement corrective action within ninety (90) days of such notice and diligently pursue the same to completion. Notwithstanding the foregoing, the City shall not rescind the Designation if, during the time period from the Effective Date through any applicable Review Date, the City of Detroit income tax cumulatively generated from Incubated Companies and their employees exceeds the amount of the Company's real and personal property taxes abated under the Statutes.

3. Exemption Reimbursement. If the Company ceases to maintain operations in the City of Detroit, the Term shall automatically terminate as of the date that the Company ceases to maintain operations in the City of Detroit (the "Relocation Date"), and the Company shall reimburse to the City the total amount of the Company's real estate taxes and personal property taxes that were exempt and unpaid from the Effective Date through the Relocation Date.

4. Additional Services. The Company shall refer tenants of the Property and Incubated Companies to (a) Detroit Workforce Development Department, (b) the Detroit Economic Growth Corporation, (c) Office of Targeted Business Development, and (d) the Office of Neighborhood Commercial Revitalization for contractual opportunities, programs and other resources made available through such departments and agencies.

5. Reporting to the City. Tech Town shall furnish to the City's Finance Department (Administration) and City Council's Fiscal Analysis Division a copy of its annual consolidated financial report, certified by an independent certified public accountant employed by Tech Town, within sixty (60) days after the date of certification. Furthermore, Tech Town shall furnish on or prior to each anniversary of the Effective Date information to the City Planning Commission with respect to the

number of Qualified Incubated Companies registered as a "certified business" of the City of Detroit.

6. Due Organization; Authority; Enforceability. 7. Conflict with Existing Laws or Contracts. Tech Town and TechOne, each for itself, warrant that the execution and delivery of this Agreement, and the performance of its obligations hereunder does not conflict with or result in a breach of or constitute a default under any of the terms, conditions or provisions of its formation documents or its, respective, bylaws or operating agreement or of any agreement or instrument to which it is a party.

8. Further Assurances. Each party hereto shall execute and deliver all such further instruments and documents as may reasonably be requested by the other party in order to carry out fully the intent, and accomplish the purposes of this Agreement.

9. Waiver. The remedies provided hereunder are cumulative and not exclusive of any remedies provided by law.

10. Amendments. Subsequent to the execution of this Agreement, no amendment, modification, termination or waiver of this Agreement or any provision hereof nor any consent to any departure herefrom shall be effective unless the same is in writing and signed by an authorized official of all parties, upon which any such waiver or consent shall be effective only in the specific instance and for the specific

purpose for which given. No notice to or demand on a party shall entitle such party to any other or further notice or demand in similar or other circumstances.

11. Governing Law. THIS AGREEMENT AND ALL RIGHTS AND OBLIGATIONS OF THE PARTIES HEREUNDER SHALL BE GOVERNED BY AND BE CONSTRUED AND ENFORCED IN ACCORDANCE WITH THE LAWS OF THE STATE OF MICHIGAN.

b. The tax abatement shall terminate December 31, 2015.

c. The Applicant will be required to create 1,500 new full time employees at the Facility within two years of the Approval Date.

d. The Applicant will retain:

1) No less than 1,500 full time employees for the duration of the tax abatement term.

For the purposes of this Agreement, a "full-time employee" shall include a person 1) who is employed by the Applicant on a salary, wage, commission, or other basis, for a minimum period of forty (40) hours a week; and 2) from whose compensation the Applicant is required by law to withhold for City income taxes.

On or before November 1, 2011 and each year thereafter, throughout the term of the tax abatement, the Applicant shall submit to the Human Rights Department of the City of Detroit a current Contract Compliance Report (Form EEO-1); and 2) a current Employer Information Report (Form EEO-2).

3. Annual Status Report by the Applicant.

On or before February 1, 2012, and each year thereafter, throughout the term of the tax abatement, the Applicant shall

submit to the Planning and Development Department of the City a certified status report ("Status Report") signed by an authorized officer of the Applicant. The Status Report shall set forth, the average number of full-time employees at the Facility during the calendar year preceding the date of the Status Report, and the Facility costs as of December 31st preceding the Status Report. For purposes of this agreement, the average full-time employees shall be computed as the average of the number of full-time employees at the Facility on March 31st, June 30th, September 30th, and December 31st of the calendar year preceding the date of the Status Report.

4. Review and Audit of Applicant Employment Information.

The Applicant agrees to provide the City with sufficient information, and the City may review and audit the information provided by the Applicant, in order to determine compliance with this Agreement. If the Applicant fails to provide employment information satisfying the needs of the City, the Applicant will provide the City and the Michigan Employment Security Commission (MESC) written authorization, in a form acceptable to the City and MESC, to use and develop appropriate MESC documents, such as, but not limited to, the MESC Multiple Worksite Report, to verify the number of full-time employees stated in the annual Status Report. If the average number of new and retained full-time employees at the Facility during the calendar year preceding the date of the Status Report is less than the

number of new and retained employees set forth in Section 1 above, the Applicant agrees to pay the City an amount equal to the difference between the amount of ad valorem tax attributed to the personal property referenced in Section 1(a) otherwise due on the facility without the tax abatement, and amount of the taxes attributed to the personal property referenced in Section 1(a) due on the Facility as abated, for the calendar year preceding the Status Report, multiplied by a fraction, the numerator of which is the shortfall in the number of new and retained full-time employees indicated in the Status Report, and the denominator of which is the total number of new and retained full-time employees set forth in Section 1 above. Prior to taking any action to require the Applicant to pay any amount to the City pursuant to this Section, the City must afford the Applicant an opportunity to present at a public hearing reasons for any shortfall by the Applicant in its compliance with this agreement.

a. To enable the Applicant to install the equipment, machinery, furniture and fixtures eligible for tax abatement under the Act, or to enable the Applicant to operate the Facility, the City may incur costs for site acquisition, infrastructure improvements, or other related purposes, as may be agreed to in writing between the City and the Applicant if during the term of the tax abatement the Applicant shall discontinue operations at the Facility, the applicant agrees to reimburse the City for any such agreed upon costs incurred by the City.

8. Living Wage Ordinance.

The Applicant acknowledges receipt of a copy of the Detroit Living Wage Ordinance ("Ordinance") which copy is attached as Exhibit "C" and made a part hereof, and the Applicant affirms that it will comply with this Ordinance in all respects unless specifically exempted by the language of the Ordinance. In the event the Applicant violates the Ordinance, the Applicant shall pay to each employee affected the amount of the deficiency for each day the violation continues. Willful or repeated violation of the ordinance shall constitute a material breach of this agreement and will entitle

the City to revoke, or seek revocation, of the Certificate. Willful violation of the Ordinance will result in a penalty paid to the City in the amount of \$50.00 per violation for each day the violation continues. In the event the Applicant is assessed the \$50.00 penalty based on more than three (3) incidents within a two (2) year period, the Applicant shall be barred from entering into any contracts with the City for a period of ten (10) years from the last violation.

9. Reservation of Remedies.

The City and the Applicant agree that each of the rights and remedies provided by this Agreement may be exercised separately or cumulatively, and shall not be exclusive of any other rights and remedies provided by law. 10. Effective Date.

This Agreement shall become effective upon approval of the Application by the Michigan State Tax Commission, and shall be null and void of no force or effect whatsoever unless the Michigan State Tax Commission gives approval to the application. This Agreement shall terminate thirty (30) days after the due date of the Status Report required by Section 3 above pertaining to the final year the tax abatement, or thirty (30) days after the actual filing of said Status Report, whichever is later.

**RESOLUTION OF THE DETROIT CITY COUNCIL DECLARING APRIL 26, 2010 AS "ATTENDANCE IS EVERYONE'S BUSINESS" DAY IN SUPPORT OF THE BOARD OF EDUCATION OF THE SCHOOL DISTRICT OF THE CITY OF DETROIT'S EFFORTS TO REDUCE ABSENTEEISM AND TRUANCY IN THE DETROIT PUBLIC SCHOOLS**

By ALL COUNCIL MEMBERS:

WHEREAS, The Detroit City Council and the City of Detroit has determined that absenteeism and truancy in middle school and high school are among the most vexing factors that the Detroit Public Schools, its administrators, principals and teachers face while attempting to reform education; and

WHEREAS, School attendance records indicate that fifteen (15%) percent to nineteen (19%) percent of school children are either absent or truant on any given day, with rates even higher on Mondays and Fridays; and

WHEREAS, The Detroit City Council recognizes that absenteeism and truancy have an adverse affect on the District's financing; to which the per pupil foundation allowance contributed by the State of Michigan, which is directly contingent upon student attendance on a full-time basis, is substantially reduced because of poor student attendance, and daily attendance often result in the District not making Adequate Yearly Progress ("AYP") as assessed by the State of Michigan in connection with the requirements of the No Child Left Behind Act; and

WHEREAS, The Detroit City Council further recognizes the affects of truancy on the greater community believing, as do most experts, that truancy is a powerful and accurate predictor of involvement in crime and violence; and

WHEREAS, The Detroit City Council, being fully cognizant of the proportionate response of good attendance on academ-

ic achievement, further appreciates the research data regarding (a) absences, (b) grade point averages, and (c) citizenship grades that show an inverse relationship between the two variables of absences and G.P.A., meaning that those students who have low numbers of absences tend to have a higher G.P.A., and better marks in citizenship; and

WHEREAS, In response to the clarion call to transform education in the District, the Board of Education and the General Superintendent of the District have commenced the development of multiple strategies to establish a pro-attendance culture within the Detroit Public Schools and the City of Detroit; and

WHEREAS, The Board of Education and the General Superintendent are revamping current policies regarding attendance that provide not only for academic penalties, parent sanctions, city ordinance enforcement, and student suspensions, but, in addition, imbed innovative and substantial interventions to encourage students to attend and stay in school; and

WHEREAS, The Detroit City Council, in accord with the Board of Education, desires the participation of other businesses and organizations in the community to operate in accord with the District and to make it their business to improve school attendance; and

WHEREAS, The Board of Education, through its General Superintendent, has respectfully requested that this Honorable Body designate and declare April 26, 2010, as "Attendance is Everyone's Business" Day in Detroit, and appeal to all departments comprising city government, local businesses, organizations, neighborhood city halls, block clubs or other civic organizations to remind themselves and each other on that day everyday that students are expected to be in school between the hours of 7:00 a.m. and 3:30 p.m. Monday thru Friday.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF DETROIT:

1. That April 26, 2010 is and hereby shall be declared as "Attendance is Everyone's Business" Day and that the Clerk of the City of Detroit shall forward an executed copy of this Resolution to the Mayor of the City of Detroit, the Governor of the State of Michigan, and the State Superintendent of Public Instruction.

2. That pursuant to this Resolution, the City of Detroit City Council is urging all parents and guardians to make certain that their child(ren) attend school on April 26, 2010, by accompanying their child(ren) to school on that day if possible, and, further that, all businesses in and around school property or serving the Detroit community strictly adhere to the City of Detroit's Anti-Truancy Ordinance

and refuse admittance or service to school-aged children during school hours.

3. That the City of Detroit City Council authorizes the President of the City of Detroit City Council and the Clerk of the City of Detroit to sign and execute this Resolution and all documents necessary to carry out and effectuate the spirit and intent hereof.

**PUBLIC COMMENT**

**DIANE BUKOWSKI** stated that the Detroit Medical basically belongs to the people and it's not really a private organization. It was built with federal funding. It has had billions of dollars go into its hospitals for Medicaid, Medicare and revenue sharing funds. The Detroit

Receiving Hospital was built with City backed bonds which included property taxes paid when the revenue weren't sufficient to pay off those bonds. There's a question of real ownership of the Detroit Medicare Center. I believe there needs to be further consideration and there needs to be a public hearing in front of the Michigan Department of Community Health before any action is taken on this. You have not allowed the people of this city adequate access to comment on something that are going to so drastically impact their medical care in this city.

**MS. D. NEELY** stated that she would like to know from Vanguard if there is still a class action lawsuit by nurses regarding the pay scale for nurses being fix and also, if there is an outstanding lawsuit by police officers that work for Vanguard. Mr. Pugh, are you a member of any of the boards?

**CHARLES PUGH:** No, I am not.  
**NEELY** stated that these were questions from the community. Also, have all the board members signed off that they are not investors or employees with Vanguard.

**MS. ANTHONY of Greater Detroit Area Health Council** stated that the Greater Detroit Health Council represents a multi-stake holder in Southeast Michigan. It focuses on health care cost, quality and access. Our vision is healthy people and healthy economy. As a regional organization, we are very concerned about the future of health care in the City of Detroit and we are very pleased to hear the announcement and congratulated the Detroit Medical Center for bringing this level of investment to the City of Detroit. The City of Detroit and the Detroit Medical Center must be competitive with the rest of the health systems in Southeast Michigan. We were concerned about the historical mission of the Detroit Medical Center as it relates to health care for the poor. We have offered work with the Detroit Medical Center and Vanguard to help strengthen the commitment that they have already made to be sure that those community issues that we are hearing about are addressed.

**MS. TONYA WELLS** stated that she is here relative to a letter she received in the mail regarding grants. Item 3600 has not been addressed by this Honorable Body. I have put in an application for funding in May.

**CHARLES PUGH:** Is that about the DMC?

**MS. TONYA WELLS** stated no and that she was not given the opportunity to

... speak before. I'm talking about the \$37 million in stimulus money that were received in February of 2009 and I have not received a response from this Honorable Body.

**MR. MICHAEL HARRIS** stated that he worked at Detroit Receiving Hospital for 20 plus years. The Detroit Receiving Hospital is always up front and foremost takes care of the poor and anyone who hits that door. Lastly, the Detroit Medical Center has in my opinion made one of the best commitments to this city. It needs to be addressed that there is an opportunity for these folks, not only to get construction jobs, but medical health care jobs. This would also bring some revenue into this city and would allow the residents to get some relief and get some of the services that they need.

**REV. WILLIAM REVELLY, Holy Hope Heritage Church — Baptist** stated that he want to commend the DMC staff for the great presentation they made. We certainly support this endeavor. Vote and stay on your job.

**REGINALD EDMOND [sp], Vice President of Medical Affairs at Harper and Hutzel Hospitals** stated that one of the responsibilities of my job as Vice President of Medical Affairs is to control the resource utilization and so with that I've got to do the best I can to keep the cost down. The Detroit Medical Center does not have the resources to provide the adequate quick care that our citizens need. It keeps me up at night when we do not have the resources to take care of people. I stayed here in the city knowing that I had better opportunities, but I wanted to get back to the community and I ask you to help me give back to my community.

**MR. ROLANDA PHILLIPS, Chief Seward of AFSCME, Local 181** stated that the members do support the Vanguard deal. Thank you very much.

**RESOLUTION APPROVING THE AGREEMENT BETWEEN THE CITY OF DETROIT, DETROIT MEDICAL CENTER AND VANGUARD HEALTH SYSTEMS, INC. CONCERNING THE TOLAN FIELD PROPERTY**

By COUNCIL MEMBER KENYATTA:

"This deed and the delivery of this deed shall not in any way merge, terminate, modify, or alter the terms, conditions, covenants and agreements set forth in the Sublease Agreement which were intended to survive in the event Detroit Receiving Hospital and University Health Center acquires fee title to the 'DRH Assets' (as such term is defined in the Sublease Agreement), including without limitation Section 3(c), Section 7.b.8, and Section 8.c of the Sublease Agreement."

WHEREAS, The City and DMC have entered into a certain Development Agreement dated December 16, 2009, relating to DMC's acquisition and development of approximately 5.31 acres of real property comprising the North 375 feet of Edward Tolan Play Field ("Development Agreement");

Vanguard agrees to honor these obligations, even if the obligations extend beyond the 10 year mission support period provided in the Vanguard/DMC agreement.

2. The City agrees to consent to the assignment of the Tolan Field property from DMC to Vanguard for the purpose of building a Children's Pediatric Center, which assignment can be made only upon the closing of the final DMC/Vanguard purchase agreement.

(D) The defined elements of design, as provided for in Section 25-2-2 of this Code, are as follows:

(1) *Height.* The two identical northern towers of the Whittier are eight stories tall, and the southern tower is fifteen stories tall. All three towers are connected by a shared base that is a single story tall in height. Elevator penthouses, located on all three towers, and a large metal sign, located on the southern tower, rise approximately two stories above the roof line.

(2) *Proportion of Building's Front Façade.* The Whittier is comprised of three interconnected towers sharing a single-story base. The front (east) façades of each individual tower somewhat taller than wide. The building as a whole, when viewed from the front (east) façade, is approximately twice as wide as it is tall. The north façade is somewhat wider than tall. The south façade of the southern tower is somewhat taller than wide.

(3) *Proportion of Openings Within the Façade.* The front (east) façade of the two northern towers is composed of approximately forty percent (40%) openings. The front (east) façade of the southern tower is composed of approximately thirty-five percent (35%) openings. The original main entrance of the Whittier is centered in the base shared by the two northern towers. This entrance is composed of three tall arches filled with double doors and windows. Nine bays of six-over-six sash windows are spaced equally across the front of each of the two northern towers, the first floor windows having segmental arch tops. The end bays above the first floor of the two northern towers have paired four-over-four windows. The north and south elevations of the two northern towers feature six-over-six windows paired in the end sections, and equally spaced across the entire elevations. Tall, equally spaced arched windows run across the front (east) and south elevations of a projecting, hip-roofed base level that connects the southern tower to the two northern towers. The southern tower's main (east) entrance consists of a rectangular door opening with transom flanked by a pair of tall, rectangular, mullioned windows. Centered in the south face of the base are five evenly spaced, rectangular window openings. The remainder of the base on the east and south elevations, and on the southern end of the west elevation, has large arched window openings in each bay. The window openings throughout the south building are regularly spaced and contain windows with transom openings in a variety of configurations.

(4) *Rhythm of Solids to Voids in the Front Façade.* A regular rhythm of solids to voids is created by a grid-like arrangement of window openings, which are placed one over the other, floor by floor, on all elevations. This pattern is varied on the first floor of the southern tower, where arched window openings are somewhat

wider and taller, and thus fewer in number, than on the upper floors. The building's original main entrance, located directly between the two northern towers, also features somewhat wider and taller door openings, as does the entrance at the base of the southern tower.

(5) *Rhythm of Spacing of Buildings on Streets.* A regular rhythm is created by the even spacing of the building's three towers.

(6) *Rhythm of Entrance and/or Porch Projections.* The entrance into the northern towers is centered on the front (east) façade of their shared base, and projects slightly from the façade. It opens onto a raised landing from which four steps descend to Burns Drive. An entrance near the center of the front (east) façade of the southern tower does not project from the façade. An entrance at the base of the southern tower at the southeast corner of its façade projects several feet, and is located several steps above Burns Drive. Secondary entrances exist on the building's south, west, and north elevations.

(7) *Relationship of Materials.* Limestone and brick are the principal materials of the building exterior. The first story of the building, along with the second story of the two northern towers, is faced entirely with limestone. The two northern towers, above the second story, are faced primarily with red-brown brick, with the end bays on each tower highlighted by limestone facing. Terra cotta faced sections of the southern tower exist at the third and fourth floors of the central bay and the thirteenth and fourteenth floors on the east (front) and south façades. Limestone is used for trim, including belt courses, entablatures, moldings, and coping, on the entire building. Architectural elements and details including columns, pediments, and urns are cast or carved stone. Windows, not original to the building, are aluminum. The hip roof that projects over the building's base is clad in clay tiles on the east elevation, and asphalt shingles on the south elevation.

(8) *Relationship of Textures.* Brick laid in regular courses set in mortar contrasts with the smoother texture of the limestone facing on the building's two northern towers. Additional textural interest is added by rustication applied to the limestone facing on the lower two stories of the northern two towers. On the building's southern tower, terra cotta and limestone trim are at once smoother in texture and richer in detail than the rougher face brick which covers a majority of the wall surface. Decorative limestone trim around the building's entrances and first floor windows is especially rich in texture.

(9) *Relationship of Colors.* On the two northern towers, brick in slightly varying shades of red-brown contrasts with gray

limestone facing and trim. On the southern tower, lighter gray terra cotta and limestone trim contrast with beige-colored brickwork. The building's rooftop sign is painted a bright red. The hip roof that projects over the building's base is clad in deep red shingles and tiles.

(10) *Relationship of Architectural Details.* The two identical northern towers of the Whittier are Neo-Classical in style, with the lower two floors connected by a rusticated limestone base, and an entrance comprised of three tall arches filled with double doors and windows. The arches are separated by Corinthian pilasters supporting an entablature, with the word "WHITTIER" carved into the frieze, which is just below a projecting limestone belt course that runs around the entirety of the two northern towers. Above this belt course the third floor windows are trimmed in limestone with molded cornices. The top floor of each of the two northern towers rests on a limestone trim course that runs across the façade and around the sides of the end bays. The top floor of each of the two northern towers is topped with a projecting limestone entablature with dentil molding, surmounted by a short, brick parapet wall with limestone coping. The southern tower is connected to the northern towers by a projecting, hip-roofed base level, stone-faced, and one tall story in height. An entrance at the southeast corner of the front (east) façade of the southern tower projects slightly, and is flanked by fluted Corinthian pilasters supporting an entablature with the word "WHITTIER" carved into the frieze, surmounted by a broken pediment bearing an urn in its center above the doorway. On both sides of this entrance are tall windows flanked by additional fluted Corinthian pilasters supporting an entablature, upon which sit cast or carved stone urns above the end pilasters. The center seven bays of the south side of the base of the southern tower have a short parapet wall, fluted Corinthian pilasters separating the bays, a window surmounted by a carved medallion in each bay, and arched doorways in the two end bays. The door bays of this south entrance repeat the broken pediment and carved urns of the entrance at the front (east) façade of the southern tower. Elsewhere, the front (east) and south elevations of the base of the southern tower have large arched window openings in each bay, with the end bays flanked by pilasters supporting a carved urn relief. Directly above the southeast entrance of the southern tower, terra cotta facing exists on the third and fourth floors of the central bay. On all elevations, the thirteenth and fourteenth floors of the southern tower have slightly projecting sections faced with terra cotta, topped by bro-

ken pediments, and underlined by decorative terra cotta brackets. Above the fourteenth floor windows, a decorative entablature supports central broken pediments with urns.

(11) *Relationship of Roof Shapes.* The building's towers culminate in flat roofs which are not visible from the street. Projecting elevator penthouses also feature flat roofs. The building's single-story portion is mostly flat-roofed, with a hip roof bearing asphalt shingles on its south elevation, and a hip roof bearing clay tile on its east elevation.

(12) *Walls of Continuity.* The three interconnected towers of the Whittier create a wall of continuity along Burns Drive.

(13) *Relationship of Significant Landscape Features and Surface Treatments.* The Whittier is located on a gently sloping parcel adjacent to the Detroit River. A majority of the open space to the north of the building contains a paved parking lot bounded by a low brick wall of serpentine shape that is not an original feature of the site. To the east of the building, a semicircular driveway provides vehicle access from Burns Drive to an entrance near the center of the front (east) façade. The semicircular driveway is enclosed by a concrete block wall that varies between three and six feet tall. A majority of the open space to the south of the building consists of now-vacant land, formerly landscaped with a grassy lawn and numerous trees. Two boat wells are located at the southern end of the property on the Detroit River. No significant lighting fixtures or street furniture exist.

(14) *Relationship of Open Space to Structures.* Relatively large open spaces exist within the district, to the north and south of the building, providing a significant setback from both East Jefferson Avenue and the Detroit River. Burns Drive, comprising the eastern boundary of the district, separates the Whittier from the relatively large adjacent open space of Erma Henderson Memorial Park.

(15) *Scale of Façade and Façade Elements.* The Whittier is a large-scale multi-unit residential building, consisting of three large towers connected on their first floor. Large-scale architectural elements, such as full story arcades of windows, monumental entrances, and limestone- and terra cotta-faced upper story sections are ornamented with small to moderate sized urns, broken pediments, and other classical details.

(16) *Directional Expression of Front Elevation.* The Whittier is primarily vertical in directional expression, but this is balanced by an aesthetically distinct, single-story base, as well as by string courses on the building's upper levels.

(17) *Rhythm of Building Setbacks.* Not applicable due to single building district.

(18) Relationship of Lot Coverages. The footprint of the building occupies approximately fifteen percent (15%) of the district land area, consisting of four parcels.

(19) Degree of Complexity Within the Façade. All façades are regular in massing and fenestration. A somewhat greater degree of complexity defines architectural features such as the pilasters and entablature surrounding the building's front (east) entrances and its south entrance, as well as a denticulated cornice wrapping around the building's two northern towers, and pedimented sections of terra cotta on the thirteenth and fourteenth floors of the southern tower.

(20) Orientation, Vistas, Overviews. The primary façade of the Whittier is oriented east toward Burns Drive, the north-south street that defines the eastern boundary of the district. The building's original and current main entrances face Burns Drive. Additional entrances exist on the south, west, and north elevations. Due to the height of the building and its placement with respect to the open space of the surrounding area, the Whittier is clearly visible from a great distance from several directions: from Erma Henderson Park to the east, from the Detroit River to the south, and from the west via East Jefferson Avenue.

(21) Symmetric or Asymmetric Appearance. Each of the building's two northern towers occupy an I-shaped footprint and have a symmetrical appearance on the east (front), south, west, and north elevations. The building's southern tower occupies a T-shaped footprint and has a symmetrical appearance on its south elevation. The building as a whole has an asymmetrical appearance due to the differences in size, massing, color, and texture between its southern and two northern towers.

(22) General Environmental Character. The Whittier is an architecturally significant, multi-unit residential building situated on Burns Drive, at the center of a long block extending from East Jefferson Avenue to the Detroit River. The district exists within the broader context of Detroit's Gold Coast, a series of high-rise residential buildings interspersed with parks and open space that runs along the Detroit River. The area is almost entirely residential in character.

**Section 2.** All ordinances or parts of ordinances, or resolutions in conflict with this ordinance are repealed.

**Section 3.** This ordinance is declared necessary for the preservation of the public peace, health, safety, and welfare of the people of the City of Detroit.

**Section 4.** If this ordinance is passed by a two-thirds (2/3) majority of City Council Members serving, it shall be given immediate effect and shall become

effective upon publication in accordance with Section 4-116 of the 1997 Detroit City Charter; otherwise, it shall become effective in accordance with Section 4-115 of the 1997 Detroit City Charter.

**AN ORDINANCE to amend Chapter 25, Article II of the 1984 Detroit City Code by adding Section 25-2-177 to establish the Zion Congregational Church of God In Christ Historic District, also known as 2135 Mack Avenue, and to define the elements of design for the district.**

IT IS HEREBY ORDAINED BY THE PEOPLE OF THE CITY OF DETROIT THAT:

**Section 1.** Chapter 25, Article II, of the 1984 Detroit City Code be amended by adding Section 25-2-177 to read as follows:

**Sec. 25-2-177. Zion Congregational Church of God In Christ Historic District.**

(A) A historic district to be known as the Zion Congregational Church of God In Christ Historic District is hereby established in accordance with the provisions of this article.

(B) This historic district designation is hereby certified as being consistent with the Detroit Master Plan.

(C) The boundaries of the Zion Congregational Church of God In Christ Historic District, also known as 2135 Mack Avenue, are as shown on the map on file in the office of the City Clerk, and are as follows:

On the west, the west line of Lot 148 of St. Aubin's Subdivision as recorded in Liber 6, Page 74, Wayne County Records; on the north, the centerline of the east-west alley lying between Dubois Street and St. Aubin Avenue; on the east, the east line of Lot 147 of St. Aubin's Subdivision as recorded in Liber 6, Page 74, Wayne County Records; and on the south, the centerline of Mack Avenue. (Legal Description: Land in the City of Detroit, County of Wayne and State of Michigan, being Lots 147 and 148 of St. Aubin's Subdivision of Out Lots 33, 36 & 37 of the Subdivision of the St. Aubin Farm, City of Detroit, Wayne County Michigan, T.2S., R.12E., as recorded in Liber 6, Page 74, Wayne County Records, also known as 2135 Mack Avenue).

(D) The defined elements of design, as provided for in Section 25-2-2 of this Code, shall be as follows:

(1) *Height.* The building is two full stories tall on a full basement. The height of the façade is approximately sixty (60) feet to the peak of the front gable.

(2) *Proportion of Building's Front Façade.* The front façade of the building is slightly taller than it is wide. The overall

visual impression of the façade is distinctly vertical due to a triangular parapet wall.

(3) *Proportion of Openings Within the Façade.* The building is composed of approximately ten percent (10%) openings in its front façade. The openings are arranged in three (3) bays, with the central bay containing three (3) one-over-one sash windows on the first and second floors and two (2) one-over-one sash windows on the basement level, and with each outer bay containing a single, arched, double door opening on the first floor and a single opening, containing a pair of one-over-one sash windows, on the second floor. Six (6) bays of windows exist on each of the building's side elevations: with each bay on the east side contains a fixed, single-pane window on the first and second floors, while each bay on the west side contains paired one-over-one sash windows on the first and second floors with the exception of the northernmost bay, which contains paired one-over-one sash windows on the second floor and a single, steel door on the first floor. Four (4) bays of windows exist on the building's rear elevation, with each bay containing paired one-over-one sash windows on the first and second floors.

(4) *Rhythm of Solids to Voids in the Front Façade.* A regular rhythm of solids to voids exists on the building's façade, side elevations, and rear elevation, with openings placed one over the other by floor.

(5) *Rhythm of Spacing of Buildings on Streets.* Not applicable due to single building district.

(6) *Rhythm of Entrance and/or Porch Projections.* Stairways project forward from each of the building's two (2) front entrances. The stairways descend parallel to the street, converging on slab of poured concrete raised a single step above grade. Arched openings on the side elevations of each staircase provide access to basement doors.

(7) *Relationship of Materials.* The main material of the building is common bond brick. Stone is used sparingly for window sills, decorative geometric panels, a cornerstone, and a coping at the roofline. The space within the semicircular arched area containing the three (3) central windows on the second story is finished with stucco. Steel handrails along porch entrances were added some time after the building's completion. Vinyl windows and glazed aluminum doors and transoms are recent replacements of the building's original steel windows and wooden doors. The building is roofed with asphalt shingles.

(8) *Relationship of Textures.* A majority of the building's wall surface is clad in relatively smooth brickwork and mortar joints. The building's windows, doors, decorative stone panels, and stucco are also relatively smooth in texture. The asphalt

shingles on the roof do not generally contribute to the building's textural interest. On each of the building's side elevations, bricks beyond the southernmost bay are somewhat rougher in texture than bricks on the façade.

(9) *Relationship of Colors.* The building's bricks are orange in color. The limestone window sills, panels, cornerstone, and coping are gray in color. An expanse of stucco on the second floor is beige in color. On each of the building's side elevations, bricks beyond the southernmost bay are orange in color and somewhat darker than bricks on the façade.

(10) *Relationship of Architectural Details.* The façade is three (3) bays wide, the central bay defined by its being recessed approximately three (3) inches beneath a subtle brick semicircular arch resting on brick impostes and piers. The space within the arch is finished with stucco above the level of the second story window sills, contrasting significantly with the otherwise brick surface of the building. This semicircular arch is surmounted by a stone, lozenge-shaped panel centered within the roof gable. Centered on the façade between the first and second floors, a somewhat larger stone panel bears the words "CHURCH OF GOD IN CHRIST." The outer bays are adorned with raised rectangular brick panels between the first and second floors, their frames consisting of a rectangular area bounded by header and rowlock bricks and square limestone corner panels, within which is centered a diamond-shaped limestone decoration. The triangular shape of a parapet wall with limestone coping is interrupted by several angular notches. A building-mounted, internally-illuminated sign projects perpendicularly from the building façade between the first and second stories, and is located east of center on the façade. On each of the building's side elevations, a brick pier exists between each bay of windows. In general, the building is sparse in architectural details.

(11) *Relationship of Roof Shapes.* On the façade, the roof is not visible from directly in front of the building due to a short parapet wall topped by a stone coping which projects upward along the roofline. The gable-front roof is visible from either side. A simple, brick slope chimney is flush with the building's rear wall.

(12) *Walls of Continuity.* Although this is a single building district, the Zion Congregational Church of God In Christ forms a brief wall of continuity along Mack Avenue with a somewhat smaller building immediately to the west.

(13) *Relationship of Significant Landscape Features and Surface Treatments.* The building occupies most of its site and does not contain any landscaping, street furniture, or other significant landscape

features. A ramp of wood frame construction extends from the east entrance and turns ninety (90) degrees to descend along the east elevation. A chain link fence encloses the area beneath the ramp.

(14) *Relationship of Open Space to Structures.* The south elevation of the building is adjacent to the public sidewalk. The east elevation of the building is adjacent to an adjoining parcel containing an asphalt parking lot. The north elevation of the building is adjacent to a paved alley. Along the west elevation of the building lies a grassy area approximately five (5) feet wide.

(15) *Scale of Façade and Façade Elements.* The façade of the building is approximately half as wide as the building's side elevations. Decorative elements on the façade, such as stone panels and a brick arch with impostes and piers, are relatively small in scale, leaving a majority of the wall surface as unadorned brickwork.

(16) *Directional Expression of Front Elevation.* The front expression of the building is vertical in expression due to the building's forward-facing gable and due to the vertical nature of the façade's recessed central bay.

(17) *Rhythm of Building Setbacks.* The plane of the building's façade is set back approximately five (5) feet from the public sidewalk to accommodate the building's paired front stairways.

(18) *Relationship of Lot Coverage.* The building, including its front stairways, occupies approximately ninety percent (90%) of its lot.

(19) *Degree of Complexity Within the Façade.* The front façade is regular in its massing and fenestration and relatively austere in its detailing; therefore, it has a low degree of complexity.

(20) *Orientation, Vistas, Overviews.* The building is oriented to the south toward Mack Avenue. The building's paired main entrances open onto Mack Avenue.

(21) *Symmetric or Asymmetric Appearance.* The appearance of the front façade of the building is symmetrical in appearance.

April 21, 2010

Honorable City Council:

Re: Petition Number 2136 — Request for City Council Approval for the Issuance of a Michigan Liquor Control Commission Entertainment Permit to Watt's Club Mozambique, Inc., for an Existing Group "D" Adult Cabaret at 8402-8406 Fenkell Avenue

**BACKGROUND**

Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), requires that, prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance permit, entertainment permit, or a combination dance and entertainment permit, an establishment licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of the local legislative body of the municipality within which the premises is located.

Pursuant to this requirement, the MLCC has forwarded to this Body a Local Approval Notice, Request ID Number 416227, which has been designated by the City Clerk as Petition Number 2136. This Local Approval Notice requests City Council approval of a request by Watt's Club Mozambique, Inc. ("Permit Applicant"), for the issuance of an entertainment permit in conjunction with the transfer of all stock in a "Class C" liquor license at 8402-8406 Fenkell from existing stockholder Cornelius Watts, deceased, to new stockholders Gloria Swinton Franklin, Roselyn Hurley, and Johnna Cheek, and simultaneously transfer all stock from the new stockholders to new stockholder Three Sisters of Detroit, LLC.

Buildings and Safety Engineering Department ("B & SE") records for 8402-8406 Fenkell Avenue indicate that "Night Club" use was established for the location under Permit No. 57894, issued April 25, 1979. B & SE Business License Center records indicate that the location has been previously licensed by the City as a Group "D" Adult Cabaret. Section 5-2-1 of the 1984 Detroit City Code defines a Group "D" Adult Cabaret as an establishment open to the public which sells or serves alcoholic beverages with or without food, and provides entertainment that is distinguished or characterized by an emphasis upon, or a relation to, specified anatomical areas or specified sexual activities, as also defined in Section 5-2-1. Pursuant to Section 5-2-21 of the 1984 Detroit City Code, a Group "D" Adult Cabaret business license is required for any establishment to operate as an adult cabaret. Therefore, the new stockholders have applied for a Group "D" Adult Cabaret business license for the location in accordance with Sections 5-2-1 and 5-7-21 of the 1984 Detroit City Code by

virtue of the land use rights indicated in the B & SE permit and the aforementioned license history.

**APPROVAL CRITERIA**

The City Council Procedures and Criteria for Michigan Liquor Control Commission Permits ("Procedures and Criteria") became effective upon publication on August 25 2009. Part VII of the Procedures and Criteria provides that any request pending prior to the effective date of the Procedures and Criteria shall be processed the same as a petition received after the effective date. Part VI of the Procedures and Criteria states that City Council shall grant the Permit Applicant's request for approval of the issuance of an MLCC permit unless one or more of the eleven (11) specified criteria are not met by the Permit Applicant. Pursuant to Part V of the Procedures and Criteria, the designated MLCC Permit Coordinator ("Coordinator") has submitted a report to the City Council, the City Planning Commission, and the Law Department concerning the approval criteria contained in Part VI of the Procedures and Criteria. A copy of the Coordinator's report, dated January 15, 2010, has been mailed to the Permit Applicant.

A review of the Coordinator's report indicates that the Permit Applicant has met the approval criteria contained in Part VI of the Procedures and Criteria, except for Approval Criteria Nos. 9 and 11. Approval Criterion No. 9 concerns unpaid fees or uncured violations under the purview of B & SE for the subject premises. Specifically, B & SE reported to the Coordinator that a Certificate of Compliance was necessary, that there were existing violations of the Michigan Electrical Code, and that there were outstanding fees for the location. Approval Criterion No. 11 concerns unpaid fees or uncured violations under the purview of the Fire Department related to the subject premises. Specifically, in its report to the Coordinator, the Detroit Fire Marshal Division recommended denial of the request for approval pending payment of an unpaid inspection fee in the amount of one hundred and six dollars (\$106.00).

**RECOMMENDATION**

Upon notification of the aforementioned deficiencies in the approval criteria, the Permit Applicant has obtained a Certificate of Compliance, issued March 16, 2010 by B & SE, and paid the delinquent B & SE and Fire Marshal Division fees for the location. Further, the Permit Applicant has corrected the outstanding violations of the Michigan Electrical Code.

Therefore, attached is a proposed resolution approving the issuance of an entertainment permit by the MLCC to the Permit Applicant, Watts Club Mozambique, Inc., for 8402-8406 Fenkell

Avenue. Further, the Law Department recommends that the proposed Resolution be moved to the Committee of the Whole for its action.

If there are any questions or concerns, please do not hesitate to contact our office.

Respectfully submitted,  
 KRYSTAL A. CRITTENDON  
 Corporation Counsel

Re: Petition No. 2180 — Kotz, Sangster, Wysocki and Berg, P.C., request for outright vacation alleys in the area of Magnolia, Selden, Humboldt and 18th.

Petition No. 2180 of "Kotz, Sangster, Wysocki and Berg, P.C." whose address is 400 Renaissance Center, Suite 3400, Detroit, Michigan 48243 on behalf of the Salvation Army request the outright vacation of the North-South public alleys, 20 and 16.80 feet wide, and the East-West public alley, 14 feet wide, in the block bounded by Selden Avenue, 50 feet wide, Magnolia Avenue, 50 feet wide, Humboldt

Avenue, 60 feet wide, and 18th Street, 60 feet wide. This request is necessary for the construction of the Salvation Army's Acres of Hope, Men's Emergency Shelter and Transitional Housing campus expansion.

The request was approved by the Planning and Development Department, the Solid Waste Division — DPW, and the Traffic Engineering Division — DPW. The petition was referred to the City Engineering Division — DPW for investigation (utility clearance) and report. This is our report.

AT&T Telecommunication reports aerial fiber cable along south side of Selden and telephone drop wire within the requested vacation area that service 3700 Humboldt. If fiber cable and telephone drop wire needs to be relocated and/or removed please contact AT&T CWO Group at 1-888-901-2779 to obtain removal and/or relocation cost.

DTE Energy Electric Division reports an estimated cost of \$25,735.00 for the removing and/or rerouting of such services.

The Public Lighting Department (PLD) reports PLD has an arc circuit going from Selden towards south in the alley ending at Magnolia. PLD also has a duplex feed running in the same alley to feed the lamps in the requested area. Removal and relocation of PLD facilities estimated cost is \$4,000.00. Please note that the above figure is only a tentative estimate based on the project scope of work as it appears at present.

Detroit Water and Sewerage Department (DWSD) report there are existing sewers located in the alleys request to be vacated. However, DWSD has no objections to the requested vacation provided that the petitioner owns all the property in the requested area and the petitioner agrees to relocate any street drainage connected to the existing sewers located in the alleys at no cost to DWSD.

All other city departments and private utility companies have reported no objections to the changes of the public rights-of-way. Provisions protecting utility installations are part of this resolution (if necessary).

I am recommending adoption of the attached resolution.

**RESOLUTION  
IN MEMORIAM  
FOR**

**REV. DR. BENJAMIN LAWSON HOOKS**  
By COUNCIL MEMBER WATSON, Joined  
By COUNCIL MEMBER SPIVEY:

WHEREAS, Rev. Dr. Benjamin Lawson Hooks was Executive Director of the

National Association for the Advancement of Colored People (NAACP) and is the first African American board member of the Federal Communications Commission, and

WHEREAS, Rev. Dr. Benjamin Lawson Hooks, the fifth of seven children, was born in Memphis, Tennessee in 1925 to Robert B and Bessie Hooks. Hook's father and uncle ran a successful photography business. His grandmother, a musician who graduated from Berea College in Kentucky, was the second African American female college graduate in the nation. With such evidence of success and hard work as his personal examples, Hooks was encouraged to do well in his studies and to prepare for higher education, and

WHEREAS, After high school, Hooks studied pre-law at LeMoyne College in Memphis. He successfully completed that program and then served in the army during World War II (1939-45) guarding Italian prisoners. He realized that in Memphis, these prisoners would have more rights than he did. When he left the army he continued his studies at Howard University and at DePaul University Law School in Chicago, Illinois — no law school in the south would admit him. He returned to the south to aid in the Civil Rights Movement rather than establish a practice in Chicago. He recalled a Jet magazine, "At that time you were insulted by law clerks, excluded from white bar associations and when I was in court, I was lucky to be called 'Ben.' Usually it was just 'boy.'" In 1949, Hooks met a teacher named Frances Dancy and in 1952 the couple were married, and

WHEREAS, In 1956 Rev. Dr. Hooks became a Baptist Minister and he joined the Southern Christian Leadership Conference (SCLC) an organization that worked to gain equality for African Americans. He pastored Greater New Mount Moriah Baptist Church in Detroit, Michigan from 1964-1994 and was Pastor Emeritus until 2010. He also became a bank director and the cofounder of a life insurance company. After several attempts to be elected to public office, he was appointed to serve as a criminal judge in Shelby County, Memphis in 1965. He thus became the first African American criminal court judge in the State of Tennessee. The following year he was elected to the same position, and

WHEREAS, Rev. Dr. Hooks took part in many civil rights protests. He served on the board of the SCLC and became a life member of the National Association for the Advancement Colored People (NAACP). He was a leader of many NAACP-sponsored boycotts and sit-ins in restaurants that refused to serve African Americans. In spite of his shyness Hooks became a skilled orator whose quick wit

and sense of humor delighted audiences. He also served as the moderator of several television shows discussing issues of importance to African Americans,

WHEREAS, Rev. Dr. Hooks was so often in the public eye that Tennessee Senator Howard Baker submitted his name to President Richard Nixon for political appointment. Nixon had promised African American voters that they would be treated fairly by the broadcast media. Thus, in 1972 he named Hooks to fill an opening on the Board of the Federal Communications Commission (FCC). Benjamin and Frances Hooks soon moved to Washington, D.C. Frances Hooks served as her husband's assistant, advisor and traveling companion, giving up her own career as a teacher and guidance counselor. She told Ebony magazine, "He said he needed me to help him. Few Husbands tell their wives that they need them after thirty years of marriage, so I gave it up and here I am. Right by his side." And

WHEREAS, He also spoke out on behalf of increased employment opportunities for all and the complete removal of U.S. businesses from the apartheid regime in South Africa. He told Ebony magazine, "Black American are not defeated...The Civil Right Movement is not dead. If anyone thinks we are going to stop agitating, they had better think again." THEREFORE BE IT

RESOLVED, That the City of Detroit acknowledges the larger-than-life legacy of the Honorable Rev. Dr. Benjamin Lawson Hooks and we thank him for sharing his extraordinary gifts as a Pastor and Civil Rights Leader with Detroit, The nation and the world. We pay homage to his wonderful wife, Frances Dancy Hooks and his adoring family. "Freedom Waters will roll down the Hills of Righteousness... Go Tell It!" Rev. Dr. Benjamin Lawson Hooks.

#### **RESOLUTION IN MEMORIAM FOR**

#### **MILTON SMITH ANDERSON**

By COUNCIL MEMBER WATSON:

WHEREAS, On August 16, 1929, God gave life to Milton Smith Anderson, son of Daisy Murdock and Willie E. Anderson, Sr. He was born in Shreveport, LA, the fourth child and fourth son born to this union. He had a very unique position in the family and everyone expected a lot from him. He was an inquisitive boy and showed early intelligence. Being too small for sports, Milton directed his interest towards science and math. While at River Rouge High School, he was forced to choose between two majors, Science and Math. Since he excelled at both, he chose to double major and got straight A's, and

WHEREAS, In June of 1948, Milton joined the United States Army to serve his country. Milton was selected for the prestigious Military Occupation Specialist position. Milton served at the Kitzingen Military Post in Germany and on his first day of duty was immediately promoted to Corporal. On Re-enlistment for a second tour, Milton received the rank of Master Sergeant before being Honorably Discharged in 1954, and

WHEREAS, After the War, Milton took a two-year course in Electrical Engineering and Electronics at Lawrence Institute of Technology. He assisted with the design work of such landmarks as Cobo Hall, the Edsel Ford (I-94) Expressway, and various projects in the Department of Streets and Lighting in downtown Detroit, and

WHEREAS, In 1966, Milton left the City of Detroit to pursue his computer interests. Hearing about an opportunity at Parke, Davis and Company he left the City of Detroit to advance himself in this new technology. Milton was the first African American professional hired by Parke Davis and quickly moved up the ranks. Milton became fluent in the programming languages; Assembler, Fortran, Basic, and Cobol. While there, the Department of Treasury came to inquire about setting up an IRS Data Center in downtown Detroit. Milton was tasked with training these new people, and as a result, was hired away to run the new IBM Mainframe Systems at the IRS Data Center, and

WHEREAS, During his tenure at the Data Center, Milton noticed that African Americans were not being advanced so he decided to hold programming classes in his basement for any individual who wanted help. Co-workers of all races soon came to these evening classes taught with a blackboard and student seats. Those students advanced and more came in their places. It was a full time training center in the Anderson basement. Milton went on to retire in 1989. After retiring, Milton continued to donate time and

money to worthy organizations. He founded his own computer company "Milts Micro Data Processing Service" which helped small businesses with their computer needs during a time when this was unheard of, and

WHEREAS, Milton and his wife Geneva are the proud parents of seven wonderful children; Larry, Daryl, Gwen, Cheryl, Derrick, Donald and Dwayne. NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council hereby expresses its heartfelt sympathy to Milton Smith Anderson's wife Geneva and his children, for his many years of outstanding dedicated services in the City of Detroit.

### Invocation

I gratefully stand before this council with adoration and sincere humility, as I submit this invocation of prayer. To Charles Pugh Council President and the members of this honorable council.

Father, in the name of Jesus we pray that this body of men and women who represent the voters voice of this great city, Detroit. Lord let us acknowledge the cries of our city and it's necessities as we move towards a healthier, stronger, improved city, now Father I pray with your guidance for their unity, knowledge, strength and combined wisdom.

According to the word of God in Proverbs chapter 24:3-4, through wisdom is a house build and by understanding it is established and by knowledge shall the chambers be filled with all precious and pleasant riches. Father we thank you for allowing them to succeed in this difficult task that they must face to recover our city. **MISCELLANEOUS**

20. Mary F. Vangieson, Resource Recovery Coordinator, Land Resource Management Division, Wayne County, submitting report regarding County Sponsored Household Hazardous Waste Collections. Adopted as follows:

Yeas — Council Members Brown, Cockrel, Jr., Jenkins, Jones, Kenyatta, Spivey, Tate, Watson, and President Pugh — 9.

Nays — None.

**PUBLIC COMMENT**

**PASTOR CHARLES YOUNG:** Good morning to the President of this Honorable Council and to all Council Members. Question, there were several Clergy that have purchased buildings from the City, not realizing the conditions of those buildings and have not been given a timeframe to put them together. Because they weren't put together in a timely manner, they were taken by the County for taxes. Who can we be directed to for information on that. We are told that there is a law but no one is able to direct us to or produce the law. If this situation happens again we can go to other Clergy and let them know that there is a timeframe for getting the buildings rehabilitated before it goes into a status of being taken away.

The buildings were purchased under a tax exempt status but yet they are being taxed.

**MR. MARCELL TODD — City Planning Commission:** We would be more than willing to work with the Pastor to get the details.

**MR. WILLIAM COPELAND:** I am here with others from the United States Social Forum asking for your support for our opening march scheduled for June 22nd. Detroit was chosen as the site for the 2010 Social Forum because Detroit is a City of Freedom. I have been getting emails from India, Haiti, Sinogog, Mexico, and South America. We have International Guest coming from throughout the world to participate in this United States Social Forum and we do know that years from now people will say that I participated in this Social Forum March.

**LARRY WIGGINS:** We would like to seek an exception to the requirement for a bid bond on a contract that recently bided by the Finance Department. ETC spent the last couple of months trying to get approval of a renewal of this same contract that we have performed for nearly five (5) years and when we couldn't get that, the project was re-bid and ETC was the low bidder. One of the reasons why we didn't have the bonding is because the City has already owed us \$13,000.00 for nearly six months and we thought that would supersede the requirement for \$5,000.00 Bid Bond. We were the low bidders on the contract. If awarded that contract, we could save the City \$250,000.00 in the first year and nearly \$1.1 million dollars over the duration of the contract. ETC has performed numerous contracts and has the necessary clearances and eligibility to do work with the City; and I have documents that the bid tabulation.

**NORMAN THRASHER:** I think people who represent the Mayor's Office misrepresent the Mayor's Office because I don't think that he knows that ETC won't get a contract with the City because of something of a so-called lawsuit eight years ago. When other people in the building have suited the City and won and no one said anything about it; so then no one is in default except this one African American Company, ETC. We want to make things right so that we can get jobs for our people in the City of Detroit. On the front page of all the newspapers they say Jobs, Jobs, Jobs but there is nobody offering jobs except ETC. Something is wrong if nobody wants ETC to get jobs for the people.

**QUINTIN WILLIAMS:** Spoke in support of the United States Social Forum being held in the City of Detroit.

**MEMBER WATSON:** I'm in shock that a department has recommended denial of something that was previously approved by every department and the City Council last year. I WOULD LIKE TO MOVE, WITH THE UNDERSTANDING THAT TWENTY-TWO THOUSAND PEOPLE, THOUSANDS ARE ALREADY HEADED TO DETROIT, ALREADY HAVE MADE THEIR HOTEL AND PLANE RESERVATIONS, THAT THE COUNCIL REAFFIRM ITS SUPPORT FOR THIS BY VOTING TODAY TO SUPPORT THIS AND ALL ASPECTS, INCLUDING THE MARCH INTO COBO. I SO MOVE.

**MEMBER JENKINS:** Support.

**PRESIDENT PUGH:** It's been moved and supported, is there a discussion? Okay, so here is what we have to do; we have to follow the rules; first of all. It's still in committee so we need five votes to bring it out of committee. The first motion would be to bring it out of committee.

**MEMBER WATSON:** I would like to move to bring it out of Committee.

**PRESIDENT PUGH:** It has been moved. Is there discussion?

**MR. KAMAU MARABLE — Mayor's Office:** Through the President, the communication from the Department, there are some timing issues along with the date; there are some serious issues. The Police Department is not denied it on a very narrow scope. They are not against the event but we have some timing to work out to have those personnel over here today.

**PRESIDENT PUGH:** This issue is scheduled for Tuesday at one o'clock, in the Public Health and Safety Standing Committee. The Chair says that someone from the Police Department will be there and clearly they will work it out. The Motion on the table to bring it out of Committee, what are we going to do with that Motion?

**MEMBER COCKREL:** I do think the Committee should be allowed to do its work; even though I stand by what I just said. I respectfully ask that the maker of that Motion withdraw it.

**MEMBER WATSON:** If you vote it down, let's be on record as voting it down.

**PRESIDENT PUGH:** We will be on record of allowing the committee to work it out, which is the way we do thing here.

**PRESIDENT PUGH:** All in favor...this is the Motion to take it out of Committee. All in favor, Yea: Opposed Nay. Okay, it will stay in committee.

**MAUREEN TAYLOR:** Spoke in support of the United States Social Forum.

**MARIAN KRAMER:** Spoke in support of the United States Social Forum.

**REV. BILL WYLIE KELLERMANN — Pastor of St. Peters Episcopal Church and also co-chairing the Faith and Spirituality Committee of the US Social Forum:** to make sure that the communities of faith and spirit in this City are participating fully in what is going to be a powerful event.

**DIANNA COPELAND:** Detroit was chosen as the site because it's the epicenter of the economic and ecological crisis; because of the jobs crisis and because of the environmental injustice that occurs here. But also, because it is seen as a city of Grass Roots Solutions and we want to show that to the world. We want to show the positivity and electricity that is Detroit. An exciting and marvelous March down Woodward to open the United States Social Forum, on June 22nd would do that. The world is looking to us for solutions.

**OYA AMAKISI:** We have a segment called Detroit Expanded and for the people who can't make it here, we're making a space for them to see the beauty in our City; we're going to tell our own stories. We have hubs set up in Venezuela, and Brazil, and Cuba, and Mexico, and South Africa and Osaka, Japan; people are coming together as a community to view what's happening here. We have artist from all over the world that are coming on their own dime to the City of Detroit because we're not paying to participate because they understand that this is the time, we are the people, and we have the solutions. This is beauty that we want to showcase in Detroit.

**ATTORNEY BILL GOODMAN:** It's a great honor to speak on behalf of the United States Social Forum on behalf of the National Lawyers Guild in alliance with the US Social Forum, which is going to be an incredibly energetic and dynamic event. There are legal considerations and this Body is one of those institutions that does uphold the Constitution of the United States and the 1st Amendment. As we see it, yes, the Police Department certainly is appropriate for it to place reasonable time, place manner restrictions on expressions of Free Speech but it often happens that when we are dealing with protest movements and we are talking about Social Activist, those movement tend to have more restrictions and less reasonable restrictions placed on them than others. When we hear, for example, that a March which the Police Department has long been

aware of the date and time is now, at the last minute, going to be disapproved because of a potential rain date conflict. That underscores the potential for unconstitutional action, because it sounds unreasonable, in fact, it sounds per textual. So we urge this Body, and we know you will take these thoughts into considerations.

**EARLENE SHERRER:** I am a member of the United Tenant Council; we live in the Wingate Management Building. I have a package for each of the Council Members of our grievances that we have turned over to HUD, a letter from management and a list of our complaints. We need your help, your commitment to go through our building, which is on Washington Boulevard, State Street; the Griswold Building. The elevators aren't and management is letting the drugs, the crimes, and we are afraid. There's also been retaliation, and we would like a firm commitment for someone from your committee to walk through our building, to make Wingate do what they are suppose to do for us as tenants. So can you help us help ourselves?

**PRO TEM BROWN:** I have made a commitment prior to the meeting with one of your colleagues that my office and myself will do that, I have been to a number of the bedbug committee meetings; I do understand the issues of what's happening in those buildings, being the Commander of the Precinct downtown and we're willing and we will work with you as I indicated to your colleague; we'll make that happen sometimes this week.

**MEMBER KENYATTA:** Also, Neighborhood and Community Services, I believe we're having a meeting at 1 o'clock today; I will not be there but the representative will be there and we are working with them as well.

**PRESIDENT PUGH:** Ms. Sherrer, you have two committees, Public Health and Safety and Neighborhood and Community Services who will be working with you and residents there. We want to thank the children from Fitzgerald K8 School and I will see you on Thursday morning.

**FELIX SIRLS:** Today I'm here representing the North Cass Community Union, we put on the Dally in the Alley, that is held each year. Each year for the last thirty years we've held a Street Fair called the "Dally in the Alley".

**KETEL HUT:** My issue is the lost of DWSD to another entity. I gave this Body paperwork four months ago, I talked about this six months prior to that and now the State has confirmed

that we are fixing our equipment properly, it is falling apart and we are understaffed by about 60%; we are violating as we did in 1976/77 and again in 1986/87. I would like to say again, the same person who was in charge in the 80's when we were in violation and he is in charge again. I need to know who is making these decisions so I have a place where I can cry and complain too.

**MR. WILLIAM BRYCE:** I'm the organizer for Southeast Michigan for Jobs with Justice; we represent over thirty labor, religious and community organization that try to bring together folks around the issue of worker rights. I stand in support of the United States Social Forum March.

**ROCIO VERLERIO:** Supports the United States Social Forum March.

**MOTHER RODELL HOMES:** Prayed for the City Council Members and the City of Detroit.

Honorable City Council:  
 Re: Alejandro Bradley vs. City of Detroit.  
 Case No.: 08-126950 NO. File No.: 003545 (BLM).

We have reviewed the above-captioned lawsuit, the facts and particulars of which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body. From this review, it is our considered opinion that a settlement in the amount of Seventy Thousand Dollars and No Cents (\$70,000.00) is in the best interest of the City of Detroit.

Re: Tisha Prater, Angelica Robinson, Sha-Mar Woods, Kelly Lucy, Jamaica Skender and Julie Krupinski. United States District Court Case No. 08-CV-14339.

On March 22, 2010, this matter was submitted to case evaluation and the panel issued an award of \$300,000 in favor of the six plaintiffs and against the defendants, City of Detroit and the Detroit Police Department. The parties have until April 19, 2010 [May 10, 2010], to either accept or reject the case evaluation. The failure to file a written acceptance or rejection within this period constitutes a rejection. If all parties accept the case evaluation, judgment will be entered in that amount, which includes all fees, costs and interest to the date of judgment. If a party rejects the evaluation, the case proceeds to trial, however the party rejecting the case evaluation must pay additional sanctions if the trial results are not favorable.

**CONSTITUENT ALERT REGARDING PROPOSED STATE LEGISLATION HB 5976 AND SB 1239, AFFECTING THE DETROIT GENERAL RETIREMENT SYSTEM AND DETROIT POLICE AND FIRE RETIREMENT SYSTEM**

By COUNCIL MEMBER JONES:  
The Bing Administration has introduced legislation in Lansing that, if passed,

would strip the City's municipal pension systems, that currently control more than \$5 billion collectively, from local control.

The administration's proposed legislation would authorize the Municipal Employees Retirement System of Michigan (MERS), a private Lansing-based company with no current board members from Detroit, to take control of Detroit's municipal pension systems from their locally elected and controlled Boards.

Council seeks to work cooperatively with the Bing Administration to make improvements to the City's pension systems, without sacrificing local control over them.

Council urges Detroit residents, city employees and retirees to contact these legislators in the Detroit delegation to the State Senate and House of Representatives, and on the House Appropriations Committee and the Senate Pensions Subcommittee, and urge them to oppose recently proposed state legislation (HB 5976 and SB 1239), which would transfer the City of Detroit's pension systems from their locally elected and controlled Boards, and give them to the Municipal Employees Retirement System of Michigan (MERS).

**City Planning Commission**

April 15, 2010

Honorable City Council:  
 Re: Request of Southwest Housing Solutions Corporation/Creative Arts Center LLC to amend Chapter 61, Article XVII, District Map No. 42 by rezoning a portion of the property located at 1759-20th Street from an R3 (Low Density Residential District) to a B4 (General Business District) to allow for the development of a community arts center (Recommend Approval).

**RECOMMENDATION**

At its meeting of December 3, 2009, the City Planning Commission (CPC) voted to recommend to your Honorable Body approval of the rezoning proposal submitted by Southwest Housing Solutions/Creative Arts Center LLC to reflect a B4 zoning classification where there is currently an R3 zoning classification at the property located at 1759-20th Street.

**PROPOSAL**

Southwest Housing Solutions/Creative Arts Center LLC is requesting to amend District Map No. 42 of the Detroit Zoning Ordinance to show a B4 (General Business District) zoning district classification where there is currently an R3 (Low Density Residential District) zoning district classification on property generally bounded by W. Vernor Highway to the north, Bagley Avenue to the south, 21st Street to the west, and 20th Street to the east (*please see attachment showing the location of the site*). The proposed rezoning has been requested to allow for the development of a creative arts center in the building that is known as the former Third Precinct Police Station, which has been closed for approximately three years.

The developer, Southwest Housing Solutions Corporation/Creative Arts Center LLC, plans to redevelop the existing building into a new community arts center that will host space for different types of artists. The developer recently acquired the building and envisions redeveloping it into an arts center that will provide studio space for artists, a gallery for artists to showcase their work, classrooms, and a practice performance venue for artists in theater and fine arts. In addition, the newly developed arts center will also host retail and office spaces along with a small work/retail space for a landscape architect. The Creative Arts Center will work collaboratively with several local community organizations such as the 555

Gallery, Matrix, and Living Arts, to allow artists the opportunity to utilize the resources available at the arts center.

The subject property is located north of the mercado and Michigan Department of Transportation Welcome Center, with Bagley Avenue's commercial area located directly south. There are several vacant commercial buildings located immediately to the north and east of the property, including the vacant Mexicantown community development corporation office building and the Municipal Parking Department building. The site is also in the midst of large areas of vacant residential land. The residential area immediately north of the property has experienced a decline of single- and two-family homes due to early abandonment in the 1970s and 1980s. However, there have been community efforts to maintain the neighborhoods and residential stock in the area south of Bagley between Ste. Anne and 16th Streets.

The area overall has transformed into a more neighborhood friendly commercial area, hosting local businesses and services for the larger southwest Detroit residential community. The Gateway Construction Project is still ongoing, and the pedestrian bridge (located southwest of the subject property), planned to link together the east and west side of the commercial corridor along Bagley, is scheduled to open this spring.

#### **PUBLIC HEARING RESULTS**

The CPC held a public hearing on Thursday, November 19, 2009. No one from the public spoke at the hearing. At the public hearing, several of the Commissioners' comments were geared toward the proposed development for the building. The developer provided more specific detail on the proposed usage for the building, indicating that the building would host offices, gallery space, and that the basement of the building would be utilized for storage and equipment for the artists until it could be completely renovated in the future. The developer also noted that their organization has worked with other community groups and already has commitments from two tenants to occupy the building — a landscape architect who will occupy the 'garage' space of the building as a work/retail area and the 555 Gallery, a non-profit collective of artists. One Commissioner questioned the residential presence in the area, and it was noted that there are approximately six single- or two-family structures north of Vernor and west of Ste. Anne. The subject area, south of Vernor, north of Bagley, and west of Ste. Anne, hosts less than 5 scattered site single- and two-family homes, with the majority of residences located east of Ste. Anne, south of Bagley. Overall, Commissioners' comments or questions were project specific, and many

seemed receptive to the proposed usage of the building.

#### **MASTER PLAN**

The subject site is located within the Hubbard-Richard area of the Neighborhood Cluster 5 of the Detroit Master Plan of Policies. The "Recommended Future General Land Use" shows "Mixed Residential Commercial (MRC)" usage for the subject area in the Master Plan. The Planning and Development Department has determined that the proposed rezoning from R3 to B4 would be consistent with the Detroit Master Plan of Policies.

#### **REDEVELOPMENT PLAN**

The subject site is also located within the Hubbard Richard Redevelopment Area. The proposed zoning map for the Redevelopment Plan shows the subject site to be zoned B4. The Land Use and Development Plan map also shows that the subject property has been designated for mixed use residential and commercial. After analysis of the Hubbard Richard Redevelopment Plan, it appears as if the proposed rezoning from R3 to B4 and the development of the Creative Arts Center would be consistent with the Redevelopment Plan.

#### **ANALYSIS**

The subject property consists of a vacant building situated on one parcel less than one acre in size. The parcel is split into a northern B4 zoning classification and a southern R3 zoning classification. The building, which is proposed to host a creative arts center upon its renovation, is currently situated so that the northern half of the building (facing Vernor) lies within the B4 portion of the parcel while the southern half of the building (garage area) lies within the R3 portion of the parcel. The proposed rezoning from an R3 (Low Density Residential District) to a B4 (General Business District) would allow for the renovation and utilization of the currently vacant building as a creative arts center while simultaneously creating one uniform zoning classification for the parcel. The rezoning would also finally bring this portion of the parcel into compliance with the Redevelopment Plan's proposed zoning and land use map designations. The new classification from R3 to B4 would not result in any non-conforming uses. Art galleries, art studios, and office space, as well as many other service, retail, and commercial uses, would be by-right uses in the B4 district.

The subject area is also located in the Bagley-Vernor Traditional Mainstreet Overlay Area. The Mainstreet Overlay designation promotes high quality development and uses that encourage a street level, pedestrian friendly urban atmosphere. Any potential future change in uses from a creative arts center to an alternative use should maintain compli-

ance with the spirit and purpose of the Traditional Mainstreet Overlay designation, thus ensuring that this area remains a vibrant, pedestrian oriented, and neighborhood friendly commercial community.

**CONCLUSION**

Overall, the proposed rezoning appears to bring proposed land use elements into conformity while promoting development that ensures the continuity of a viable commercial area within Southwest Detroit. The development of a creative arts center, being located within close proximity to the mercado and pedestrian bridge, could also serve as an anchor to attract other residents and businesses to the area and stimulate the local economy.

Attached hereto is an amendatory ordinance, approved as to form by the Law Department. With its recommendation of approval, consistent with Sec. 61-3-80 of the Detroit Zoning Ordinance, the City Planning Commission feels this proposed Zoning map amendment is ready for introduction by your Honorable Body and scheduling of the Charter-mandated public hearing.

**City of Detroit**  
**Brownfield Redevelopment Authority**  
April 22, 2010

Honorable City Council:  
Re: Dickerson Manor Apartments Brownfield Redevelopment.

The enclosed Brownfield Plan for the Dickerson Manor Apartments Redevelopment Project (the "Plan") (Exhibit A), submitted by the Detroit Brownfield Redevelopment Authority Board (the "DBRA") to the Community Advisory Committee (the "CAC"), has been considered and reviewed by the CAC and a public hearing was held by the DBRA on April 8, 2010 to solicit public comments. At its March 30, 2010 meeting, the CAC considered and approved a resolution recommending approval of the Plan by the DBRA and City Council in the form presented by the DBRA.

On April 14, 2010, the DBRA adopted a resolution (Exhibit B) approving the Plan and authorizing the submission of a certified copy of its resolution and the Plan to the City Clerk, together with a request that the Detroit City Council call a public hearing concerning the Plan and to take all other actions to approve the Plan in accordance with Act 381.

The Plan is now presented to the City Council for approval. The Detroit City

Council will, after publication of the notices required by law, hold a public hearing on the Plan. After the public hearing, the City Council shall determine whether the Plan constitutes a public purpose and, if so, may approve or reject the Plan or approve it with modifications.

#### **Project Introduction**

Dickerson Manor/MHT LDHA LP is the project developer (the "Developer"). The plan entails the construction of a three-story building with 66 two-bedroom units which will be reserved for seniors with incomes at or below 60% AMI. The project will be open to all income-qualified seniors, but will be marketed towards, and services will be provided for veterans. Within the building there will be a library, beauty salon, health clinic, athletic center, storage area, craft room and meeting room for residents' use. Additionally the plan calls for landscaping, parking and a gazebo. Total investment for the Plan is estimated at \$8,785,000.

On March 16, 2010, the Developer received an invitation letter from the Michigan Economic Development Corporation (the "MEDC") for a 12.5% Michigan Business Tax (the "MBT") small credit of \$717,854 on an eligible investment of \$5,742,835.

#### **Property Subject to the Plan**

The Property comprising the Plan consists of one parcel located at 722 Emerson Street on Detroit's eastside generally bounded by Dickerson Street to the north and east, Freud Street to the south, and Emerson Street to the west.

#### **Basis of Eligibility**

The Property is considered "eligible property" as defined by Act 381, Section 2 because (a) the Property was previously utilized for residential purposes; (b) it is located within the City of Detroit, a qualified local government unit under Act 381; and (c) the Property is determined to be blighted, as defined by Act 381. An initial determination of blight has been made by the City Planning Commission (the "CPC"). The final determination will be made by the Detroit City Council upon approval of the Plan.

#### **Eligible Activities and Projected Costs**

The "eligible activities" that are intended to be carried out at the Property are considered "eligible activities" as defined by Sec. 2 of Act 381, because they include the preparation of a brownfield plan, environmental assessment activities and demolition. The eligible activities and budgeted costs are intended as part of the development of the Property and will be financed solely by the Developer. The Authority is not responsible for any costs of eligible activities and will incur no debt. It is currently anticipated that construc-

tion will begin in the fall of 2010 and eligible activities will be completed within ten months.

#### **Tax Increment Financing (TIF) Capture**

The Plan will not capture tax increment revenues for financing costs of eligible activities under this Plan. Tax increment financing of the costs of eligible activities under this Plan will not take place and this Plan will not take place and this Plan shall not have a negative impact upon the tax revenues of any taxing jurisdiction in which the eligible property is located.

#### **Other Development Incentives**

The property included in this Plan is seeking additional project support through Low Income Housing Tax Credits and a HUD 221(d)(4) loan.

#### **Comments Received**

The CAC's communication to the City Council and the DBRA, dated March 30, 2010 (Exhibit C), recommending approval of the Plan including the minutes of the public hearing held by the DBRA on April 8, 2010 are enclosed for City Council's consideration.

#### **Authority's Request**

The Authority is respectfully requesting the following actions from the City Council:

**City of Detroit  
Brownfield Redevelopment Authority  
April 22, 2010**

Honorable City Council:

Re: 3169 Woodward Avenue Brownfield Redevelopment.

The enclosed Brownfield Plan for the 3169 Woodward Avenue Redevelopment Project (the "Plan") (Exhibit A), submitted by the Detroit Brownfield Redevelopment Authority Board (the "DBRA") to the Community Advisory Committee (the "CAC"), has been considered and reviewed by the CAC and a joint public hearing was held by the DBRA and the CAC on April 7, 2010 to solicit public comments. At its April 12, 2010 special meeting, the CAC considered and approved a resolution recommending approval of the Plan by the DBRA and City Council in the form presented by the DBRA.

On April 14, 2010, the Authority adopted a resolution (Exhibit B) approving the Plan and authorizing the submission of a certified copy of its resolution and the Plan to the City Clerk, together with a request that the Detroit City Council call a public hearing concerning the Plan and to take all other actions to approve the Plan in accordance with Act 381.

The Plan is now presented to the City Council for approval. The Detroit City Council will, after publication of the notices required by law, hold a public hearing on the Plan. After the public hearing, the City Council shall determine whether the Plan constitutes a public purpose and, if so, may approve or reject the Plan or approve it with modifications.

**Project Introduction**

DCC Community Development Company, LLC is the project developer (the "Developer"). The Plan entails a comprehensive redevelopment consisting of two major components. The first component is the renovation and rehabilitation of a historic automobile service center, located at 3169 Woodward Avenue into retail, potentially as a pharmacy to serve both the general public as well as supporting mental health and substance abuse services provided by Detroit Central City. The second component is the construction of a 1,825 square foot addition onto the back of the existing building, which will be used as office space. Total investment for the Plan is estimated at \$1,038,000.

On February 9, 2010, the Developer received an invitation letter from the MEDC for a 12.5% Michigan Business Tax (the "MBT") credit of \$94,376 on an eligible investment of \$755,010. The Developer is also requesting Tax Increment Financing (TIF) reimbursement of \$30,564.

**Property Subject to the Plan**

The Property comprising the Plan consists of three parcels located at 25-31 Peterboro Street and 3169 Woodward Avenue generally bounded by Peterboro

Street to the north, Woodward Avenue to the east, Charlotte Street to the south and Cass Avenue to the west in Detroit's Midtown Neighborhood.

**Basis of Eligibility**

The Property is considered "eligible property" as defined by Act 381, Section 2 because (a) the Property was previously utilized for commercial and residential purposes; (b) it is located within the City of Detroit, a qualified local government unit under Act 381; and (c) the Property is determined to be a facility or adjacent and contiguous to a facility, as defined by Act 381.

**Eligible Activities and Projected Costs**

The "eligible activities" that are intended to be carried out at the Property are considered "eligible activities" as defined by Sec. 2 of Act 381, because they include the preparation of a brownfield plan, baseline environmental assessment (BEA) activities, due care, additional response activities, demolition, and site preparation. The eligible activities and budgeted costs are intended as part of the development of the Property and will be financed solely by the Developer. The Authority is not responsible for any costs of eligible activities and will incur no debt. It is currently anticipated that construction will begin in the summer of 2010 and eligible activities will be completed within nine (9) months.

**Tax Increment Financing (TIF) Capture**

This Developer desires to be reimbursed for the costs of eligible activities. Tax increment revenue generated by the property will be captured by the DBRA and used to reimburse the cost of the eligible activities completed on the Property after approval of this Plan pursuant to the terms of a Reimbursement Agreement with the DBRA.

**ESTIMATED COST OF ELIGIBLE ACTIVITIES**

1. Phase I and Phase II	\$20,564.00
2. Brownfield Plan Preparation	\$10,000.00
<b>Subtotal</b>	<b>\$30,564.00</b>
3. Authority Administrative Costs	\$13,725.38
4. Local Site Remediation Revolving Fund	\$117,812.61
<b>Total Estimated Costs</b>	<b>\$162,101.00</b>

The costs listed are estimated costs and may increase or decrease depending on the nature and extent of environmental contamination and other unknown conditions encountered on the Property. While these are projections, the estimated costs of eligible activities may exceed the anticipated tax capture. The actual cost of those eligible activities encompassed by this Plan that will qualify for reimbursement from tax increment revenues of the DBRA from the Property shall be governed by the terms of the Reimbursement Agreement.

**Other Development Incentives**

The property included in this Plan is seeking additional project support through historic tax credits.

**Comments Received**

The Committee's communication to the City Council and the Authority, dated April 12, 2010 (Exhibit C), recommending approval of the Plan including the minutes of the public hearing held by the Authority on April 7, 2010 are enclosed for City Council's consideration.

Brownfield Redevelopment Authority

April 22, 2010

Honorable City Council:

Re: Green Garage Brownfield Redevelopment.

The enclosed Brownfield Plan for the Green Garage Redevelopment Project (the "Plan") (Exhibit A), submitted by the Detroit Brownfield Redevelopment Authority Board (the "Authority") to the

Community Advisory Committee (the "Committee"), has been considered and reviewed by the Committee and a public hearing was held by the Authority on April 7, 2010 to solicit public comments. At its March 30, 2010 meeting, the Committee considered and approved a resolution recommending approval of the Plan by the Authority and City Council in the form presented by the Authority.

On April 14, 2010, the Authority adopted a resolution (Exhibit B) approving the Plan and authorizing the submission of a certified copy of its resolution and the Plan to the City Clerk, together with a request that the Detroit City Council call a public hearing concerning the Plan and to take all other actions to approve the Plan in accordance with Act 381.

The Plan is now presented to the City Council for approval. The Detroit City Council will, after publication of the notices required by law, hold a public hearing on the Plan. After the public hearing, the City Council shall determine whether the Plan constitutes a public purpose and, if so, may approve or reject the Plan or approve it with modifications.

Project Introduction

The Green Garage, LLC is the project developer (the "Developer"). The Plan entails a green renovation of a historic abandoned warehouse at 4444 Second Avenue that is on the National Register of Historic Places. The Developer will create a green building showcase and green business incubator with 11,000 square feet of commercial space that will provide office and studio workshop space for approximately eight to ten "green-oriented" businesses. This project will support the formation and growth of green sustainable businesses in Detroit. Green practices for this building include net-zero energy heating and cooling, substantial natural day lighting, no waste construction practices and use of native Michigan plants and habitats. Total investment for the Plan is estimated at \$1,500,000.

On December 21, 2009, the Developer received an invitation letter from the MEDC for a 20% Michigan Business Tax (the "MBT") credit of \$170,000 on an eligible investment of \$850,000. The Developer is also requesting Tax Increment Financing (TIF) reimbursement of \$25,000.

Property Subject to the Plan

The Plan consists of one parcel located at 4444 Second Avenue in Detroit's Midtown area north of Canfield Street and south of Prentis Street with a public alley on the south boundary of the parcel.

Basis of Eligibility

The Property is considered "eligible property" as defined by Act 381, Section 2 because (a) the Property was previously utilized for commercial purposes; (b) it is located within the City of Detroit, a quali-

fied local governmental unit under Act 381; and (c) the Property has been determined to be functionally obsolete as defined by Act 381.

Eligible Activities and Projected Costs

The "eligible activities" that are intended to be carried out at the Property are considered "eligible activities" as defined by Sec 2 of Act 381, because they include the preparation of a brownfield plan, baseline environmental assessment (BEA) activities and demolition. The eligible activities and budgeted costs are intended as part of the development of the Property and will be financed solely by the Developer. The Authority is not responsible for any costs of eligible activities and will incur no debt. It is currently anticipated that construction will begin in the summer of 2010 and eligible activities will be completed within six (6) months.

Tax Increment Financing (TIF) Capture

The Developer desires to be reimbursed for the costs of eligible activities. Tax increment revenue generated by the Property will be captured by the DBRA and used to reimburse the cost of the eligible activities completed on the Property after approval of this Plan pursuant to the terms of a Reimbursement Agreement with the DBRA.

**ESTIMATED COST OF ELIGIBLE ACTIVITIES**

1. Phase I and Phase II	\$ 20,000.00
2. Brownfield Plan	
Preparation	\$ 5,000.00
Subtotal	\$ 25,000.00
3. Authority Administrative Costs	\$ 30,000.00
4. Local Site Remediation	
Revolving Fund	\$209,382.00
TOTAL Estimated Costs	\$264,382.00

The costs listed are estimated costs and may increase or decrease depending on the nature and extent of environmental contamination and other unknown conditions encountered on the Property. While these are projections, the estimated costs of eligible activities may exceed the anticipated tax capture. The actual cost of those eligible activities encompassed by this Plan that will qualify for reimbursement from tax increment revenues of the DBRA from the Property shall be governed by the terms of the Reimbursement Agreement.

Other Development Incentives

The property included in this Plan is seeking additional project support through an Obsolete Property Tax Act (OPRA) Abatement.

**Department of Public Works  
City Engineering Division**

March 24, 2010

Honorable City Council:

Re: Ramzi Najor, requesting a portion of the north/south alley, 120 feet long between Toledo Ave. on the south and Brandon Ave. to the north.

Petition No. 2950 of "Ramzi Najor" request for the conversion of a portion of

the North-South public alley, 17 feet wide, in the block bounded by Junction Avenue, 66 feet wide, Campbell Avenue, 66 feet wide, Brandon Avenue, 50 feet wide, and Toledo Avenue, 66 feet wide into a easement for the utility companies.

The request was approved by the Solid Waste Division — DPW, and the Traffic Engineering Division — DPW. The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report:

City Engineering Division — DPW was made aware of objections from surrounding property owners to the alley closure through Planning and Development Department. The four objection letters on record come from property owners at 5671-77 Brandon Avenue, 5635 Brandon Avenue, 2351 Junction Avenue, and 2343 Junction Avenue. City Engineering investigation findings were that the Petitioner owns 100% of the abutting property to the requested alley closure, and do not prevent/block anyone's access to the rear of their property.

All City departments and privately-owned utility companies have reported no objections to the conversion of the public rights-of-way into a private easement for public utilities. Provisions protecting utility installations are part of this resolution.

City Engineering Division — DPW have attached a resolution for consideration by your Honorable Body.

Respectfully submitted,

MANILAL PATEL

Interim City Engineer

City Engineering Division — DPW

By Council Member Brown:

Resolved, All that part of the North-South public alley, 17 feet wide, lying Westerly of and abutting the West line of Lots 31 through 34, both inclusive, and lying Easterly of and abutting the East line of Lot 30 all in the "Brush Subdivision" of the Southerly 814 feet of the Westerly half of the rear concession of P.C. 260 Lying North of Toledo Avenue Detroit, Wayne County, Michigan, recorded November 8, 1890 as recorded in Liber 14, Page 83, Plats, Wayne County Records;

Be and the same is hereby vacated as a public alley and is hereby converted into a private easement for public utilities of the full width of alley, which easement shall be subject to the following covenants and agreements, uses, reservations and regulations, which shall be observed by the owners of the lots abutting on said alley and by their heirs, executors, administrators and assigns, forever to wit:

First, Said owners hereby grant to and for the use of the public easement or right-of-way over said vacated public alley herein above described for the purposes of maintaining, installing, repairing, removing, or replacing public utilities such as water mains, sewers, gas lines or mains, telephone, electric light conduits or

poles or things usually placed or installed in a public alley in the City of Detroit, with the right to ingress and egress at any time to and over said easement for the purpose above set forth,

Second, Said utility easement or right-of-way in and over said vacated alley herein above described shall be forever accessible to the maintenance and inspection forces of the utility companies, or those specifically authorized by them, for the purpose of inspecting, installing, maintaining, repairing, removing, or replacing any sewer, conduit, water main, gas line or main, telephone or light pole or any utility facility placed or installed in the utility easement or right-of-way. The utility companies shall have the right to cross or use the driveways and yards of the adjoining properties for ingress and egress at any time to and over said utility easement with any necessary equipment to perform the above mentioned task, with the understanding that the utility companies shall use due care in such crossing or use, and that any property damaged by the utility companies, other than that specifically prohibited by this resolution, shall be restored to a satisfactory condition,

Third, Said owners for their heirs and assigns further agree that no buildings or structures of any nature whatsoever including, but not limited to, concrete slabs or driveways, retaining or partition walls, shall be built or placed upon said easements, nor change of surface grade made, without prior approval of the City Engineering Division — DPW,

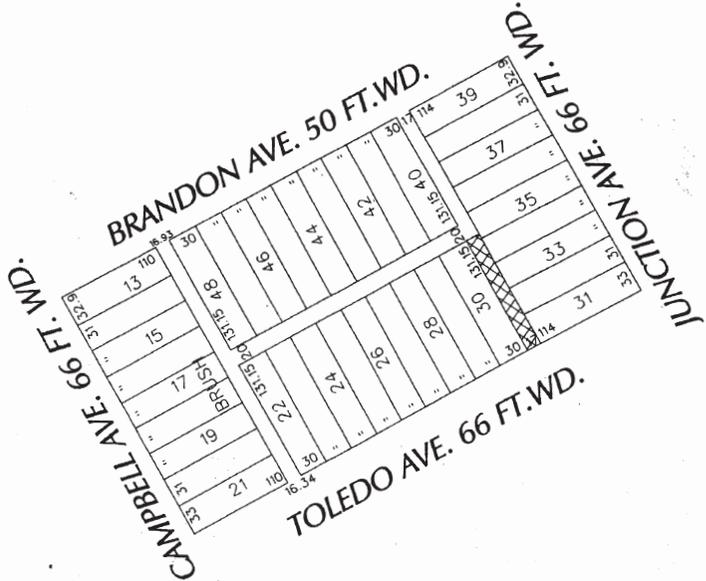

Fourth, That if the owners of any lots abutting on said vacated alley shall request the removal and/or relocation of any existing poles or other utilities in said easement, such owners shall pay all costs incidental to such removal and/or relocation, unless such charges are waived by the utility owners,

Fifth, That if any utility located in said property shall break or be damaged as a result of any action on the part of said owners or assigns (by way of illustration but not limitation) such as storage of excessive weights of materials or construction not in accordance with Section 3, mentioned above, then in such event said owners or assigns shall be liable for all costs incidental to the repair of such broken or damaged utility; and further

Provided, That if it becomes necessary to remove the paved alley return at the entrances (into Toledo Avenue), such removal and construction of new curb and sidewalk shall be done under city permit and inspection according to City Engineering Division — DPW specifications with all costs borne by the abutting owner(s), their heir or assigns; and further

Provided, That the City Clerk shall within 30 days record a certified copy of this resolution with the Wayne County Register of Deeds.

Re: Request permission to accept an increase in the Safe Communities: Underage Drinking Grant for the Fiscal Year 2009/2010.

The Michigan Office of Highway Safety Planning (M.O.H.S.P.) has awarded the Detroit Police Department an additional \$35,000.00, with no cash match, for the "Safe Communities: Underage Drinking Grant." The added funding will increase the overall grant budget from \$120,000.00 to \$155,000.00. The appropriation number for this grant is 12867 and the cost center number is 372185.

The increased funding will allow for payment of personnel overtime wages, as well as the purchase of necessary equipment to be utilized by officers working the enforcement. The goal of the Michigan Office of Highway Safety Planning is to eliminate the underage consumption of alcohol at special events, eliminate adults furnishing alcohol to minors, reduce the

number of alcohol-related traffic crashes and promote community awareness of problems associated with underage drinking. This program emphasizes education, prevention, and enforcement to discourage minors from consuming and attempting to consume alcohol.

Sergeant Pride Henry, of the Central District, will continue to serve as the Project Director.

Acceptance of the award requires the approval of your Honorable Body, via adoption of the enclosed resolution. The Board of Police Commissioners has been apprised and has approved acceptance of the increased funding.

If you have any additional questions or concerns regarding this matter, please feel free to contact me at 596-1800, Monday through Friday, 9:00 a.m. to 5:00 p.m.

**Police Department**

March 9, 2010

Honorable City Council:

Re: Permission to accept a 2010 Competitive Grant from the Michigan Commission on Law Enforcement Standards (M.C.O.L.E.S.).

In July of 2009, the Michigan Commission on Law Enforcement Standards (M.C.O.L.E.S.) accepted competitive grant applications for the 2010 training year, January 1, 2010-December 31, 2010. The Detroit Police Department's Grants and Contracts submitted an application and have now received an award from M.C.O.L.E.S. in the amount of \$37,500.00.

The total grant budget is \$50,000.00. Seventy-five percent (75%) will be funded by M.C.O.L.E.S. (\$37,500.00) and twenty-five percent (25%), or \$12,500.00, will be funded by the City of Detroit and the Wayne County Sheriffs (WCS). Each entity will be responsible for contributing \$6,250.00 to the project. The Detroit Police Department (DPD) will meet the matching requirement (\$6,250.00) by devoting academy staff hours (salary and fringes) to the project's implementation. Second Deputy Chief Tina Tolliver, of Budget Operations, has stated that the twenty-five percent (25%) matching funds are available. The appropriation number for this grant is 13146. Commander Dwayne Love, of the Training Center, will serve as the project director for the grant.

The program is called "Swerve", which stands for "Simulator, Web Enhanced, Responder Vehicle Education." This specialized training will consist of web-based emergency vehicle operation (EVO) training for DPD Officers and Wayne County Sheriffs. Originally, the purchase of driving simulators was a part of the grant application; however, M.C.O.L.E.S. suggested that the purchase of these simulators be sought through a normal 302 funds request. Commander Dwayne Love, of the Training Center, has indicated that DPD's 302 funds allotment from M.C.O.L.E.S. will allow for the purchase of one (1) driving simulator for the Department. Likewise, Wayne County will be submitting a 302 funds request to M.C.O.L.E.S. seeking to purchase one (1) simulator for their Department. At the

grant's conclusion, the simulators, as well as the developed web-based training course, will remain in the possession of each entity.

Participation requires the approval of your Honorable Body, via adoption of the enclosed resolution. The Board of Police Commissioners has been notified and has approved participation of the funding.

If you have any questions or concerns, regarding this matter, please feel free to contact me at 596-1800, Monday through Friday, 9:00 a.m. to 5:00 p.m.

**Member Jenkins:** So moved.

**Member Spivey:** I would like to update the citizens in our City. Thank you for your support of the US Census 2010 Movement; the door to door campaign began this past Saturday May 1st; if you did not complete a form, individual will be coming by your home, it's still not too late to turn it in, if you have one that was mailed to your home you may send that back. Also, you may call in, if you have not filled out the Census Form and we are going to this scrolled on the screen the rest of the day and throughout the week; but the number is 1-866-872-6868.

And lastly, Michigan is the number five (#5) State in the Country with 17% return rate; Wayne County at 72%; and Detroit at 62%; and in 2000 we were at 65%, so we have a long way to go. So please if you have a form, send it back, if not the number will be scrolled on the screen in the days and weeks to come. And for those Census Workers who are here thank you for coming out this morning.

**President Pugh:** I get asked daily, if people are still hiring for the Census.

**Member Spivey:** No.

**Member James Tate:** I want to thank the Administration for honoring the request to have all flags flown at half-staff outside of all city facilities in honor of Officer Brian Huff, who lost his life.

**President Pugh:** Other Council Members who want to give a brief Members Report?

**Member Kenneth V. Cockrel, Jr.:** Not really a member report; and now is probably not the time to discuss it but I think a discussion may need to be set in the Committee of the Whole at some point soon. As it relates to the issue of Mayoral Appointees being placed in Budget; RAD did put out a report last week, I don't know if everyone got a chance to read it but their bottom line is that they deem that this is violation of the Charter. I think that that's an issue that this Council needs to engage; if our staff is telling us that they believe this to be a violation of the Charter and we are all elected to uphold the Charter; the

question is, do we let that slide or do we do something about it? If so what do we do; we need to have a discussion about that. Maybe now is not the time because of the time but I just want to make sure that that's on every bodies mind. I would be curious to know, also from Mr. Smith or whom ever is here from RAD; I did request a week or so ago that the Law Department also opine on this issue as well, be curious to know what the status of their opinion is? Will we be getting that this afternoon?

**President Pugh:** Council Member Kenyatta do you have a concern about that?

**Member Brenda Jones:** I had a vague conversation with Mr. Corley on that and Mr. Whitaker and I think that we can address that in the Executive Session. When we get to the Executive Session and deal with most of the Departments that were put there, were put into place into Executive Session. So I think we can address it then.

**Member Jenkins:** I submitted some questions to the Mayor's Office as it relates to those specific issues and that hearing is tomorrow, as well.

**President Pugh:** So 10:30 tomorrow morning you will be discussing this particular issue?

**Member Jenkins:** That is one of the issues I'd like to discuss as it relates to the Budget; because it was taken out of the Mayor's Budget, which is how you achieve a 20% savings. So I think that should be a part of the Budget discussion with the Mayor's Office tomorrow. And if it is not appropriately address; I agree, we can always address it in Executive Session.

**Member Watson:** On April 11th, a major article written in the Wall Street Journal talked about a very famous Investment Banker named Felix Rohatyn who's a leading Investment Banker during the period of the 60's and 70's; he was 'The Person' responsible for helping to shepherd New York City out of its financial crisis during the Mayor Lindsay Administration. Internationally renowned Investment Banker and Economic Leader has said that major cities that are suffering because of the Wall Street crisis and the implosion in America, need to have an International Monetary Fund based on their city support, revenue support; this is written in the Wall Street Journal. I am going to share this with Mr. Corley, with my colleagues; but I am deeply concerned that the financial leaders in this City, so far, only talk about cuts and downsizing. Now if the leading; this is Wall Street, if the leading Investment Banker on Wall Street, who lead New York City

out of the financial crisis has said in writing that there needs to be an International Monetary Fund to invest in major cities, we need to take that seriously, and we need to do that; and we need to work with that and follow that up and maybe invite him here since some folk in Detroit don't know how to go to President Obama and ask for some money. Perhaps we can do it if Wall Street helps us do it. There is something wrong with this Budget process, if all we're doing is cutting and no one wants to add revenue that our people deserve to do the services that must provide in the City of Detroit. So I am going to distribute this and I am going to ask the Mayor if he'll invite Mr. Rohatyn, even though he's an elder, he's still getting around and he's still writing for Wall Street and is still very much respected; he lead New York City out of the crisis. When I asked the Finance Director had he checked with any other cities and he said no, that should have been a warning call for us. You can't just cut and not do an analysis of what other cities have done to generate revenue. I would urge that we start boarding our scope Mr. President, not just seeing the downsizing, let's add some revenue and some services to this City.

### RESOLUTION IN MEMORIAM FOR

**REV. DR. BENJAMIN LAWSON HOOKS**  
By COUNCIL MEMBER WATSON:

WHEREAS, Rev. Dr. Benjamin Lawson Hooks was Executive Director of the National Association for the Advancement of Colored People (NAACP) and is the first African American board member of the Federal Communications Commission, and

WHEREAS, Rev. Dr. Benjamin Lawson Hooks, the fifth of seven children, was born in Memphis, Tennessee in 1925 to Robert B. and Bessie Hooks. Hook's father and uncle ran a successful photography business. His grandmother, a musician who graduated from Berea College in Kentucky, was the second African American female college graduate in the nation. With such evidence of success and hard work as his personal examples, Hooks was encouraged to do well in his studies and to prepare for higher education, and

WHEREAS, After high school, Hooks studied pre-law at LaMoyné College in Memphis. He successfully completed that program and then served in the army during World War II (1939-45) guarding Italian prisoners. He realized that in Memphis, these prisoners would have more rights than he did. When he left the army he continued his studies at Howard University and at DePaul University Law School in Chicago, Illinois — no law school in the south would admit him. He returned to the south to aid in the Civil Rights Movement rather than establish a practice in Chicago. From 1949 to 1965 he was one of the few African Americans practicing law in Memphis. He recalled in *Jet* magazine, "At that time you were insulted by law clerks, excluded from white bar associations and when I was in court, I was lucky to be called 'Ben.' Usually it was just 'boy'". In 1949, Hooks met a teacher named Frances Dancy and in 1952 the couple were married, and

WHEREAS, In 1956 Rev. Dr. Hooks became a Baptist Minister and he joined the Southern Christian Leadership Conference (SCLC) an organization that worked to gain equality for African Americans. He pastored Greater New Mount Moriah Baptist Church in Detroit,

Michigan from 1964-1994 and was Pastor Emeritus until 2010. He also became a bank director and the cofounder of a life insurance company. After several attempts to be elected to public office, he was appointed to serve as a criminal judge in Shelby County, Memphis in 1965. He thus became the first African American criminal court judge in the State of Tennessee. The following year he was elected to the same position, and

WHEREAS, Rev. Dr. Hooks took part in many civil rights protests. He served on the board of the SCLC and became a life member of the National Association for the Advancement Colored People (NAACP). He was a leader of many NAACP-sponsored boycotts and sit-ins in restaurants that refused to serve African Americans. In spite of his shyness Hooks became a skilled orator whose quick wit and sense of humor delighted audiences. He also served as the moderator of several television shows discussing issues of importance to African Americans, and

WHEREAS, Rev. Dr. Hooks was so often in the public eye that Tennessee Senator Howard Baker submitted his name to President Richard Nixon for political appointment. Nixon had promised African American voters that they would be treated fairly by the broadcast media. Thus, in 1972 he named Hooks to fill an opening on the Board of the Federal Communications Commission (FCC). Benjamin and Frances Hooks soon moved to Washington D.C. Frances Hooks served as her husband's assistant, advisor and traveling companion, giving up her own career as a teacher and guidance counselor. She told *Ebony* magazine, "He said he needed me to help him. Few Husbands tell their wives that they need them after thirty years of marriage, so I gave it up and here I am. Right by his side." and

WHEREAS, He also spoke out on behalf of increased employment opportunities for all and the complete removal of U.S. businesses from the apartheid regime in South Africa. He told *Ebony* magazine, "Black American are not defeated...The Civil Right Movement is not dead. If anyone thinks we are going to stop agitating, they had better think again." THEREFORE BE IT

RESOLVED, That the City of Detroit acknowledges the larger-than-life legacy of the Honorable Rev. Dr. Benjamin Lawson Hooks and we thank him for sharing his extraordinary gifts as a Pastor and Civil Rights Leader with Detroit, The nation and the world. We pay homage to his wonderful wife, Frances Dancy Hooks and his adoring family. "Freedom Waters will roll down the Hills of Righteousness... Go Tell It!" Rev. Dr. Benjamin Lawson Hooks.

## Invocation

In Thee O Lord do we put our trust. O Lord our God ruler of this most immaculate and ordered universe, we call upon you today as we begin this session of City Council. We come on a day in which we have never seen, yet we are to make history before the day ends. We pray for this council, which has been given the task of representing the people of Detroit. These days have been a great time of challenge, yet with your power and presence, much can be done for the people of Detroit. Grant O Lord that in their deliberations and decisions that they would do that which is not easy, but that which is right. Remind them that is was by your appointment that each member has been put in this place to challenge our history, and to create our future. We ask that that new future would be one of prosperity, and possibilities. Yet, let us never forget our past. From the rubble of our past, may we be inspired to make the present count. We pray for members of council and their staff, who work to make this a better place. We pray for our mayor, and his staff, the judiciary, the various departments and our law enforcement agencies. In particular, we pray for the family of Officer Huff, who must now begin their life without him. Give them the opportunity to heal in your own time. We pray for his fellow officers who were wounded in the line of duty. May you bless their homes with your presence and grant them peace even at this time. We pray for his col-

leagues, who must continue to press on despite his loss.

We continue to pray for our city as a whole. Remember, O Lord, those names we may not know but who are giving their lives for the good of the city. We pray for those who sit at the pinnacle of power. We pray for those whose have decided that no good can come from Detroit. May they see the phoenix rise from the ash heap of history. It will be through your guidance and blessings that we will continue to do great things in this city. For that, we thank you. This is our prayer O Lord.

Amen.

**PUBLIC COMMENT**

**Larry Wiggins, Environmental and Technical Controls** — addressed City Council concerning a \$10,000 check his company presented to the Department of Transportation on a proposal to provide bus shelters and amenities for City of Detroit. According to Norman White of the Finance Department, the contract was not signed because Environmental Technical Controls (ETC) was in default and thereby ineligible for city contracts. Mr. Wiggins advised that his company has met with the Finance Purchasing Division under Mr. DuPerry, and there is indication that the allegations are false. The Purchasing Division is now asking that anyone making those accusations should come and speak with them. Since the allegations have been deemed unfounded, Mr. Wiggins believes that the contracts ETC has been pursuing should be awarded.

**Norman Thrasher, Environmental and Technical Controls** — addressed City Council with a complaint that Norman White, CFO for the City and also Chief Negotiator of the Transit Authority, distributed information (bid packages) that brought out 10 different people at a total cost of \$30 million and had them to pay \$3 million each to receive advertising contracts for the Detroit Transit System. Mr.

Thrasher feels that Mr. White has not been working in the best interest of the City of Detroit.

**John Loussia, Detroit Independent Grocers** — spoke in support of the Secondary Employee Initiative for Detroit Police Officers.

**Ms. DuWalsh (no card)** — spoke in support of the Secondary Employee Initiative for Detroit Police Officers.

**Division of Research & Analysis**

May 12, 2010

Honorable City Council:

Re: 2010-2011 Medical, Dental and Optical Plan Rate Schedules for City of Detroit Employees and Retirees.

Pursuant to an inquiry made by Council Member Brenda Jones at the Budget Hearing on May 11, 2010, regarding the legal impact that Weiler vs. City of Detroit (a lawsuit brought on behalf of police and fire retirees against the City over medical benefits) has on the issues currently before Council relative to the newly negotiated benefit rate schedules, RAD has conducted a limited review of the settlement document referenced by the Labor Relations Director, Joseph P. Marinico in his budget presentation before Council, and offers this report. An extensive review was precluded, as time was reportedly of *the essence* for response and covers the limited question of whether the submitted benefit rate proposal comports to the terms of the settlement agreement.<sup>1</sup>

The terms of the Weiler settlement agreement is applicable to the following class of participants:

A. Retired City police officers, firefighters with health benefits through collective bargaining in parity, along with their respective spouses, who are receiving health benefits from the City as a result of their status as retirees and spouses as of April 9, 2007.

B. Retired City police lieutenants, sergeants and investigators and commanders, and City firefighters, with health benefits through collective bargaining in parity according to their respective ranks, along with their respective spouses, who are receiving health benefits from the City as a result of their status as retirees and spouses as of August 1, 2008.

The benefits coverage pursuant to the settlement agreement is for the City to provide the class of participants the healthcare benefits, coverage and plan

options set forth in the City's 2007 Options Booklet, including but not limited to the medical, prescription drugs, dental and vision benefits, coverage and plan options contained in the 2007 Options Booklet, for as long as the class participant is receiving a City pension or as excepted within the settlement agreement.

A review of the "2007 Options Booklet" shows the following benefit options:

**Medical Insurance**

- Blue Cross Blue Shield of Michigan
- Blue Care Network
- Health Alliance Plan
- Total Health Care
- U.S. Health (C.O.P.S. Trust)

**Dental Insurance**

- Blue Cross Traditional Plus
- DENCAP
- Golden Dental
- U.S. Health C.O.P.S. Trust

**Medical Insurance**

- CO/OP Optical
- Heritage Optical
- Spectera Vision
- U.S. Health (C.O.P.S. Trust)

A review of the submitted rate proposal and the settlement agreement's Section V, Pre-Medicare Eligible Class Members (PMCM) shows members of the settlement class who choose to remain in the DPOA Blue Cross/Blue Shield Community Blue Plan will have a zero (\$0) co-premium and the City will pay the monthly premium in full. Subsection 3 provides for members of the class that choose other than the DPOA Blue Cross/Blue Shield Community Blue Plan will pay "a phased-in monthly co-premium obligation that shall be twenty percent (20%) of the total monthly premium as of July, 2011". This co-premium calculation is reflected in the submitted rate proposal. (See Attached Settlement provision Section V).

RAD has not been able to verify all the premium rates are accurate and relies on the veracity of the administration with regard to the proposed premium co-pay amount, however, a limited review of the co-pay premiums of the members of the class participants of the settlement agreement, show that the proposed co-pay rates are in conformance with the settlement agreement, as indicated by the Labor Relations Director.

<sup>1</sup>The Settlement Agreement was approved by Council resolution on April 7, 2009.

Respectfully submitted,  
DAVID D. WHITAKER, ESQ.

Director  
City Council Research and Analysis  
Division Staff

Wayne County Circuit Court Case No.  
06 619737-CK**

copy of his Medicare card which confirms that he has obtained Medicare Parts A and B to continue to receive any Healthcare Coverage under this Agreement.

D. The only exception to this requirement to obtain and maintain Medicare Parts A and B as a precondition to any Healthcare Coverage under this Agreement are those persons who are ineligible for Medicare. (See Section VII below.) But, to qualify for this exception, these persons' ineligibility for Medicare shall be and can only be established by documentation from the U.S. Social Security Administration submitted to the Benefits Administration Office, City of Detroit.

E. Any person who does not establish his ineligibility for Medicare, as required by this Agreement, is not entitled to any Healthcare Coverage under this Agreement. Similarly, any person who is eligible for Medicare but fails to obtain and maintain Medicare Parts A and B is not entitled to any Healthcare Coverage under this Agreement.

**V. PRE-MEDICARE ELIGIBLE CLASS MEMBERS (PMCM)**

**A. DPOA CB PPO Plan**

Subject to the limitations in this Agreement, the City shall provide to all *Pre-Medicare Eligible Class Members* ("PMCM") the opportunity to choose the current Detroit Police Officers Association Blue Cross/Blue Shield Community Blue PPO Plan (hereinafter "*DPOA CB PPO Plan*"), which is described in the *2007 Options Booklet* and specifically identified as Group No. 54731-701.

Subject to the limitations in Section X, PMCM who choose and remain in this *DPOA CB PPO Plan* will have a zero (\$0) co-premium obligation for so long as they receive a City pension or until they become eligible for Medicare.

**B. Other Coverages**

1. At its discretion, the City will also provide all PMCM the opportunity to select the *Other Coverages* described in the *2007 Options Booklet*. Specifically, these *Other Coverages* are:

- *Blue Cross Blue Shield of Michigan (BCBSM) Traditional (Trad)*, Group No. 81100-700, 701;

- *BCBSM Comprehensive Major Medical (CMM)*, Group No. 0436-700;
- *Blue Care Network (BCN) HMO* Group No. 00102824-0011-0003;
- *Health Alliance Plan HMO (HAP)* Group No. 100245 RA and RB;
- *COPS Trust Traditional* Group No. 3210(06); and
- *COPS Trust PPO* Group No. 340(06).

The *Lieutenants and Sergeants Association (LSA) BCBSM Community Blue PPO Plan* Group No. 81097-700 will not be offered.

2. These *Other Coverages* will be provided under the terms described in the *2007 Options Booklet* as modified herein.

3. PMCM, who choose any of these *Other Coverages*, shall pay, subject to Section X, a phased-in monthly co-premium obligation that shall be twenty percent (20%) of the total monthly premium as of July, 2011. The phase-in formula for these *Other Coverages* tracks the twenty percent (20%) phase-in formula contained in the City's *Bulletin* and is as follows:

In July, 2008, the contribution increases by forty percent (40%) of the difference between the previous year's contribution and the target contribution of twenty percent (20%). In July, 2009, the contribution will increase by sixty percent (60%) of the difference between the previous year's contribution and the target contribution of twenty percent (20%). In July, 2010, the contribution will increase by eighty percent (80%) of the difference between the previous year's contribution and the target of twenty percent (20%).

The starting point for calculating all contribution increases described above is the *Rate Sheets*. These *Rate Sheets* identify the 2007/2008 co-premiums for Class Members.

4. After the July, 2011 completion of this twenty percent (20%) co-premium phase-in, PMCM who choose any of these *Other Coverages* will have no further percentage co-premium changes for so long as they receive a City pension. Moreover, these provisions in Sections V(B)(3) and (4) are also subject to the limitations of Section X.

5. The City may, at its discretion, eliminate any of these *Other Coverages* at any time, except for the *BCBSM CMM Plan*, Group No. 04436-700. The only restriction on this exercise of discretion is that the City shall give PMCM reasonable notice and a reasonable opportunity to secure alternative City-provided Healthcare Coverage before it eliminates any of the *Other Coverages*.

STATEMENT BY COUNCIL MEMBER  
GARY A. BROWN ON VOTING YES  
FOR THE 2010-2011 MEDICAL,  
DENTAL AND OPTICAL PLAN RATE  
SCHEDULES FOR CITY OF DETROIT  
EMPLOYEES AND RETIREES

On Wednesday, May 12, 2010, I voted "yes" on the insurance rates proposed for year 2010-2011 for City of Detroit employees and retirees.

The original proposed increase was 14% and the City was able to decrease that amount to 8%. While this is not optimal, it is the most reasonable at this time. Unfortunately, insurance rates are rising and revenues are falling.

My colleagues and I intensely queried the Labor Relations Director about the strengths of his negotiating efforts and whether or not he sought alternatives for the insurance plans currently offered. We were informed that Health Alliance Plan and Blue Cross Blue Shield of Michigan are specifically named in the City's bargaining agreements.

While it would have been my preference for a zero percent increase or even a decrease in the insurance rates, that is not possible now. While voting "yes" this year, I strongly urge the administration to begin early and earnest negotiations for the 2011-2012 insurance rates.

As a retiree from the Detroit Police Department, a current elected official, and most importantly a fiduciary of the City's budget, I believe we must do a better job of seeking to lighten the financial load for active employees and retirees. We must do this while ensuring the City's finances remain solvent at the same time.

So, while it is not by any means my first choice, City Council's passage of these rate increases today will allow ample time for all City of Detroit insurance recipients to make informed decisions based on their personal needs and the plans available before the rate increases take effect on July 1, 2010.

STATEMENT BY COUNCIL MEMBER  
SAUNTEEL JENKINS REGARDING YES  
VOTE ON HEALTH CARE RATE  
SCHEDULES

After thoughtful deliberations, I voted yes today to approve a resolution authorizing the 2010-2011 Medical, Dental and Optical Plan Rate Schedules for City of Detroit Employees and Retirees.

It is a known fact that health care costs continue to rise. As a result, premiums and contributions will continue to rise. The

Executive Branch negotiated lower rates than those initially presented to the City by our insurance carriers. Also, the City's Employee Benefit Board, which includes union and non union employees, signed off on the Health Care rate schedules before they came to City Council for approval. I believe that the reduced rates were in the best interests of the City and our employees.

Based on the latest estimates from our Fiscal Analysis Division, the City of Detroit is facing a deficit of \$124 million. This estimated \$124 million deficit is far too substantial to justify making decisions that result in incurring more costs to the City. Not approving this plan would have cost the City an additional \$1.8 million a year.

It is important to note that delaying a vote on these rate plans would not have changed our contractual obligations and would have denied City employees adequate time to research and select an alternative insurance plan. Therefore, a timely decision on the rate changes was necessary to give City employees an opportunity to participate in open enrollment.

After reviewing all of the facts, I believe my vote today was in the best interests of the employees and residents of the City of Detroit. I will continue to vote based on this principle.

STATEMENT BY COUNCIL MEMBER  
KWAME KENYATTA OF MY VOTE  
AGAINST THE MEDICAL, DENTAL AND  
OPTICAL PLAN RATE SCHEDULES

Today, City Council voted on a resolution authorizing 2010-11 Medical, Dental and Optical Plan Rate Schedules for City of Detroit Employees and Retirees. The vote was 5-4 in favor of the resolution.

I voted no along with my colleagues Council Member Joann Watson, Brenda Jones and Kenneth Cockrel. I voted no because I believe that all of the City's negotiation options had not been exhausted when the proposed 8% increase was offered and accepted by the City.

The City of Detroit represents approximately 20,000 active and retired employees combined. Therefore, a more concerted effort should have been made to leverage the profit incentive that these employees and retirees represent.

The Administration could have for example employed a two-pronged approach whereby simultaneous negotiations between the City, BCBS, HAP and collective bargaining entities could have been engaged with all of those that possess the authority to offer various plans and incentives within labor contracts.

The potential loss of such a large block of employees and retirees by BCBS and HAP has not been wielded effectively,

which has resulted in the City operating from an unnecessary disadvantage. Until this is remedied the City will not get the best bang for its 20,000 employees and retirees' buck.

And the Council then adjourned.

CHARLES PUGH,  
President

JANICE M. WINFREY,  
City Clerk

Eternal and Everlasting God, I come to You today, first to tell You thank You. Thank You for all that You have done and all that You are getting ready to do. Now bless the ones that You have put in office to run this city.

I come to stand in the gap to speak a word for this city. God, I know You to be an omnipotent God, with You nothing is impossible. It was placed on my heart to speak the word of *Restoration* to the City

Honorable City Council:

Re: Address: 12700 Hampshire. Name: Sharard Vaughan. Date ordered removed: July 13, 2005 (J.C.C. pgs. 2197-2199).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on March 26, 2010 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of March 26, 2010.

The proposed use of the property is rehabilitation and rental. This is the 2nd deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four

must be made by petition to City Council through the office of the City Clerk.

Respectfully submitted,  
MICHAEL TAYLOR

Honorable City Council:

Re: Petition Number 3807 — Request for City Council Approval for the Issuance of a New Michigan Liquor Control Commission Dance and Entertainment Permit to Lucky's Detroit, LLC, d/b/a Lucky's Pub & Grille, for a Group "A" Cabaret at 2684-2690 East Jefferson Avenue.

**BACKGROUND**

Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL

436.1916(10)(b), requires that, prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance permit, entertainment permit, or a combination dance and entertainment permit, an establishment licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of local legislative body of the municipality within which the premises is located.

Pursuant to this requirement, the MLCC has forwarded to this Body a Local Approval Notice, Request ID Number 531547, which has been designated by the City Clerk as Petition Number 3807. This Local Approval Notice requests City Council approval of a request by Lucky's Detroit, LLC ("Permit Applicant"), for the issuance of a new dance and entertainment permit in conjunction with a "Class C" liquor license at 2684-2690 East Jefferson Avenue.

Building and Safety Engineering Department ("B & SE") records for 2684-2690 East Jefferson Avenue indicate that the location is zoned SD4 (Special Development District, Riverfront Mixed Use). Pursuant to Section 61-11-228 of the 1984 Detroit City Code, *Detroit Zoning Ordinance*, cabarets and establishments for the sale of beer or intoxicating liquor for consumption on the premises outside of the Central Business District are conditional land uses in an SD4 District. B & SE has indicated in its report to the designated MLCC Permit Coordinator ("Coordinator") that the current legal land uses for the location are "Cabaret A with a Standard Restaurant" under Permit Number 14187, issued October 21, 2009, in accordance with Board of Zoning Appeals Grant Number 166-08 and B & SE Grant No. 37-09. A Certificate of Occupancy for the location was issued by B & SE on November 15, 2009. Therefore, the use of the location for a cabaret with patron dancing or entertainment is permitted at the location subject to compliance with all relevant state codes and City ordinances, including the issuance of the required business license to the Permit Applicant.

Pursuant to Section 5-7-21 of the 1984 Detroit City Code, a Group "A" Cabaret business license is required for any establishment that sells or serves alcoholic beverages with or without food, and either allows dancing with or without live entertainment, or provides three (3) or more live entertainers at one time with or without patron dancing. Accordingly, the Permit Applicant has applied for a Group "A" Cabaret business license for 2684-2690 East Jefferson Avenue.

**APPROVAL CRITERIA**

The City Council Procedures and Criteria for Michigan Liquor Control Commission Permits ("Procedures and

Criteria”) became effective upon publication on August 25, 2009. Part VI of the Procedures and Criteria states that City Council shall grant the Permit Applicant’s request for approval of the issuance of an MLCC permit unless one or more of the eleven (11) specified criteria are not met by the Permit Applicant. Pursuant to Part V of the Procedures and Criteria, the Coordinator has submitted a report to the City Council, the City Planning Commission, and the Law Department concerning the approval criteria contained in Part VI of the Procedures and Criteria. A copy of the Coordinator’s report, dated April 19, 2010, has been mailed to the Permit Applicant.

A review of the Coordinator’s report indicates that the Permit Applicant has met the approval criteria contained in Part VI of the Procedures and Criteria, except for Approval Criterion No. 9. Approval Criterion No. 9 concerns unpaid fees or uncurved violations under the purview of B & SE for the subject premises. Specifically, B & SE reported to the Coordinator that the “Business License process has outstanding fees.” However, subsequent to the submission of the Coordinator’s report, the B & SE Business License Center has advised the Law Department that the Permit Applicant has paid the fee for the issuance of a Group “A” Cabaret license, and the other business licenses required for the location, for License Year 2010-2011.

**RECOMMENDATION**

Therefore, attached is a proposed resolution approving the issuance of a dance and entertainment permit by the MLCC to the Permit Applicant, Lucky’s Detroit, LLC, for 2684-2690 East Jefferson Avenue. Further, the Law Department recommends that the proposed Resolution be moved to the Committee of the Whole for its action.

If there are any questions or concerns, please do not hesitate to contact our office.

Respectfully submitted,

**Resolution for Approval of the Issuance of a New Michigan Liquor Control Commission Dance and Entertainment Permit to Lucky’s Detroit, LLC, for a Group “A” Cabaret at 2684-2690 East Jefferson Avenue**  
 By Council Member Jenkins:

Whereas, Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), requires that prior to the issuance of a Michigan Liquor Control Commission (“MLCC”) dance or entertainment permit, or a combination dance and entertainment permit, a location licensed by the MLCC for the sale of alcoholic beverages on the premises shall

obtain the approval of the local legislative body of the municipality within which the premises are located;

Whereas, Pursuant to this requirement, the MLCC has forwarded to this Body a Local Approval Notice (Request ID No. 531547), which has been designated by the City Clerk as Petition No. 3807;

Whereas, This Local Approval Notice request approval by City Council of a request by Lucky’s Detroit, LLC (“Permit Applicant”), for the issuance of a new dance and entertainment permit in conjunction with a “Class C” liquor license at 2684-2690 East Jefferson Avenue;

Whereas, Building and Safety Engineering Department (“B & SE”) records for 2684-2690 East Jefferson Avenue indicate that the location is zoned SD4 (Special Development District, Riverfront Mixed Use);

Whereas, Pursuant to Section 61-11-228 of the 1984 Detroit City Code, *Detroit Zoning Ordinance*, cabarets and establishments for the sale of beer or intoxicating liquor for consumption on the premises outside of the Central Business District are conditional land uses in an SD4 District;

Whereas, B & SE has indicated in its report to the designated MLCC Permit Coordinator (“Coordinator”) that the current legal land uses for the location are “Cabaret A with a Standard Restaurant” under Permit Number 14187, issued October 21, 2009, in accordance with Board of Zoning Appeals Grant Number 166-08 and B & SE Grant No. 37-09;

Whereas, A Certificate of Occupancy for the location was issued by B & SE on November 15, 2009;

Whereas, The use of the location for a cabaret with patron dancing or entertainment is permitted at the location subject to compliance with all relevant state codes and City ordinances, including the issuance of the required business license to the Permit Applicant;

Whereas, Pursuant to Section 5-7-21 of the 1984 Detroit City Code, a Group “A” Cabaret business license is required for any establishment that sells or serves alcoholic beverages with or without food, and either allows dancing with or without live entertainment, or provides three (3) or more live entertainers at one time with or without patron dancing;

Whereas, The Permit Applicant has applied for a Group “A” Cabaret business license for the location;

Whereas, The City Council Procedures and Criteria for Michigan Liquor Control Commission Permits (“Procedures and Criteria”) became effective upon publication on August 25, 2009;

Whereas, Part VI of the Procedures and Criteria states that City Council shall grant a Permit Applicant’s request for

approval of an MLCC permit unless one or more of the eleven (11) specified criteria are not met by the Permit Applicant;

Whereas, Pursuant to Part V of the Procedures and Criteria, the designated MLCC Permit Coordinator ("Coordinator") has submitted a report to the City Council, the City Planning Commission, and the Law Department concerning the approval criteria contained in Part VI of the Procedures and Criteria, with a copy of the report, dated April 19, 2010, mailed to the Permit Applicant;

Whereas, A review of the Coordinator's report indicates that the Permit Applicant has met the approval criteria contained in Part VI of the Procedures and Criteria, except for Approval Criterion No. 9;

Whereas, Approval Criterion No. 9 concerns unpaid fees or uncured violations under the purview of B & SE for the subject premises and the Coordinator has reported that there are outstanding business license fees;

Whereas, Subsequent to the submission of the Coordinator's report, the B & SE Business License Center has advised the Law Department that the Permit Applicant has paid the fee for the issuance of a Group "A" Cabaret license, and the other business licenses required for the location, for License Year 2010-2011; and

Whereas, The Law Department has submitted this proposed resolution to the City Council Body for the approval of the issuance of a dance and entertainment permit by the MLCC to the Permit Applicant for 2684-2690 East Jefferson Avenue;

Now Therefore It Is Resolved, Pursuant to Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), and in accordance with the Procedures and Criteria adopted by this Body effective August 25, 2009, the Detroit City Council approves the issuance of a new dance and entertainment permit to Lucky's Detroit, LLC, for 2684-2690 East Jefferson Avenue; and

It Is Further Resolved, That a copy of this Resolution, and the City Clerk's certification of this approval of MLCC Request ID Number 531547, be forwarded to the Michigan Department of Labor and Economic Growth, Liquor Control Commission, 7150 Harris Drive, P.O. Box 30005, Lansing, MI 48909-7575, the Detroit Police Department, Liquor License Unit, 7310 Woodward, Detroit, MI 48202, and the Buildings and Safety Engineering Department Business License Center, 105 Coleman A. ## Planning & Development Department

May 3, 2010

Honorable City Council:

Re: Request For Public Hearing Forest Park Rehabilitation Project No. 2  
Development: Parcel 10; bounded by Canfield, vacated Orleans, Superior & Dequindre.

We are in receipt of an offer from Plymouth Educational Center, a Michigan Non-Profit Corporation, to purchase the above-captioned property for the amount of \$300,000 and to develop such property. This property contains approximately 149,850 square feet or 3.44 acres and is zoned M-3 (General Industrial District).

Plymouth Educational Center proposes to use this property to construct a charter high school complex to complement and accompany their K-8 school located northwest of this site. The complex would consist of an approximately 44,000 square feet, two-story, senior high school (grades 9, 10, 11 and 12), an approximately 20,000 square feet gymnasium/ recreation center, a paved surface parking lot for the storage of licensed operable vehicles and landscaping to enhance the overall site. The City of Detroit Master Plan of Policies designates the future land use in the area as INST (Institutional). The area is listed in the Forest Park Rehabilitation Project No. 2 Development Plan as INST/MDR/LI (Institutional/Medium Density Residential/Light Industrial) with proposed zoning PD (Planned Development District). In accordance with the requirements in a PD zoned designation, the proposed use as the site for a charter high school has been presented before and approved by the City of Detroit's Planning Commission.

The site is adjacent to and does not include any portion of the Forest Park recreational area. Existing recreational amenities will remain unaffected and available for community use. In addition, the school's proposed new gymnasium/ recreation center will be made available for community activities. The Forest Park Citizen's District Council was informed of this proposal on November 7, 2007. In addition, a public meeting concerning this proposal was held within the Forest Park Community on March 13, 2008.

The Planning & Development Department has evaluated the proposal from Plymouth Educational Center, a Michigan Non-Profit Corporation and now wishes to move forward with the conveyance of the subject property.

The disposal of this land by negotiation is an appropriate method for making the land available for development.

We, therefore, request that your Honorable Body adopt the attached reso-

lution authorizing the advertising of, and the holding of a public hearing concerning this offer on or after May 27, 2010.

Respectfully submitted,  
WARREN P. PALMER  
Director

April 5, 2010

Honorable City Council:

Re: Petition No. 3846 — Taktix Solutions LLC, request outright vacation of east/west alley located west of Joseph Campau near Chene Street between Franklin Street/north and Wright Street/south.

Petition No. 3846 of "Taktix Solutions LLC" whose address is 211 West Fort Street, Suite 720, Detroit, Michigan 48226, request to outright vacate the East-West public alley, 20 feet wide in the block bounded by Franklin Street, 50 feet wide, Wight Avenue, 50 feet wide, Chene Avenue, 50 feet wide, and Joseph Campau Avenue, 70 feet wide. This request will provide the property owner to renovate a building and construct parking facilities.

The request was approved by the Planning and Development Department, the Solid Waste Division — DPW, and the Traffic Engineering Division — DPW. The petition was referred to the City Engineering Division — DPW for investigation (utility clearance) and report. This is our report.

The Petitioner and/or property owner is responsible to pay all costs associated with the vacation of the said alley as it relates to this development.

All other city departments and private utility companies have reported no objections to the changes of the public rights-of-way. Provisions protecting utility installations are part of this resolution (if necessary).

I am recommending adoption of the attached resolution.

Respectfully submitted,

MANILAL PATEL

Interim City Engineer

City Engineering Division — DPW

By Council Member Brown:

**STATEMENT BY COUNCIL MEMBER  
KWAME KENYATTA ON MY DECISION  
TO VOTE NO ON THE ORDINANCE  
CREATING A DETROIT POLICE  
DEPARTMENT SECONDARY  
EMPLOYMENT PROGRAM**

Today, City Council voted on an Ordinance for the creation of a Detroit Police Department (DPD) Secondary Employment Program. The ordinance was approved by a vote of 5-3. I voted no along with my colleagues Council Members Brenda Jones and Joann Watson.

My opposition to this ordinance derives from several serious pre-existing conditions within DPD, which have thus far been yet to be resolved by the City of Detroit.

The Detroit Police Department remains under two federal consent decrees that were instituted in 2003 by Judge Julian Cook. The consent decrees found DPD liable for excessive force and civil rights violations of prisoners. Furthermore,

Judge Cook called DPD to task for its lack of compliance with regard to the consent decrees less than one year ago on July 16, 2009.

The issue of lax risk management and liability of an already cash strapped city also looms over the approval of this ordinance. An entire cottage industry exists in which attorneys file lawsuits alleging police misconduct and siphon millions from the City of Detroit.

It has been stated that the DPD collective bargaining agreement supersedes this ordinance. Therefore it is highly likely that in an instance where a police officer must defend themselves in court regarding a secondary employment altercation the taxpayers of the City of Detroit will be forced to absorb those costs. Following this logic, an increase in sites that are staffed by Detroit police officers will result in an increase in an already overburdened risk management fund.

Security guards who are currently being employed by businesses throughout Detroit who rely on that one job to sustain themselves and their families will undoubtedly be displaced. Police officers will be preferred to security guards who may then enjoy the benefits of two jobs. Perhaps in another city that does not suffer from nearly one-third of its population being unemployed this may not be a major concern. Unfortunately, Detroit does not have that luxury.

I am also concerned about the safety of police officers that may have to deal with a shortage of backup due to the number of officers who may take advantage of secondary employment. The City of Detroit is already experiencing a high crime wave that is not assisted by the ongoing attrition and retirement of officers without sufficient replacement numbers.

I believe that a secondary employment program will have the unintended consequence of shortchanging certain areas of the city that can already least afford it. The timing of this ordinance is faulty when we receive daily reminders that the City's priority should be protecting its most vulnerable.

**STATEMENT OF DETROIT CITY  
COUNCIL PRESIDENT PRO TEM  
GARY A. BROWN REGARDING "YES"  
VOTE ON ORDINANCE FOR  
DETROIT POLICE SECONDARY  
EMPLOYMENT PROGRAM**

May 18, 2010

Today, I voted "yes" on the ordinance to establish the Secondary Employment program in the Detroit Police Department (DPD). This ordinance expands the existing off-duty employment program to allow police officers to work private security during their off-duty hours.

Last year, I made a commitment to vot-

ers that if I was elected I would make passing the Secondary Employment program one of my priorities during the first year. This ordinance was accomplished in collaboration with my council colleagues, the Bing Administration, DPD leaders, business owners, neighborhood associations, and citizens who stood together today to improve public safety. I would also like to acknowledge the number of people who worked on the ordinance in previous iterations over the past 18 years.

**Neighborhood associations, event producers, businesses and community groups now have the option to hire trained patrol officers with a scout car. I understand not every neighborhood and business can afford to participate in the Secondary Employment program. Secondary employers may use a hybrid system whereby they contract Secondary Employment officers during peak times and general security officers during off-peak hours.**

The activation of the Secondary Employment program will enable DPD to redeploy officers. For instance, the police chief can take into account neighborhoods and businesses that hire off-duty officers through this program and crime data in all neighborhoods. Then, DPD can redeploy on-duty officers based on the greatest need to combat crime knowing that a neighborhood may be more protected than another.

The DPD will collaborate with the unions and the Board of Police Commissioners to develop final policies and procedures. The community will have an opportunity to provide comment at the Board of Police Commissioners hearings.

The Law Department had significant input into the ordinance in order to protect the City's best interests and finances. During the process, best practices from other cities that have used this program successfully, such as Atlanta and Minneapolis, were also included. The ordinance does not supersede any City Code, the City Charter, and collective bargaining agreements. This language is written in the ordinance.

I will monitor the Secondary Employment program to ensure the proper launch and to assess its progress.

**RESOLUTIONS**

**RESOLUTION OPPOSING HB 6045 AND ITS PROPOSED REALLOCATION OF MUNICIPAL BOND AUTHORITY TO THE STATE OF MICHIGAN**

By COUNCIL PRESIDENT PUGH:

WHEREAS, Newly proposed state legislation, HB 6045, provides for reallocation to the state of unused municipal bond authority under federal law. This legislation, if enacted, would allow the State Treasurer to reallocate unused bonding authority from one Michigan community to another; and

WHEREAS, It is unclear if applicable federal laws would permit this proposed transfer of bonding authority and/or capacity under state legislation; and

WHEREAS, Potential fiscal and policy ramifications of the proposed legislation have not been fully explored nor have local municipalities been actively involved or consulted in the drafting of the proposed legislation; and

WHEREAS, The extreme and inherent vagueness of statutory terms contained in the proposed legislation such as "third party nationally recognized bond council," "viability of the project," and "communication from a third party that is responsible

for payment of the bonds;" on their face, cast doubt on the wisdom of local government authorities being required to turn over powers as potentially important as federally authorized bonding authority to the State level. One of the dangers of utilizing vague terms in statutory language is that it can easily result in ambiguity in the application and interpretation of the bill which leads to unbalanced results and a legal challenge; and

WHEREAS, Requirements placed on local governments in the proposed legislation seem to be at least burdensome and quite possibly obstructive. Mandating that the local government pass a resolution, demonstrate and document its intent to use available bonding authority for specific projects, as well as the projects' viability, may be prohibitive particularly when the City is vetting more than one potential project at a time; and

WHEREAS, According to the Michigan Municipal League, other Michigan communities have expressed concern over the impact of HB 6045 and have voiced their opposition to the legislation and to the appropriate elected state officials; and

WHEREAS, The City Council has a vested interest in the City preserving and protecting its ability to issue municipal bonds under federal law and retain its autonomy in funding projects; NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council strongly opposes HB6045 and the transfer of federally authorized local bonding authority to the State of Michigan for reallocation; and BE IT FURTHER

RESOLVED, That the Detroit City Council encourages elected state officials to reach out to the municipalities they represent to discuss HB 6045; BE IT FINALLY

RESOLVED, That a copy of this resolution be sent to the Mayor's Office, Budget and Finance Departments and the Detroit delegation to the Michigan Legislature.

Adopted as follows:

Yeas — Council Members Brown, Cockrel, Jr., Jenkins, Jones, Kenyatta, Spivey, Watson, and President Pugh — 8.

Nays — None.

## PUBLIC COMMENTS

**PHILLIP, T.** spoke concerning proposed additional language to the Consolidated Plan Resolution. Mr. Phillip stated that if administration has access to all of the other funds; run all the programs it wants and not just staff but everything it desires then what is the incentive for the administration to stay on the timeline with the groups? He encourages Council to reconsider and have stronger language that does restrict some of the staff money in other programs that the administration wants to proceed with. He strongly urge Council to look at the proposed language which states "Therefore Be Resolve, that the City Council approves the Consolidated Plan with the understanding that an admendment will be provided to add specific non-profit sub-recipients and with the understanding that HUD will release no funds until the amendment is approved by City Council and submitted to HUD by the Mayor.

**FERRIS, DEBORAH** stated that several groups lost the opportunity to use Block Grant as matching dollars for Grants that were guarantee from the Federal Government to help with Health and Human Services. More groups will lose that opportunity the later this process goes on. It is urgent that this process start moving. The total process change this year has shut down the community input portion of this program. Without the CRC and hearing that the Council has had in the past will not happen; we need you to see that this is held within the process.

**HARNISH, CARRIE, Executive Director of Bridging Communities** stated that they are at the table to help CPC and Planning and Development make this process work for years to come and to perhaps form a committee to look at this process and address any future issue so that it works better in the future.

**CITY COUNCIL PRESIDENT PUGH:** We have plans to meet after we return from the Mackinac Conference with groups of citizens and we would like for you to be a part of that meeting.

## Budget Department

May 6, 2010

Honorable City Council:

Re: Correction of Errors to the 2010-2011 Mayor's Budget (First Errata Letter).

After further review of the 2010-2011 Budget submitted on April 12, 2010, errors and amendments have been discovered which should be corrected. There are two categories of corrections. First, there are "substantive" errors, which must be corrected as an amendment to the Recommended Budget. Second, there may have been typographic and/or data entry errors, which do not affect appropriation totals or budget balancing. The "substantive" corrections will be identified with (\*), and will be addressed in the attached resolution.

### Non-Departmental (35)\*

The following change will increase the allocated amount and show the correct split for the POC Swap obligation. This correction will impact the Agency's total by \$35,556.

Honorable City Council:

Re: Mayor’s Office Fiscal Year 2010-11 Budget Amendments. (Second Errata Letter)

On May 5, 2010, the proposed fiscal year 2010-11 Mayor’s Office budget was presented to your Honorable Body. It was requested that I be given the opportunity to revise the budget for reallocation of expenses associated with my executive staff.

Initially, my team approached compensation funding by utilizing a cost allocation method thereby charging the executive staff to their respective functional group, which would be helpful in having accurate bench marking data and total operating costs per functional area. This was and remains a purely financially driven decision as all positions were clearly represented in the previously submitted budget.

In structuring my Executive Office, I have utilized a business approach, which consist of taking the twenty-four (24) departments, five (5) department divisions, and three (3) of the non-departmental agencies and grouping them according to operational function, overlap of services and resources, and inter-dependency. All executive level staff is responsible for development and implementation of strategies that will ultimately result

in excellent service delivery. In addition, the salaries of all appointees are within the Official Compensation Schedule approved by your Honorable Body.

I respectfully request that your Honorable Body reciprocate the deference given to the legislative branch by this Administration with respect to the selection of staff. I am confident that I have appointed a compliment of executives who possess the knowledge, skills and abilities that I deem necessary to develop and implement strategies to manage the financial crisis currently facing our City.

For your review and consideration, attached is the revised budget, which reflects modifications to payment structures and notes the changes with respect to the Executive Office staff. It must be noted, however, that the revised budget did not have any impact on the City's overall General Fund budget savings.

I look forward to your continued cooperation.

Sincerely,  
DAVE BING  
Mayor

By Council Member K. Cockrel, Jr.:

Honorable City Council:

Re: Schedule B and Itemization of Council Changes to the Mayor's 2010-2011 Proposed Budget.

Attached is voting schedule B for Council action on the 2010-2011 Mayor's recommended budget.

Schedule B lists Council's amendments by agency and appropriation to the Mayor's recommended budget excluding the Block Grant. These changes, in conjunction with the Mayor's recommended budget, reflect Council's priorities for the 2010-2011 Budget.

The Council's cuts of \$31,837,720 allow the appropriation in the budget to fund the prior year's deficit to be increased from \$85,524,708 to \$117,362,428.

Respectfully submitted,  
IRVIN CORLEY, JR.  
Director

**CITY COUNCIL RESEARCH AND ANALYSIS DIVISION****THE DETROIT CITY COUNCIL  
2010-2011 FINANCIAL AND BUDGETARY PRIORITIES,  
PUBLIC POLICY, PLANNING AND ACTION RESOLUTION**

By All Council Members:

Whereas, The Detroit City Council has held hearings with City departments followed by its' own deliberations on the 2010-2011 Budget as prepared by Mayor Bing; and

Whereas, The current fiscal climate has created an urgent need for budgetary cut-backs and restraint, and the Mayor has indicated his budgetary priorities through his Executive Budget which reflect an aggregate \$100,000,000 in budget reductions, when compared to the official City budget of 2009-2010, even though the Mayor acknowledges that his calculations of anticipated revenues and expenditures for the coming fiscal year would leave a projected accumulated deficit of some \$85,000,000; and

Whereas, City Council's Fiscal Analyst has studied the Executive Budget utilizing conservative and fiscally sound accounting principles and determined that after reviewing likely/non-speculative anticipated revenues and expenditures, a truer picture of the accumulated deficit is approximately \$124,500,000 or about one-third larger than the Mayor's estimate; and

Whereas, Historically, the City Council Fiscal Analyst's budgetary calculations have been proven to be more accurate than those coming from the Administration, and based on that record, his calculations will probably be more precise in this current year; if the City Council were to simply accept the Mayor's budget as presented, disregarding the Fiscal Analyst's projection, the City's overall deficit could balloon by as much as \$40,000,000, a result that would be fiscally irresponsible. Based on this concern, the City Council's financial plan for the City seeks to obtain additional cost savings in the City's operations which should translate into further reductions in the City's overall deficit; and

Whereas, City Council is required by law to complete its budget deliberations and submit them to the Mayor no later than May 24, 2010; and

Whereas, On this day, May 21, 2010, the Detroit City Council adopts a program budget that is based on sound and conservative budgetary principles for municipalities, well reasoned financial assumptions and past performances as well as stated goals and projections for City departments, divisions and agencies, and inconsideration of the profound fiscal uncertainties of the current economy and the anticipated revenue reductions from property and income taxes, and federal and state funding sources; and

Whereas, In light of these factors the Detroit City Council, in adopting this budget, has incorporated the fiscal and public policy priorities outlined below in an effort to provide effective, although in some instances reduced, government operations and service delivery to the residents, citizens, institutions and businesses of this City; and

Whereas, The overall reduction in revenue projections for the upcoming fiscal year has necessitated cuts throughout the budget, City Council recognizes that cuts in programs alone cannot accomplish a balanced budget and still provide needed services for the citizens. Therefore, an effort must be made to seek out additional revenue sources, while re-inventing City government through department and program consolidations that provide services in a more cost effective manner; and

Whereas, The City Council is very concerned about some of the departments that are continually operating at a deficit, the City Council requests that the Mayor provide the Council's Fiscal Analyst and the Budget Finance and Audit Standing Committee Chair with monthly financial reports of each department to assist City Council in its efforts to monitor whether they are operating within their budgets. Furthermore, City Council recommends that actions be taken by the Mayor to address those departments operating or projected to operate at a deficit so as to avoid any deficit spending during the fiscal year. Additionally, it is the Council's intent to pursue penalties for violating Section 8-303 of the City Charter which makes it illegal to knowingly authorize expenditure beyond allocated appropriations; and

Whereas, The Legislative Branch is committed to working with the Bing Administration to develop a unified strategy designed to convince the Federal Government that Detroit, with the collapse of the manufacturing core of its economy, is in dire need of a massive infusion of federal aid into the general fund; and

Whereas, Over \$257 million is budgeted for City contractors, who should consider the financial status of the City when making bids for contracts. The City Council strongly urges the bidder to take at least ten percent (10%) off the minimum gross value of the contract. Any contractor that does not agree to reducing its contract with the City by at least ten percent (10%) should be given twenty (20) days notice, when legally and financially appropriate, by the Administration that its services or products will no longer be needed and that it may not be eligible to re-bid, unless that bid reflects a ten percent (10%) reduction; and

Whereas, The City Council disfavors contract extensions and change orders which

reflect additional costs with no additional goods or services consistent with our desire to rein in the costs associated with contracts. Any and all extensions and change orders should also reflect a ten percent (10%) reduction; and

Whereas, The City Council recommends that the contractors should not be paid more than the amount to which they have agreed in the contracts, and therefore financial increases in existing contracts are not acceptable to the City Council; and

Whereas, The City Council recommends that contracts with the City contain legally appropriate warranties to deliver the proper service and product agreed to, with sufficient remedies for the City, including the right to terminate the contract within twenty (20) days if the contractor breaches the contract; and

Whereas, The City Council recommends that former City employees who become contractors with the City and perform the same job at an increase in pay, not be permitted to enter into a contract with the City; and

Whereas, The City Council recommends that renewals of City contracts should not occur automatically, but must be presented to the City Council before continuation; and

Whereas, The City Council strongly urges the Administration to adhere to the privatization ordinance, particularly by not hiring contractors to do the work that City employees can do for less and avert layoffs; and

Whereas, Mayor Bing recommends completely defunding all operations at the Coleman A. Young Municipal Airport for the 2010-2011 fiscal year based on an agreement allowing an outside professional management company to assume all management operations at the airport at *no cost* to the City's general fund. However, this management agreement is not complete. To simply approve the Mayor's plan which calls for a *zero budget* for the airport's operations may require the subsequent acceptance of a management agreement no matter how repugnant it might be. The Council recommends that the budget for this department be restored to \$790,887, which is the funding level reflected in the 2009-10 fiscal year, and that a subsequent budget amendment be brought to this Honorable Body when the completed management agreement has been presented to and approved by City Council; and

Whereas, The Council has serious concerns about the continuing operation of the incinerator and its environmental impact on the community surrounding the facility. Further, in order to increase Citywide recycling, \$600,000 of the reduced funds to GDRRA should be dedicated towards expanding the city's pilot recycling efforts and should include a recycling education and public awareness campaign; and

Whereas, The Detroit People Mover provides important transportation services in the downtown loop area, but has been underutilized, requiring subsidies from the City every year. However, it too must contribute to reducing the City's deficit. The City Council reluctantly reduces its budget by \$500,000; and

Whereas, the Workforce Development Office performs a valuable service to the residents of Detroit during a time of economic upheaval and massive job losses, the council recommends that funds be reprogrammed in the budget for advertising and marketing the services offered through the program so that City residents can take advantage of the education and job training offered by the program; and

Whereas, The City Council recognizes that public safety is of paramount concern and a fundamental component of the quality of life for City residents. However, the cost of police and fire protection constitutes 63% of the net tax cost in the City's overall budget, consequently the deficit cannot be fully addressed without reduction in these departments. The Council therefore reduces the Police Department's budget by \$6,700,000, which reflects a 2% cut in the Department's overall budget. However, City Council strongly encourages the Mayor and Chief of Police to avert layoff of officers and to effectively manage the department's resources in a manner that redeploys police officers from clerical and administration jobs to patrol jobs and to use civilians for clerical and administrative jobs. Council also strongly supports a joint effort on behalf of the Mayor and City Council to make a dedicated appeal to the Federal Government for funding to hire five hundred (500) additional police officers; and

Whereas, The City Council reluctantly determines that a \$3,000,000 reduction in the Fire Department's budget is necessary, which is 2% of the Department's overall budget; and

Whereas, This Council believes that the residents of this City deserve the protection of a robust Fire Department and the need for safety equipment, particularly new fans/ventilation equipment and saws/cutting tools for the ladder trucks was made apparent during Council's budget deliberations. Though a funding source to pay for this equipment could not be found, Council has elected to create a discrete appropriation with \$100,000 that was extracted from within the Mayor's proposed appropriation to the Fire Department to address this specific need. It will be Council's aim to monitor the appropriation throughout the coming fiscal year to determine that the funds are expended in accordance with this goal; and

Whereas, The Council further recommends that the Police Department, Fire Department, community residents, elected officials and business leaders initiate efforts

to keep our City safe, by encouraging organization of neighborhood watch groups, developing youth mentoring and violence prevention programs, as well as other initiatives for community wellbeing; and

Whereas, The City Council urges the Board of Police Commissioners to restore the stenographer position and continue recording proceedings of the Board's meetings as soon as possible, and further recommends that the Charter Commission consider restructuring the manner in which commissioners are appointed to provide for two to be appointed by the Mayor, two by the Council, and one joint member; and

Whereas, The Council has grave concerns regarding lead poisoning in homes in the City of Detroit, the Council strongly urges the Planning and Development Department to continue its on-going efforts of remediation and prevention services for lead abatement. City Council also recommends the City seek to consolidate similar services provided by the Detroit-Wayne County Health Authority in an effort to leverage resources while continuing to provide necessary services; and

Whereas, Animal Control has been a persistent problem in the City, particularly the understaffing of animal control officers and the lack of availability of those officers after 4:00 p.m., and the Council's past efforts to increase the number of animal control officers have not been effectuated by the Administration, The Council strongly encourages the Department of Health and Wellness Promotion to reassign its existing animal control officers to provide coverage through 8:00 p.m. on weekdays; and

Whereas, The Human Resources Department is charged with assuring that the workforce needs of the City are met; however, the slowness of the process leaves essential positions unfilled for inordinate periods of time. The City Council encourages the department to achieve additional efficiencies in its operations and determines that a four percent (4%) reduction is appropriate; and

Whereas, The Human Rights Department serves a vital role in protecting the rights of our employees, citizens and contractors that transact business with the City by investigating complaints of unlawful discrimination and securing the rights of citizens to service from City government without discrimination, the City Council rejects the Mayor's proposed transfer of positions to the Planning and Development and Finance Departments, and restores the affected positions, and the corresponding salary amounts to the Human Rights Department; and

Whereas, The Council encourages the Information Technology Services Department to achieve additional efficiencies in its operation and reduces its proposed budget allocation in the amount of \$3.5 million; and

Whereas, The Corporation Counsel/Law Department is responsible for providing legal services and representation for the entire municipality and the Department has been significantly reduced in size over the past few years, the Council reduces its budget allocation by one and one-half percent (1.5%) to eliminate the four lawyer positions that are currently vacant; and

Whereas, The City Council recognizes the important role of the Corporation Counsel in representing the City of Detroit, the City Council urges the Charter Commission to revise the charter so that the Corporation Counsel is selected and discharged by both the Mayor and the City Council for cause; and

Whereas, The City Council recognizes that the Mayor has the right to appoint executive assistants to help him carry out the statutory and Charter mandated obligations required of him, however his initial attempt to transfer them out of the Mayor's Office into various departments did not reflect the line of authority articulated in the Charter, and cannot be financially sustained by anticipated revenues based on questionable accounting principles. Therefore, the City Council accepts the Mayor's budget amendment moving fourteen (14) executive assistant positions back to the Executive Office and restoring \$1,971,476 into the Mayor's Office budget; and

Whereas, The City Council reduces the Mayor's budget by an additional \$1 million dollars; and

Whereas, The 311 Call Center, created to improve service delivery, has consistently failed to live up to its promise, serves merely as a complaint center and the source of much frustration on the part of citizens, the Council recommends that the division be defunded and their function transferred to the Neighborhood City Halls to ensure that citizen complaints are not only received but acted upon by the appropriate agency in a timely manner, or the resources should be reallocated to the departments where complaints can be effectively resolved; and

Whereas, The Administration has submitted an Executive Reorganization Plan that seeks to reassign the functions of Media Services from the Cable Communications Commission to the Mayor's Office and carries out those wishes in his executive budget, however, in doing so the Mayor has changed the Cable Communication from an agency governed by appointees from both the City Council and the Mayor, to a department exclusively under the control of the Mayor's Administration without first amending or repealing the City Code that created the present governing structure. Further, to transfer all of the functions, appropriations, and the FTEs are premature, as no transfer of

functions or FTEs can be implemented without an ordinance amendment. Therefore, the City Council has reallocated the funds designated by the Mayor as follows: \$1 million of the total \$2.3 million appropriation will be used to offset the accumulated deficit. \$879,951 will be restored to the ITS budget; and the balance of \$436,990 will go to the Cable Commission; and

Whereas, The 36th District Court has 25-35 full-time positions that are vacant, the Council recommends that those positions be removed from the court's budget. Further the Council is aware that the court continues to operate at a deficit in violation of the charter and state statutes, the Council recommends that the court submit a monthly report to the internal Operations Standing Committee which shows that they are staying within their budget; and

Whereas, The City Council recognizes the important role that supervised and organized recreational activities play in keeping all citizens healthy and preventing youth from juvenile delinquency. City Council recognizes the need for opening and maintaining recreation centers in the City, due to the City's budget deficit the Council does not have the resources to fund the centers that have been closed. Council therefore recommends that the Recreation Department staff mount an all out effort to locate and assist various non-profit and community organizations to form partnerships and collaborations to open and maintain recreation centers throughout the City. Further the Council appeals to the churches in the City to open their doors during the summer months and provide activities and a safe haven for the youth who live in their neighborhoods; and

Whereas, The Northwest Activities Center is managed by a non-profit entity and the Administration has represented that this is the last year that it will require a City allocation for its operation, the Council reduces the Mayor's proposed allocation to \$150,000; and

Whereas, The Department of Administrative Hearings (DAH) is a relatively new City department having come into being only a few years ago following the enactment of certain State enabling legislation. Upon its creation, it was touted as a revenue-generating department, whose operation would pay for itself and not burden the general fund. The Department has consistently asserted that its code-enforcement efforts have been effective in reducing blight throughout the City; and

Whereas, The Mayor has budgeted \$1,786,245 for the DAH's operation. However, given the City's overall fiscal condition, it has been determined that the appropriation to DAH will be reduced to \$832,546, which reflects the anticipated revenue stream that is to flow to the department from its operations during fiscal year 2010-11. This department is encouraged to increase its efficiencies and should its operation produce higher revenue than anticipated, Council will entertain and would look favorably upon a budget amendment to add this *new* revenue to the department's overall appropriation; and

Whereas, City Council recognizes the importance of a Homeland Security Department, the Council recommends that the department launch an aggressive effort to obtain federal funding. Further, the Council recommends that the department develop an emergency plan and present that plan to Council; and

Whereas, The General Services Department was recently created with a goal of centralizing some municipal services in support of operating departments; the Council recommends that the Department seek to increase its efficiencies and therefore reduces its budget allocation by \$9,100,000; and

Whereas, The Board of Zoning Appeals serves a vital function in assuring that land use in the City is consistent with the spirit and intent of the City's zoning ordinance, and the Mayor's budget proposes elimination of the assistant director of the Board's small staff. The Council restores the position of assistant director because it is a working position integral to the work of the Board; and

Whereas, The City Clerk has certain charter-mandated functions relative to scheduling City Council meetings and other proceedings, such as recording of minutes, keeping records of ordinances and resolutions. The City Council restores one position, of the junior assistant committee clerk to the City Clerk's office in the amount of \$70,000 for the purpose of allowing the Clerk to meet her Charter obligations; and

Whereas, The successful management and reduction of the high volume of paper flowing to and from the City Clerk's office can be streamlined by implementing technological applications; these proposed applications have been recognized by the Clerk and Council to be a time saving and cost-efficient way to handle the vital business relationship between these two elective offices. This coming fiscal year a greater emphasis and effort will be placed upon both branches to find technological advancements so that information is transmitted to Council electronically; and

Whereas, City Council has reduced its overall budget by \$1,000,000. The budget of City Council's Research and Analysis Division (RAD) and City Planning Commission (CPC) is reduced by this amount and reallocated to the eight individual council office budgets, not including the council president's office budget; and

Whereas, Council Members Brenda Jones and Kwame Kenyatta oppose this method of reallocation and anticipate a request to transfer these funds back to RAD and CPC; and

Whereas, Council President Pro Tem Gary Brown intends to take the funds added to his office budget under the reallocation of the City Council budget and transfer these funds to the Police Department; and

Whereas, Salaries of City workers and council members have stayed static over the last several years, Council recommends that a comprehensive analysis of the White Book be conducted to determine whether salaries are appropriate and competitive for the duties and functions performed; and

Whereas, Council recommends that an audit be conducted regarding City issued cell phones with attention directed toward insuring all cell phone contracts are for active employees only. Furthermore, as a cost saving measure, some consideration should be given to eliminating all City-issued cell phones; and

Whereas, The City Council in addressing non-essential staff expenses, recommends reducing car stipends by \$150,000 out of various budgets that comprise \$375,000 which will leave stipends available for 11 elected officials, City department directors and City Council division directors only, thereby eliminating stipends for deputy directors and other appointees (eliminating 17 stipends); and

Whereas, There is the need for greater efficiency and synergy in the delivery of services within the City of Detroit, City Council urges the Administration to explore a merger of the Health and Wellness Promotion Department with the Human Services Department, as well as combining the Information Technology Services Department with the General Services Department. It is further recommended that the Administration look to reduce the number of departments in order to streamline services to our citizens; and

Now, Therefore Be It

Resolved, That the 2010-2011 Budget of the Detroit City Council include the following legislative budget priorities, policy and planning actions:

1. That the City Council adopts Schedule A, City Council changes to the Community Development Block Grant/NOF funds.

As we come to the end of this budget process, I am proud to have been at this table with dedicated public servants and committed council members who have taken this process very seriously and have proceeded in a manner of great professionalism.

As Council President, I know that expectations were high, with many withholding judgment of this honorable body, waiting until this very moment when we would approve the city's budget.

Because of the diligence of each council member and the dedication of our respective staffs, I firmly believe we have sent a strong message about our willingness and ability to reclaim the financial responsibility for our city.

Colleagues, I would just like to thank you for changing the way people view our leadership in the City of Detroit. Progress is being made!

Today, as we prepare to return a balanced budget to the Mayor, countries, states and cities all over the world are struggling to do the same.

Every state in our union, with the exception of Montana, is currently dealing with a budget deficit. States like California, Illinois and our own state have been hard hit by the economic realities of the market, with Michigan's budget deficit estimated to reach \$660 million in 2011.

I recently went to the National League of Cities Conference and met with council presidents and other local legislators from L.A., D.C., Chicago and many other cities. I was told time and time again they're also being forced to make the same tough decisions that we are making today.

I say this to point out that we must begin to define Detroit's problems in more global and universal terms. The financial woes we face as a city are shared all over this world and are reflections of one of the worst economic downturns in our world's history.

This is also the very reason why the eyes of the world are on Detroit. They are looking to us this time for leadership.

Our unique blend of challenges offers us the opportunity to demonstrate to the rest of the world how overwhelming obstacles can be overcome.

We realize that this will not happen overnight. It's our first of many budgets this new leadership will approve and it must be our focus and goal to improve this process substantially with each time we do it.

I commend Mayor Bing for giving this council a balanced budget. His proposed budget gave us a sufficient framework by cutting \$100 million out of the budget.

After years of accounting mafeasance and budgetary dishonesty, it is admirable that the Mayor appears to have provided council with arguably the most accurate budget accounting this honorable body has received in years.

Yet, with all the Mayor has done, it is the concern of this council that it did not go far enough.

Our Fiscal Analyst Director cautioned us that the Mayor's assessment of the accumulated deficit is understated by about \$40 million. Because of this information, council has diligently and deliberately attempted to search for more cost savings. That's why we cut an additional \$31 million from the '10- '11 budget. In order to eliminate our accumulated deficit, which we believe is \$125 million, over the next four years.

I know the Mayor has stated that he has presented us a budget that has been cut to its bare bones; however, council feels we have identified more cost savings, which we strongly urge the mayor to accept.

This process of finding additional cuts has not been easy. We went through department-by-department searching for areas in which we can find cost savings. No department was immune. It has already been reported that council has approved a 2% cut from our police and fire departments. That decision was tough, but it sends the right message to all city workers and Detroit residents that we are *all* in this together.

Our current fiscal situation requires sacrifice from everybody.

We do not expect this cut to negatively affect the safety of our citizens. We believe there is sufficient room in these departments for fiscal improvement, more efficiency, and better allocation of personnel and better management of overtime budgets.

And let me be very clear, *if* the revenue that the Mayor has proposed really does materialize, like the GDDRA \$20 million in escrow at DTE, then we will be willing to consider supporting a budget amendment to restore part of or all of the budgets of the Police and Fire Department. Now that council expects fiscal responsibility from every department, no department is excluded!

I believe the Mayor would agree that this effort to shore up our city's finances must begin with its leadership.

We, as the leadership of the city, must exemplify of the level of sacrifice that will be necessary in order for us to eliminate our fiscal crisis. For this reason, we as a body have reduced the Mayor's budget by \$1 million from the current year's budget allocation.

But, as we ask the Mayor's office for more of a sacrifice, it should be noted that we have asked the same of ourselves. We are amongst the lowest paid council members of any major city, and in addition to furlough days, we voted to accept the reduction of our salaries by another 10%. We believe, with more than words, that true service demands sacrifice.

So, just as we have asked you for \$1 million, we have cut \$1 million from our own budget.

The people of the City of Detroit have waited too long for leadership who has our residents' interests in head and at heart.

This commitment is required because we acknowledge that we cannot ask citizens to sacrifice for the city without us sacrificing first.

This is the key to succeeding in the city's much needed union negotiations and concessions from contractors.

It is essential that we provide consistency in leadership.

We recognize we will need our police unions to allow uniformed officers to come from behind desks to ensure the safety of our streets, we realize we will need to ask our unions to help us manage the ballooning benefits crippling our budget, we will need unions to support us as we work to reform our pension systems.

But we can't do this effectively when we fail, for years, to give firefighters the fans and saws they need in order to protect their lives. So, as we work to finalize negotiations, I hope it will finally become a fulfilled priority that our firefighters receive the equipment they need to keep them safe, as they keep us safe. It's what they do for us; it's the least we can do for them.

This process has also taught me how to appreciate the value of compromise. I have always said that cooperation is better than competition, now I also know that compromise beats conflict.

The key to compromise is finding consensus. It is important to focus on those places or items where there is agreement.

In this spirit, I think we can all agree, given the fiscal restraints we are under, that we need to end our reliance on brokerage firms that charge up to 30% simply for using their services. This is a huge waste of money that we could be put back into the pockets of city workers or use to hire more police officers.

We should agree that a better job could be done coordinating services with the county and state. This will greatly reduce the amount of money we spend duplicating services already offered through these entities.

Everyone can agree that we need more structural change to insure the viability of our budget.

However, we will not be able to rely on one-time revenue streams next year.

With no other options, we will be forced to address structural issues that damage the strength of our budget year after year.

This should be the last budget where we subsidize the health and transportation departments.

Our health department should be working to coordinate services with the Wayne County Health Department. By next budget, we should have a regional transit authority and perhaps a dedicated revenue source to fund our transportation department, coordinating services with SMART, as we work to develop mass transit for metropolitan Detroit.

This process has made it clear that our government needs restructuring.

Council has made it a point to begin to take the bold steps necessary to make our city government lean and strong. This is why this honorable body has de-funded 3-1-1. This division, which was created to resolve citizens' complaints, has become a reason for complaints itself.

Citizens have been dissatisfied with the *lack* of accountability and follow-through 311 has been able to provide.

We, literally, cannot afford to fund a broken system!

We encourage the Mayor to strengthen departments to have the capacity to handle respective citizens concerns. We must continue to strive to be a more efficient.

With this budget we believe we have made our priorities clear. We chose not to make additional cuts to the finance department. We understand how essential this department is in a time of fiscal crisis. It is just as important that we improve our revenue collections process. We also need this department to upgrade the skill-set and capacity of its employees, so that we are not continuing to spend millions upon millions of dollars for services we should be able to complete in house.

We have decided to reduce the budget of GDDRA by \$600,000 in order to more adequately support our pilot-recycling program. This should be a clear signal of the desire of the honorable body to do citywide recycling.

Although we have reduced the recreation department's budget, we have deemed recreation to be a core city service. This is at least until we are able to create a viable collaboration with our nonprofit community to sustain our recreational programs. However, we are asking the recreation department to be more creative with the schedule of hours in an effort to reduce operational costs, especially during the fall and winter when our children are in school.

We have also maintained the funding for the Department of Homeland Security only because we fully expect the administration to lobby with Detroit's Congressional Delegation to aggressively pursue Tier-1 status with the U-S Department of Homeland Security. This upgraded status will allow us to capitalize on our geographical proximity to Canada, making us eligible to receive direct funding from the federal government to build our border infrastructure.

These are priorities we are asking the Mayor to accept. And, I am confident that these amendments will improve the quality of life of our citizens and the fiscal health for our city.

Mayor Bing in his budget address stated that "this budget ends the practice of using past budgets instead of actual cash needed to determine funding for our operations." I applaud the Mayor for taking such a bold approach. However, a caution about taking this approach is that "it leaves no room for error." So it becomes essential to monitor the day the day operations of each and every department, especially when it comes to overtime, *where we spend nearly \$100 million a year. We need every department, especially police and fire to cut their overtime expenses drastically. When it comes to monitoring the spending of these departments, council should have a greater role!*

I commend Mayor Bing for allowing council's Fiscal Analyst Director to review the city's monthly cash flow statements. This is a step in the right direction to better monitor the spending of departments.

Monitoring the financial health of our city should ultimately be a role in which council should have more involvement. As our charter is being re-written, the charter commission should seriously explore the option of allowing council to have a more involved role in monitoring the expenses of city departments. This only makes sense, as council is responsible for authorization of contracts and the approval of the budget. It is just a more efficient process to allow council to gain a more intimate comprehension of department's fiscal fitness as we approve contracts. This sort of regulatory briefing will also help council and the mayor transition into a yearlong budget process, with a multi-year outlook. In this more efficient system, department heads won't be in a time crunch to answer the questions that we as a council have asked them to address and council would be allowed to be more diligent in our fiduciary responsibility to the city.

Detroit's better days begins with a balanced budget. The future security of our city

mandates fiscal responsibility. I ask our citizens to bear with us as we work tirelessly to provide you with the type of governmental services you deserve and I am fully confident that we are on the right track.

I believe in the Spirit of Detroit, as this is an asset not captured through this budget process. In these tough times, as we are forced to eliminate services, the one thing that we can never diminish is the resolve and resilience of our residents. This is what our future rests on.

Detroit, we will need your help.

We will need our faith-based and nonprofits community to support the recreation for our youth and senior citizens.

We will need citizens to work with our law enforcement to prevent crime from continuing to destroy our city. An involved and engaged community is the best way to prevent crime.

Lastly, we will need our business community to continue to invest in Detroit's future. Our city greatly benefits from businesses and corporations who are dedicated to stellar corporate citizenship.

Detroit, we know what must be done! Now let us find the courage, the *fresh* courage, to get it done.

And the Council then adjourned.

**Jerome Goldberg**, attorney, and tenant of historic building located at 2920 E. Jefferson, informed Council that he and other tenants of the building are facing a utility shutoff because allegedly the owners of the building, despite receiving rental payments from them have not paid the utility bill. He said they contacted Detroit Edison in an attempt to set up an arrangement where the tenants can pay the funds into an escrow account so they can maintain the building but has not been able to get a response from DTE. Mr. Goldberg asked City Council to consider amending a previous resolution (Section 54-21) on an emergency basis, which provides a solution to their problem for rental properties where it mandates when a landlord becomes an absentee landlord, the tenants can pay their utilities into an escrow fund.

Member Watson moved that the Research & Analysis Division contact DTE directly on behalf of the tenants of 2920 E. Jefferson. Ms. Watson also asked that the matter go through the Public Health and Safety Committee to add the language distributed by Mr. Goldberg to the existing ordinance that allows tenants to put money in escrow if the owner of a property is not handling business correctly. Ms. Watson informed Council that the law already exists for residential properties, but not for commercial properties and that it needs to be amended for commercial as well.

**Venessa Fluker**, tenant of 2920 E. Jefferson, stated she was in support of what was stated by Jerome Goldberg.

**Andre, McCullough**, Representative, Quality Solutions Community Development Corp., stated his company had been trying to gain access to the former St. Martin DePorres School located on Webb for the past three years. He said they are in the process of cleaning the exterior and asked for Council's assistance in locating the owner because his company wants to open a community center at that location.

**Edna Murray Scott** stated she has worked as a volunteer at the Adams Butzel Recreation Center for the past 45 years and asked City Council to keep Parks and Recreation open so that the children will have some place to go during the summer. Member Watson informed her that the city wasn't closing recreation centers, in response, Ms. Scott asked that funds not be cut.

**James Parker**, Representative, Fontenac Landscaping Service, stated to Council he was in attendance a couple of weeks ago in protest of the weed and debris cutting contract which he feels is highly favored, but seems to be let out each time 4-5 times with other municipal-

ities. He stated his company submitted a bid to participate and they were deemed unselectable for two reasons: 1) they put 2008 on their bid sheet; and 2) they had their leased equipment and provided proof in their bid, but was deemed unselectable. Mr. Parker indicated what he believes is this highly-favored company is an Oakland County-based company (B & L Landscaping) which says they are Detroit-based. He also stated they saved the City of Detroit 40% on their bid and still were not selected.

**Dr. Delores Leonard** spoke on behalf of the residents in the 48217 zip code. She stated Kemeny Recreation Center now has a reading corner which provides for two free books to children every week. She complained that children in that area have to ride three busses to get to the nearest library. Ms. Leonard asked that the children in her area not be denied.

**Theresa Landrum**, spoke on behalf of Kemeny Recreation, and stated she is a supporter of keeping that center and any money is coming to the center Ms. Landrum said Kemeny is an antiquated building and the residents were promised a new building, which they are now being told the new center will not be built because there is no money. Ms. Landrum extended an invitation to the Council to tour their community to see what they don't have such as city services as the rest of the city, in her view.

**Otis Mathis**, Detroit Public Schools, spoke on behalf of Kemeny Recreation Center'.

**Vincent Martin**, OCOSWD, spoke against the rumored closing of Kemeny Recreation Center. Council Member Watson responded, for the record, it was the City Council last September that passed a resolution unanimously to reopen every closed recreation center and that the centers that are closed now were closed by the Mayor's Office.

**Tyrone Carter**, president of the neighborhood organization, also spoke on behalf of the Kemeny Recreation Center and indicated residents in 48217 have a lot of problems such as environmental issues, lack of schools, lack of police, etc. and that now they are shutoff from the rest of Detroit by the river because of bridge reconstruction.

**Linda Pierce** spoke in support of the proposed Drake Bridge Project which will link Detroit to Windsor.

**Ruedell Holmes** closed the public comment segment with a prayer.

April 13, 2010

Honorable City Council:

Re: Amendment of Executive Organization Plan to Reassign: 1) Certain Functions of the Office of Targeted Business Development from the Finance Department to the Planning and Development Department; 2) Certain Functions of the Human Rights Department to the Planning and Development Department; and 3) Certain Functions of the Human Rights Department to the Finance Department.

Section 7-102 of the 1997 Detroit City Charter authorizes the Mayor to prepare and subsequently amend an organization plan for the Executive Branch of City government. In accordance with Section 7-102, the plan and its amendments are to be submitted to your Honorable Body and published. After a public hearing, the City Council is required to approve, recommend modification, or reject the plan within sixty (60) business days. Where the Council does not take action within this time frame, the plan becomes effective.

My Administration is proposing an amendment to the current Executive Organization Plan. The amendment would reassign certain functions of the Office of Targeted Business Development from the Finance Department to the Planning and Development Department, certain functions of the Human Rights Department to the Planning and Development Department, and certain functions of the Human Rights Department to the Finance Department.

In particular, this amendment would create a Business Service Division in the Planning and Development Department. The Division would assume most of the functions that are currently performed by the Office of Targeted Business Development, which is located in the Finance Department. Those functions are: 1) reviewing requests for competitive procurement; 2) identifying changes to be made in competitive procurement to ensure consistency with requirements of Chapter 18, Article V, Division 10, of the 1984 Detroit City Code, *Targeted Business Development*; 3) collecting data for inclusion of annual report to the Mayor, the City Council, and the Targeted Business Development Board; 4) developing outreach programs; and 5) marketing or encouraging private and public sector companies and agencies to utilize targeted business enterprises that are located in the City of Detroit. Although the above-referenced functions would be reassigned to the Planning and Development Department, the Finance Department would continue to perform the function of notifying vendors of City requests for proposals.

In addition, the Planning and Development Department Small Business Division would assume most of the non-charter mandated responsibilities of the Human Rights Department that have been placed in the department over recent years. These include certification of Detroit businesses, monitoring of casino participation, and compliance with tax abatements. As mandated by the 1997 Detroit City Charter, the Human Rights Department would continue to perform the function of protecting civil rights through enforcement of the applicable provisions of the 1984 Detroit City Code.

Lastly, this amendment would make the Finance Department Purchasing Division responsible for the function of approving equal employment opportunity vendor clearances. This function is currently the responsibility of the Human Rights Department.

Attached is a proposed resolution for your Honorable Body's consideration and adoption. Your adoption of the resolution which approves this amendment to the Executive Organization Plan in advance of the maximum sixty (60) business day time limit will enable the Administration to more quickly implement this change. Thank you for your consideration is supporting this resolution.

Respectfully submitted,  
DAVE BING  
Mayor

**Law Department**

May 19, 2010

Honorable City Council:  
 Re: Petition Number 2948 — Request for City Council Approval for the Issuance of Dance and Entertainment and Topless Activity Permits by the Michigan Liquor Control Commission in Conjunction with the Transfer of a "Class C License" to Chi

Chi's Lounge, Inc., from Willie Young a/k/a William R. Young, for an Existing Adult Cabaret at 9401 Harper Avenue.

**BACKGROUND**

Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), requires that, prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance permit, entertainment permit, or a combination dance and entertainment permit, or a topless activity permit, an establishment licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of the local legislative body of the municipality within which the premises is located.

Pursuant to this requirement, the MLCC has forwarded to this Body a Local Approval Notice, Request ID Number 280852, which has been designated by the City Clerk as Petition Number 2948. This Local Approval Notice requests City Council approval of a request by Chi Chi's Lounge, Inc. ("Permit Applicant"), for the issuance of a dance and entertainment permit and a topless activity permit in conjunction with the transfer of ownership of a "Class C license" at 9401 Harper Avenue from Willie Young a/k/a William R. Young.

Buildings and Safety Engineering Department ("B & SE") records for 9401 Harper Avenue indicate that the business is located in a B4 (General Business) zoning district and that the current legal land use is listed as a "bar" per Permit Number 37899, issued on June 14, 1977. B & SE reports that a Certificate of Compliance for the location was last issued on April 7, 2009. B & SE Business License Center records indicate that the business at the location was licensed by the City as an adult cabaret as far back as 1972.

**APPROVAL CRITERIA**

The City Council Procedures and Criteria for Michigan Liquor Control Commission Permits ("Procedures and Criteria") became effective upon publication on August 25, 2009. Part VII of the Procedures and Criteria provides that any request pending prior to the effective date of the Procedures and Criteria shall be processed the same as a petition received after the effective date. Part VI of the Procedures and Criteria states that City Council shall grant the Permit Applicant's request for approval of the issuance of an MLCC permit unless one or more of the eleven (11) specified criteria are not met by the Permit Applicant. Pursuant to Part V of the Procedures and Criteria, the designated MLCC Permit Coordinator ("Coordinator") has submitted a report to the City Council, the City Planning Commission, and the Law Department concerning the approval criteria contained in Part VI of the Procedures and Criteria. A copy of the

Coordinator's report, dated April 22, 2010, has been mailed to the Permit Applicant.

**APPROVAL CRITERIA**

A review of the Coordinator's report indicates that the Permit Applicant has failed to meet several of the approval criteria contained in Part VI of the Procedures and Criteria. Specifically, Approval Criterion No. 8 of the Procedures and Criteria requires that a real estate tax clearance be obtained for the subject premises. The Coordinator's report indicates that there is an outstanding City of Detroit property tax bill in the amount of five thousand five hundred thirteen dollars and thirty-eight cents (\$5,513.38) for 9401 Harper Avenue, which has been recently confirmed by the City of Detroit Finance Department Treasury Division.

Further, Approval Criterion No. 9 of the Procedures and Criteria provides that there not be any unpaid fees or uncured violations under the purview of B & SE for the subject premises. The Coordinator's report indicates that B & SE has approved the Permit Applicant's request "once the outstanding fees have been paid." However, a recent report by the B & SE Business License Center indicates that the amount of one thousand seven hundred and three dollars (\$1,703) is outstanding for business license fees for the location.

Also, Approval Criterion No. 11 of the Procedures and Criteria pertains to unpaid fees or uncured violations under the purview of the Detroit Fire Department. The Coordinator's report states that there is a delinquent fee of five hundred and eighty-five dollars (\$585.00) due the Detroit Fire Department and that there are uncorrected violations for the location that were issued under the Detroit Fire Prevention and Protection Code, Chapter 19, Article I, of the 1984 Detroit City Code. Apparently, the Permit Applicant has recently made a payment of three hundred nineteen dollars (\$319) to the Detroit Fire Marshal for unpaid inspection fees. However, the Law Department has not been able to confirm that all of the unpaid fees for the location have been paid and whether the violations of the Detroit Fire Code at the location have been corrected.

**RECOMMENDATION**

Due to the fact that the Coordinator's report submitted for this request for approval indicates that the Permit Applicant has failed to meet three (3) of the approval criteria of the Procedures and Criteria, attached is a proposed resolution disapproving the issuance a dance and entertainment permit and a topless activity permit by the MLCC to Chi Chi's Lounge, Inc., for 9401 Harper Avenue. Further, the Law Department recom-

mends that the Resolution be moved to the Committee of the Whole for its action.

If there are any questions or concerns, please do not hesitate to contact our office.

Respectfully submitted,  
 KRYSTAL A. CRITTENDON

Corporation Counsel

Honorable City Council:

Re: Petition Number 3302 — Request for City Council Approval for the Issuance of a New Michigan Liquor Control Commission Dance and Entertainment Permit to C F T G Enterprises, LLC, d/b/a the Palms Bar, for a Group "A" Cabaret at 15346-15350 Fenkell Avenue.

#### BACKGROUND

Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), requires that, prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance permit, entertainment permit, or a combination dance and entertainment permit, an establishment licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of the local legislative body of the municipality within which the premises is located.

Pursuant to this requirement, the MLCC has forwarded to this Body a Local Approval Notice, Request ID Number 513013, which has been designated by the City Clerk as Petition Number 3302. This Local Approval Notice requests City Council approval of a request by C F T G Enterprises, LLC ("Permit Applicant"), for the issuance of a new dance and entertainment permit in conjunction with a "Class C" liquor license at 15346-15350 Fenkell Avenue.

The Buildings and Safety Engineering Department ("B & SE") report to the designated MLCC Permit Coordinator ("Coordinator") indicates that 15346-15350 Fenkell Avenue is zoned B2 (Local Business and Residential District) and

that the current legal land use of the property includes cabaret per Permit Number 52589, issued May 12, 1964. Further, B & SE reports that a Certificate of Occupancy for the location was issued on January 23, 2009. B & SE Business License Center records indicate that the location has been licensed as a Group "A" Cabaret since at least 1996. Therefore, the use of the location for a cabaret with patron dancing or entertainment is permitted at the location subject to compliance with all relevant state codes and City ordinances, including the issuance of the required business license to the Permit Applicant.

Pursuant to Section 5-7-21 of the 1984 Detroit City Code, a Group "A" Cabaret business license is required for any establishment that sells or serves alcoholic beverages with or without food, and either allows dancing with or without live entertainment, or provides three (3) or more live entertainers at one time with or without patron dancing. Accordingly, the Permit Applicant has applied for a Group "A" Cabaret business license for 15346-15350 Fenkell Avenue.

#### **APPROVAL CRITERIA**

The City Council Procedures and Criteria for Michigan Liquor Control Commission Permits ("Procedures and Criteria") became effective upon publication on August 25, 2009. Part VI of the Procedures and Criteria states that City Council shall grant the Permit Applicant's request for approval of the issuance of an MLCC permit unless one or more of the eleven (11) specified criteria are not met by the Permit Applicant. Pursuant to Part V of the Procedures and Criteria, the Coordinator has submitted a report to the City Council, the City Planning Commission, and the Law Department concerning the approval criteria contained in Part VI of the Procedures and Criteria. A copy of the Coordinator's report, dated April 19, 2010, has been mailed to the Permit Applicant.

#### **RECOMMENDATION**

A review of the Coordinator's report indicates that the Permit Applicant has met the approval criteria contained in Part VI of the Procedures and Criteria. Therefore, attached is a proposed resolution approving the issuance of a dance and entertainment permit by the MLCC to the Permit Applicant, C F T G Enterprises, LLC, for 15346-15350 Fenkell Avenue. Further, the Law Department recommends that the proposed Resolution be moved to the Committee of the Whole for its action.

Honorable City Council:

Re: Petition Number 3898 — Request for City Council Approval for the Issuance of Michigan Liquor Control Commission Entertainment and Topless

Activity Permits to Magic City of Detroit, Inc., for an Existing Adult Cabaret at 141 West Eight Mile Road.

Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), requires that prior to the issuance of a Michigan Liquor Control Commission (“MLCC”) dance or entertainment permit, or a topless activity permit, an establishment licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of the local legislative body of the municipality within which the premises is located.

Pursuant to this requirement, the MLCC has forwarded to the Detroit City Council a Local Approval Notice, Request ID Number 528453, which has been designated by the City Clerk as Petition Number 3898. This Local Approval Notice requests City Council approval or disapproval of a request from Magic City of Detroit Inc. (“Permit Applicant”), for the issuance of an entertainment permit and a topless activity permit in conjunction with the transfer of ownership of a “Class C license” at 141 West Eight Mile Road from Jason Enterprises, Inc.

Buildings and Safety Engineering Department (“B&SE”) records for 141 West Eight Mile Road indicate that the business is located in a B4 (General Business) zoning district and that the current legal land use is listed as “an Assembly/Cabaret D” under Permit Number 21129, issued on December 22, 1975, per Board of Zoning Grant Number 42-75. B&SE also reports that a Certificate of Compliance for the location was issued on October 27, 2009. Further, B&SE Business License Center records indicate that Group “D” Adult Cabaret business licenses have been issued by the City for the location since at least 1995.

Section 5-15-2 of the 1984 Detroit City Code defines an adult cabaret as a nightclub, juice bar, restaurant, bottle club, or similar commercial establishment, regardless of whether alcoholic beverages are served, which regularly features live conduct by persons who appear in a semi-nude condition. Section 5-15-21 of the 1984 Detroit City Code provides that a sexually-oriented business license is required to operate an adult cabaret in the City. Accordingly, the Permit Applicant will be issued a sexually-oriented business license by the City, in conjunction with the transfer of ownership of the “Class C” liquor license, upon City Council’s approval of the request for the issuance of a topless activity permit for the location.

#### APPROVAL CRITERIA

The City Council Procedures and Criteria for Michigan Liquor Control Commission Permits (“Procedures and Criteria”) became effective upon publica-

tion on August 25, 2009. A copy of the report, dated April 19, 2010, has been mailed to the Permit Applicant.

**RECOMMENDATION**

A review of the Coordinator's report indicated that the Permit Applicant has met the approval criteria contained in Part VI of the Procedures and Criteria. Re: Petition No. 131 — Small Plates, to establish an Outdoor Café, located in front of 1521 Broadway.

The above named petitioner has requested permission for an Outdoor Café Service. This service will convene April 1, 2010 through November 30, 2010.

The Department of Public Works/City Engineering Division (DPW/CED) who has jurisdiction over temporary encroachment on City right-of-ways has approved this request contingent upon the petitioner's compliance with applicable City ordinance related to outdoor café activities and the remittance of the annual use-permit fee to the Permit Section of the DPW/CED.

The Department of Health and Wellness Promotion (DHP) has approved the petition, subject to petitioner's strict adherence to the 1999 Food Code, Food Law of 2000 and City Ordinance, Chapter 21. No outdoor grilling is permitted without approval from DHP Food Sanitation Section.

Approval from the Detroit Police Liquor License Bureau is contingent upon the final action given by the City Council towards above-referenced petition. Prior

approval from the Central District Precinct does not cover serving liquor in outdoor café area until the Detroit Police Liquor License Bureau has given approval.

The Historic District Commission (HDC) has issued the Certificate of Appropriateness for this location as of April 14, 2010.

The Planning and Development Department (P&DD) is not aware of any objections from any other City agencies involved. It is the recommendation of the P&DD that petitioner's request be granted to the terms and conditions provided in the attached Resolution.

**City of Detroit  
 Brownfield Redevelopment Authority  
 May 13, 2010**

Honorable City Council:  
 Re: Amended TechOne Brownfield Redevelopment.

The enclosed Brownfield Plan for the Amended TechOne Redevelopment Project (the "Plan") (Exhibit A), submitted by the Detroit Brownfield Redevelopment Authority Board (the "DBRA") to the Community Advisory Committee (the "CAC"), has been considered and reviewed by the CAC and a public hearing was held by the DBRA on May 7, 2010 to solicit public comments. At its April 28, 2010 meeting,

the CAC considered and approved a resolution recommending approval of the Plan by the DBRA and City Council in the form presented by the DBRA.

On May 12, 2010, the DBRA adopted a resolution (Exhibit B) approving the Plan and authorizing the submission of a certified copy of its resolution and the Plan to the City Clerk, together with a request that the Detroit City Council call a public hearing concerning the Plan and to take all other actions to approve the Plan in accordance with Act 381.

The Plan is now presented to the City Council for approval. The Detroit City Council will, after publication of the notices required by law, hold a public hearing on the Plan. After the public hearing, the City Council shall determine whether the Plan constitutes a public purpose and, if so, may approve or reject the Plan or approve it with modifications.

Project Introduction

TechOne Development, LLC is the project developer (the "Developer") for the parcel at 440 Burroughs. This project is the second phase of a two-phase program to redevelop the vacant building located at 440 Burroughs that was formerly owned by General Motors Corporation. A brownfield plan was approved by the DBRA on May 7, 2003 and by the Detroit City Council on June 20, 2003 for the first phase of the project that included significant upgrades to the exterior, new mechanical and electrical systems and extensive interior construction to provide offices and lab space for a technology center.

The second phase of the project, which this Plan addresses, is for the redevelopment of the second floor of the building at 440 Burroughs for the technology center. Total investment for the second phase of the Plan is estimated at over \$4,000,000.

Property Subject to the Plan

The property located at 440 Burroughs is located in the center of the south side of a city block bounded to the south by Burroughs, east by Cass, north by Amsterdam and west by Second Avenue. The site is located in the Research and Technology Park, north of Wayne State University's main campus.

Basis of Eligibility

The Property is considered "eligible property" as defined by Act 381, Section 2 because (a) the Property was previously or currently utilized for commercial or industrial purposes; (b) it is located within the City of Detroit, a qualified local governmental unit under Act 381; and (c) the Property is determined to be facility, as defined by Act 381.

Eligible Activities and Projected Costs

The "eligible activities" that are intended to be carried out at the Property are considered "eligible activities" as defined by Section 2 of Act 381, because they include site preparation, demolition and asbestos abatement activities. The eligible activities and budgeted costs are intended as part of the development of the Property and will be financed solely by the Developer. The Authority is not responsible for any costs of eligible activities and will incur no debt.

It is currently anticipated that construction will begin in the summer of 2010 and eligible activities will be completed within eighteen months.

Tax Increment Financing (TIF) Capture

The Plan will not capture tax increment revenues for financing costs of eligible activities under this Plan. Tax increment financing of the costs of eligible activities under this Plan will not take place and this Plan shall not have a negative impact upon the tax revenues of any taxing jurisdiction in which the eligible property is located.

Other Development Incentives

This project is located in the Woodward Technology Corridor SmartZone.

Re: Address: 14100-2 Evergreen. Name: Darrin Hearn. Date ordered removed: May 5, 2009 (J.C.C. pgs. 904-905).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on April 20, 2010 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of April 6, 2010.

The proposed use of the property is owner's use and occupancy.

This is the second deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of three months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Compliance, required for all residential rental properties.

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

Honorable City Council:

Re: Technical Corrections to the 2010-2011 Budget as Amended by City Council.

In the process of reviewing the 2010-2011 Budget as Amended by City Council it was discovered that Schedule B contained some inconsistencies, which did not allow funds to be shifted as the Council, had intended and was noted in the closing resolution as well as the narrative in Schedule B.

Attached is a Schedule B Correction Resolution, which if authorized by Council would allow the changes to go through as, intended.

While Council did amend the closing resolution to eliminate vehicle stipends for Deputy Directors, the funding for BSE and Workforce Development cannot be deleted from the appropriation, but rather shifted to a different object account so those funds will remain in balance. So we propose adding the appropriations back in to those funds and reducing the Prior Year's Deficit by \$12,000.

While Council did state the intent to move all appropriations for Senior Citizen and Consumer Advocacy from the Mayor's Office back to Human Services, a grant was missed and needs to be transferred.

Lastly, the shifting of funds in City Council's budget was set up incorrectly and incorrect appropriation numbers were used on Friday's schedule. The appropriation numbers have been corrected. The correct language explaining the intent of the shifts was present both on Schedule B as well as the Closing Resolution, but the numbers needed to be corrected.

I can respond to any questions relating to these corrections you may have.

### Planning & Development Department

April 13, 2010

Honorable City Council:

Re: Request a Public Hearing on the Establishment of the Martha Reeves Neighborhood Enterprise Zone as Requested by the J.L.W. Contractors, in Accordance with Public Act 147 of 1992.

The Planning & Development Department and the Finance Department have reviewed the Master Plan and the neighborhood preservation and development goals of the City, and find that establishment of the Martha Reeves Neighborhood Enterprise Zone would be consistent with the neighborhood preservation and development goals and with the Master Plan.

Public Act 147 of 1992, commonly referred to as the Neighborhood Enterprise Zone (NEZ) Act, in Section 3(1) states "the governing body of a local governmental unit by resolution may designate one (1) or more neighborhood enterprise zones". Prior to acting upon the resolution establishing an NEZ, a public hearing must be held, and the City Clerk must provide written notice of the public hearing to the assessor and to the governing body of each taxing unit that levies an *ad valorem* tax within the proposed NEZ, said notice to be made not less than 60 days prior to your Honorable Body's passage of a resolution designating an NEZ.

The boundaries of the proposed NEZ are described in Exhibit A (legal description) and illustrated in the map also attached. The developer proposes to rehabilitate 20 residential units and construct 13 new units at an estimated cost of \$1.3 million.

We request that a Public Hearing be scheduled on the issue of establishing this NEZ, as required by the NEZ Act. Attached for your consideration, please find a resolution establishing a date and time for the public hearing, together with the aforesaid map and legal description of the proposed NEZ.

Respectfully submitted,  
WARREN P. PALMER

Director

By Council Member Kenyatta:

Whereas, Pursuant to Public Act No. 147 of the Public Acts of 1992 ("the Act") this City Council has the authority to establish "Neighborhood Enterprise Zones (NEZs)" within the boundaries of the City of Detroit; and

Whereas, The J.L.W. Construction has

requested establishment of the "Martha Reeves" NEZ whose boundaries are particularly described in Exhibit A (legal description) and illustrated in the map attached hereto; and

Whereas, The Act requires that, prior to establishing an NEZ, the City Council shall provide an opportunity for a Public Hearing on such establishment, at which Public Hearing representatives of any taxing authority levying *ad valorem* taxes within the City, or any other resident or taxpayer of the City of Detroit may appear and be heard on the matter.

Now Therefore Be It

Resolved, That on the 17TH OF JUNE, 2010 AT 10:15 A.M. in the City Council Committee Room, 13th floor, Coleman A. Young Municipal Center, a Public Hearing be held on the above described application for establishment of an NEZ within the boundaries described in Exhibit A (legal description) as illustrated in the map attached hereto; and be it finally

Resolved, That the City Clerk shall give notice of the Public Hearing to the general public and shall give written notice of the Public Hearing by certified mail to all the taxing authorities levying an *ad valorem* tax within the City of Detroit, such notices to be provided no earlier sixty (60) days prior to the public hearing.

 May 19, 2010

Honorable City Council:  
 Re: Petition of DCC Community Development, LLC to establish a Brownfield District for 3169 Woodward Avenue and 25-31 Peterboro Street (Recommend Approval).

The Detroit Brownfield Redevelopment Authority (DBRA) has requested that the Council hold a public hearing and take

necessary action to establish a Brownfield Redevelopment Plan for 3169 Woodward Avenue and 25-31 Peterboro Street — all located in Detroit's Midtown area along the west side of Woodward Avenue. The two eligible properties are on three parcels. The two 25-31 Peterboro Street parcels are deemed to be "facilities." The parcel containing 3169 Woodward Avenue is adjacent and contiguous to a "facility" parcel. The request is in accordance with the Brownfield Financing Act of 1996 (Act 381).

**Project Description**

DCC Community Development Company, LLC is the project developer. The development plan entails a comprehensive redevelopment of two major compo-

nents. The first redevelopment will entail the renovation and rehabilitation of an historic automobile service center located at 3169 Woodward Avenue. The current taxpayer is Willie Hawkins. The property would be developed for retail, "potentially as a pharmacy to serve both the general public as well as supporting mental health and substance abuse services...." The historic structure has become seriously obsolete. It is now mothballed. The second development, 25-31 Peterboro Street, would entail construction of a 1,875 square-foot addition onto the back of the existing building. It would be used for an office space. It is estimated that the total cost of the redevelopment would be \$1,038,169.00. Currently, this open space is partially fenced. It was used as a community garden.

**Eligible Property**

Accordingly to the DBRA, the property is considered "eligible" as defined by Public Act 381 (Section 2) because the parcel is, (a) currently used for commercial purposes, (b) located in a qualified local government unit (Detroit), and (c) functionally obsolete and/or blighted.

**Zoning and Master Plan Considerations**

The proposed Brownfield Redevelopment area is located within the Lower Woodward of the Master Plan of Policies. The future land use designation for the proposed Brownfield Redevelopment area is Special Residential Commercial (SRC). This land use classification provides for new high and medium rise apartments developed compatibly with general commercial and/or institutional uses.

The proposed Brownfield Redevelopment area is zoned B4 (General Business District) and R6 (High Density Residential District).

**Action by the Detroit Brownfield Redevelopment Authority**

On April 14, 2010, the DBRA adopted a resolution approving the Brownfield Plan Development for 3169 Woodward Avenue and requested that the City Council schedule a public hearing concerning the Plan in accordance with Act 381 of 1996.

**Recommendation**

The City Planning Commission staff has reviewed the Brownfield Plan for the 3169 Woodward Avenue and, in the light of our review, the CPC staff has concluded that the project meets the criteria for designation of a Brownfield Redevelopment Plan. The plan is in conformance with the Master Plan, and the B4-zoned property on Woodward would allow for the proposed retail. However, the R6-zoned property on Peterboro is not properly zoned for the proposed office use. Either the Plan would have to be modified to include a use permitted in R6 or the zoning of the land will need to be changed. The DBRA has submitted a report to

Council stating that the project meets the criteria. CPC staff recommends approval provided the developer resolve the outstanding issue.

Re: Request permission to accept an award from the State of Michigan's Automobile Theft Prevention Authority (ATPA) to participate in the "Oakland County Auto Theft Squad (OCATS)" Grant.

The State of Michigan's Automobile Theft Prevention Authority (ATPA) has awarded the Detroit Police Department (DPD) \$50,248.00 to pay a portion (50%) of the salaries and wages of a DPD Police Officer who will be assigned to the "Oakland County Auto Theft Squad (OCATS)" grant task force. Additionally, the grant funding will cover 50% of the costs associated with field operations and renting vehicles for the task force officers to utilize. The Department will be required to match an additional \$50,248.00, which will pay the other half of the costs for salaries/wages, field operations and vehicle rental costs. Kim Williams, of DPD Budget Operations, has indicated that matching funds are available. The combined funding brings the total grant budget to \$100,496.00. The Grant Number is G-8-10 and the appropriation number for this grant is 13163. The project period is October 1, 2009 to September 30, 2010.

The mission of the OCATS is to reduce automobile theft in the City of Detroit and Oakland County. A number of suburban police departments are also a part of this collaboration. It is anticipated that through the increased cooperation between the agencies, this project will be a great success. Lieutenant Marlon Wilson, of Investigative Operations, will serve as the project director for the Detroit Police Department.

Acceptance of this award requires the approval of your Honorable Body, via adoption of the enclosed resolution. The Board of Police Commissioners has been notified and has approved acceptance of the funding.

Honorable City Council:

Re: Request to apply for a FY 2010 Congressionally Selected Awards Program for the "Eastside Districts' Firearm Reduction Initiative" Grant.

In February of 2009, the Detroit Police Department (DPD) submitted a number of appropriations to the United States Department of Justice (USDOJ), including one entitled the "Eastside Districts' Firearm Reduction Initiative." On April 8, 2010, information was received from the Mayor's Office that the DPD was selected to receive \$1,000,000.00, with no required match, to implement and operate this program for a three period. While the funding has already been informally awarded by the USDOJ, a formal grant application detailing the initiative must be submitted in the Grants Management System by the June 30, 2010, deadline.

The objective of the "Eastside Districts' Firearm Reduction Initiative" is to reduce the number of shootings and offenders within the Eastern and Northeastern Districts. Utilizing the funding for overtime, there will be increased patrol in targeted areas, additional warrants executed and numerous narcotic raids conducted. The funds also allow for the purchase of police vehicles for officers working within the grant.

In the event that approval is granted to formally apply for this grant funding and the award is received, Commander Linda Peltier, of the Northeastern District, and Commander Steven Dolunt, of the Eastern District will serve as the project directors.

The Board of Police Commissioners has approved this request. I am requesting approval from your Honorable Body to apply for the grant and adopt the resolution.

If you have any questions or concerns regarding this matter, please feel free to contact me at 596-1800, Monday through Friday, 9:00 a.m. to 5:00 p.m.

There were over 90 groups registered to go out into their area and plant flowers.

**Council Member Cockrel, Jr.:** Complaint in Water and Sewerage Department **REFER TO PUBLIC HEALTH & SAFETY STANDING COMMITTEE.** 2) Regarding report that Council got about two weeks ago from the City Planning Commission relative to the Proposed Urban Agricultural Policy for the City of Detroit and the Implications of the Michigan Right to Farm Act and the bottom line recommendation is that City Planning Commission is recommending that the Law Department and the Research & Analysis Division review the Act and submit an opinion to the City Council as to its potential impact on the City developing an urban agricultural policy. **REFER TO CITY PLANNING COMMISSION, LAW DEPARTMENT, AND CITY COUNCIL RESEARCH AND ANALYSIS DIVISION.**

**Council President Pugh:** Mr. Todd, did you have some good news out of your office? **Mr. Marcell Todd, Jr., Director, City Planning Commission:** Would like to formally announce that consistent with the long held traditions of the office, Mr. George Etheridge and his wife have given birth to their first child named Gabriel. **PRESIDENT PUGH REQUESTED CONGRATULATIONS BE PASSED ON TO MR. ETHERIDGE AND HIS FAMILY.**

**Council Member Jenkins:** 1) As Member Jones stated, we were in Philadelphia at a conference and that all the facilitators were some major guru and it was a wonderful event. **Ms. Jenkins** thinks it is something that the Workgroup, regarding the Pension Board, should consider making that conference a requirement for any new trustees. 2) Regarding the violence in the City of Detroit, **Ms. Jenkins** agrees with everything that has been said and there is enough work for everybody to do. Ms. Jenkins stated her and Mr. Tate want love to have everybody on board because as the final days of schools are approached and kids are on the street, we have to make sure that everybody across the City who can do something, is doing it to keep our children safe all summer and to keep everybody safe. She will bring more information as it is finalized.

**Council Member Brown:** Stated he was

## PUBLIC COMMENT

**TYRONE CARTER** — On behalf of Kemeny Center, 48217 Southwest Detroit. There is only one city building in the 48217 area. There is heavy industry in this area, increase in crime and one school. Would like a better idea. There is nothing left. May as well shut us down.

**SHEILA JACKSON CARTER** — She is proud to see new council members. She urged council to support keeping Kemeny open. The area is not being serviced. She wants Kemeny improved.

**VINCENT MARTIN** — He wants the Kemeny Center removed off of the chopping block. The community wants council to discuss the plan for the 48217 area. There is no development plan. The last three administrators received nothing.

**MAGGIE ANDERSON** — She lived in Southwest Detroit for 53 years. All five of her children attended the Kemeny Center. The center has not received city funding to repair the center. She wants children to be able to walk to school. There are many schools closed in the area.

**REGINALD AMOS** — He is a retired Deputy Chief who worked for the Fire Department. He is speaking on behalf of the Fire Department's budget. Cuts can be achieved. He urged council to veto the mayor's changes. He distributed a packet to a council member.

**BESSIE KELLY** — She lived in the area since 1949. She has five grandchildren that go to the recreation center. The recreation center is the only secure place for children to play. We need the center. Find money to fix it up; look out for the 48217 area.

**IRENE ROBINSON** — Why shut down the center? Don't make repairs to the center.

**AMY LEE** — She is a senior citizen that lives in the 48217 area. She has to go to Patton Park to have activities. The center is so bad. The center does not have water aerobics. The center does not open until 2 p.m. I pay taxes but there is no service for seniors.

**KIM SOMMERVILLE** — She works at Mark Twain School for children. She uses Kemeny Center; please keep it open.

**WANDA LO ANDERSON** — She is the co-chair for the 48217 area. She secured up to two million dollars in matching funds from marathon for Kemeny. She is working with Alicia Minter to solicit businesses in area to support the center.

**CATHERINE PHILLIPS** — Representing AFSCME Council 25. She thanked council for aggressive approvals. Administration exploited what has been done. Administration has to manage what it has to work with. Continue to do a good job.

**DOROTHY BURRELL** — She lives in Northwest Detroit. There is a drastic increase in B & E in the Vassar area. She is concerned about the reductions for fire and police. She has a burglar alarm and her house was still broken into.

**BETTY GILL** — She is a senior that uses Kemeny. She moved to Southwest Detroit in 1957. She enjoys the center. It is a meeting and gathering place. She begged for the center not to close. Leave the center open for children and seniors. You cannot cut down on crime if there is no gathering place.

**JACQUELINE VANDERGIRT** — She lives in the 48217 area. It is the most neglected community. If you get rid of the center, it will bring down the community. Group of people working for same common good.

**ROLAND WAHL** — He lives in the 48217 area. They get nothing in their area. He lived there since 1974. All they get is garbage pick-up, blight and pollution.

**THERESA LANDRUM** — She knows council has no plans to close the center. On May 25, 2010, she went to the City Planning Commission and the official came in and had a meeting with the recreation director. She was told that cuts would lead to shut down of the

center. She gave solutions to find money to help centers. She wants a Forensic Auditor of city departments to find misappropriations. Fight to death.

**HENRY WATSON** — Works with special program for Charles H. Wright Museum and Second Baptist Church (historic site). He wants support of collaboration. He wants to fill in blanks in Detroit's History. Deadline of Tuesday for letter of support.

**ANGELA ARMSTRONG** — Back in Detroit for two weeks. She is concerned about the Police Department budget. According to CAFR, they under spent the last five years by 12%. If we have more cuts, I will be afraid to be here. People need to feel secure. The need is not being met.

**MICHAEL SLACK** — He runs soccer, basketball and baseball programs. That's all there is out there. Ecorse and River Rouge use the center also. There were three killings within the last two weeks. Kids will get in trouble if the center closes. Please keep the center open.

**DR. WILLIAM JORDAN** — He is a medical director. He works with the birth control and STD programs. Any decrease in budget would severely hurt people. It will decrease the ability to provide care to individuals. Several clinics have been closed.

**DR. JAMES BLESSMAN** — He is a medical director for the City of Detroit. He is concerned for impact to cuts; impact ability to generate revenue. He discussed collaboration with the EMS. He visited women who had called EMS several times. Now no calls in three weeks. Discussed health care bill. Make good decisions to avoid anger.

**STATE REPRESENTATIVE TALIFF** — Please don't close Kemeny. Fort Wayne is also on the chopping block. Urged to think creatively. 501c3's to keep center open. Think out of the box. Clark Park closed down and the residents opened it back up. We need recreation centers. They bring us all together. The center is nurturing the children.

**COMMUNICATIONS FROM MAYOR AND OTHER GOVERNMENTAL AGENCIES**

**Mayor's Office**

June 2, 2010

Honorable City Council:

Re: Veto of 2010-11 Fiscal Year Budget.

Please be advised that I am in receipt of your amendments to my proposed bud-

get for the 2010-11 Fiscal Year. However, your proposed reductions and the impact those reductions would have on the services delivered to the People of the City of Detroit raise serious concerns. Therefore, I have no choice but to exercise my veto authority as delineated in attached Schedule B.

While I am charged with presenting a balanced budget, I am also responsible for the delivery of essential services to our residents, commuters, business owners, and visitors. The budget that I originally submitted to your Honorable Body fulfills both of those obligations.

During budget deliberations, your Honorable Body communicated that our budgeted revenue projections were not accurate. Subsequently, you have proposed an additional \$31 million reduction with no apparent rationale or substantive data. The \$101 million reduction in my proposed budget is the result of six months of analysis and careful review. The goal was to maximize efficiencies and cost savings while minimizing the impact on already reduced service delivery to residents, business owners, taxpayers and all other stakeholders.

I stand committed to the revenue projections in my budget, but recognize that financial circumstances can change. We are prepared to adjust to those circumstances should they arise to maintain our fiscal stability without adding to the deficit. This was demonstrated by managing the current fiscal year (FY2009-10) with a budget that my Administration inherited, which fell millions short in revenue. Your proposed cuts also indicate that this Administration under estimated the accumulated budget deficit, which is \$85 million.

Fiscal Stabilization Bonds were sold at the beginning of the year to help reduce the accumulated budget deficit. Additionally, the DTE Escrow is in final negotiations and will result in \$20 million to the City. The City has also received \$5.5 million of the \$15 million owed from DPS, with the balance expected to be posted as a receivable in the current fiscal year and the \$9.6 million settlement payment in the Greentown Bankruptcy settlement. The 2007-08 CAFR recognized a shortfall from the Department of Transportation as a result of grant funding that did not materialize when anticipated. The department has since received grants this year, allowing the City to reduce its operating subsidy. These circumstances address the questions raised by the Fiscal Analysis Division. This negates the need to make additional cost reductions.

It is important to send a strong message to rating agencies, and is equally critical that we deliver services to the People of the City of Detroit. It was my pledge to do so by prioritizing the following.

- Improving public safety;

- Supporting job growth;
- Reestablishing fiscal solvency;
- Providing enhanced customer service by our City government.

The items of greatest concern are the drastic reductions made by your Honorable Body in our public safety and frontline departments. The Police and Fire Departments justifiably represent the largest portions of our budget. This is unquestionably the most important City service that we provide. To compromise that at a time when we need it most undermines our basic responsibility, and ignores our reality. Also, the quality of life and safety of the People of the City of Detroit are compromised by the inability to maintain lots and parks. The reduction to the General Services Department will be catastrophic, closing 140 parks, and substantially reducing our ability to provide maintenance to Police and Fire vehicles.

Our ability to maintain, attract, and grow businesses in Detroit will be a determining factor in our recovery and renewal strategy. My budget prioritized the reorganization of services in the Office of Targeted Business to increase efficiencies. However, your Honorable Body has voted to eliminate the Office of Targeted Business, the Planning and Development Department's Welcome Center, and the Office of Neighborhood Commercial Revitalization from the budget. These eliminations will send a discouraging message to Detroit-based businesses, as well as prospective businesses, which might invest in our City.

The proposed reductions not only impact homeowners and business owners, but also impact our citizens who rely on the services impacted by reductions in the Department of Health and Wellness Promotion and the Human Services Department. At this stage, services cannot be substituted or replaced within the fiscal year that this budget covers.

Reductions in operational departments such as the Information and Technology Services Department and the Human Resources Department threaten several ongoing organizational improvement projects as well as our ability to maintain infrastructure in which we have already invested time and resources. For example, your proposed reductions could impact payroll, CAFR preparation, and the capture and processing of financial data.

In accordance with Section 8-208 of the 1997 Detroit City Charter, attached is "Reasons for Disapproval of City Council Amendments," which is incorporated by reference. Based on the impact of your reductions, in accordance with attached Schedule B, I am vetoing most of the proposals that are unrelated to your Honorable Body's internal budget and legislative agencies.

I am confident that I presented a bal-

anced budget based on six months of research and analysis. My Administration has spent the required time to understand the impacts of the budget I have proposed. I have appointed the appropriate management team and they are prepared to manage my budget accordingly. I respectfully request that your Honorable Body afford my Administration the opportunity to execute and manage my proposed budget.

Respectfully,  
DAVE BING  
Mayor

### **Reasons For Disapproval of City Council Amendments**

#### **Police Department**

The proposed reduction would impact the following:

- Require staff reductions of 100 Patrol Officers (equivalent to an entire Precinct)
- Prevent additional new hires to the department

#### **Fire Department**

The proposed reduction would impact the following:

- Reduction in Emergency Medical Services personnel which will increase response time
- Reduction in Firefighters
- Continued deactivation of fire companies and medic units

#### **General Services Department**

The proposed reduction would impact the following:

- Reduction in vacant lot grass cutting
- Elimination of maintenance for approximately 110,000 properties (normally serviced twice a year during the season)
- Decreased revenue generated by the Billing System Initiative with Information Technology Services, Buildings and Safety, Planning and Development and the Assessor's Office
- Inability to invoice customers for services rendered (grass cutting)
- Decreased maintenance of recreation parks which will result in at least 140 parks closing
- Twenty percent (20%) reduction in Fleet Mechanical Support which will impact all citywide fleets including *Public Safety*

**Note:** The City has not replaced vehicles in the last two years. As our current vehicle fleet ages, additional maintenance and repairs are necessary to maintain vehicle availability. Typically, the Vehicle Mechanic ratio for a diverse municipal fleet is 30 to 1. The City's current ratio is 39 to 1, and a reduction of 19 mechanics will give the City a 50 to 1 ratio.

#### **Information Technology Services Department**

The proposed reduction would impact the following:

- Twenty five percent (25%) staff reduction

- Fifty percent (50%) reduction in contractual staff
- Elimination of software and hardware maintenance updates
- Reduced contract services for Workbrain, HRMS and Oracle "Financials"
- Inability to capture and process financial data (Oracle)
- Reduced implementation cost to complete Workbrain project for Police, Fire, General Services and Department of Transportation
- Reduce Workbrain fix pack upgrades
- Increase timeline for preparation of the CAFR

#### **Recreation Department**

The proposed reduction would impact the following:

- Closure of recreation centers
- Reduction of summer programs that are critical to positive leisure alternatives for our youth's personal and social development, in addition to enhancing recreation opportunities for adults

#### **Human Resources Department**

The proposed reduction would impact the following:

- Ten percent (10%) staff reduction
- Elimination of all training and development services
- Limited efforts to perform tests and validations as required by the Equal Employment Opportunity Commission (EEOC) and City Charter mandates
- Limited resources to prevent and defend grievance issues as well as provide timely responses to grievances which is a violation of many collective bargaining agreements
- Delay in administering employee complaint investigations thereby risking increased litigation and complaints filed with outside agencies
- Severely impact our ability to complete the open enrollment/dependent audit thereby creating an expense for the City in continuance of costs from non-eligible employees
- Elimination of resources needed to prepare data for upcoming negotiations
- Increase overtime to meet deadlines
- Increase processing time for recruitments

#### **Planning and Development Department**

Planning and Development Department to include: Welcome Center, Office of Targeted Business and Development (OTBD)

The proposed reduction would impact the following:

- Adversely impact the ability for Detroit-Headquartered Businesses to win bid opportunities

**Note:** Business owners who have attended monthly meetings have received contracts from the City of Detroit, Detroit Medical Center (DMC) and Henry Ford Hospital.

- Delay development of OTBD initiative of implementing an online tracking and monitoring system that will provide data on how many other companies are receiving contracts from the public/private sector

- Elimination of charter-mandated function of Site Plan Review and Right of Way Encroachment Request

#### **Department of Health and Wellness Promotion**

The proposed reduction would impact the following:

- Jeopardize State Cost Sharing Funds (\$4,235,354 annually)
- Reduction in program service revenue
- Jeopardize food sanitation for Detroit residents
- Elimination of the investigation, control and prevention of food borne illness outbreaks
- Elimination of Vision and Hearing Screening in schools
- Inability to monitor and follow up on Communicable and Infectious Diseases
- Closure of Sexually-Transmitted Disease Clinic
- Elimination of Childhood immunization at Community Clinics

#### **Department of Administrative Hearings (DAH)**

The proposed reduction would impact the following:

- Revenue projections would not be met and property owners would not be held accountable for blight violations
- The DAH docket would be reduced by 75% (approximately 40,000 cases to 10,000 cases)
- Elimination of two Hearings Officers
- Elimination of entire contractual staff (10 full time positions)
- Elimination of the payment center and call center
- Inability to perform accounting function, cashiering and information technology
- Elimination of all DAH collections efforts

#### **Mayor's Office/Executive Office**

The proposed reduction would impact the following:

- Diminish leadership guidance to City departments, and promotion of mayoral objectives in fostering bold solutions to the City's problems

#### **Mayor's Office/311 Call Center**

The proposed reduction would impact the following:

- Elimination of the 311 Call Center, a critical source of information and complaint resolution for residents
- Potential closure of multiple Neighborhood City Halls (NCH), a critical source of information and complaint resolution in addition to providing hubs that encourage participation of citizens in the neighborhoods

**Mayor's Office/Human Services**

The proposed reduction would impact the following:

- Reduce key services for City senior citizenry by 50%

**Non Departmental/Detroit People Mover**

The proposed reduction would impact the following:

- Threaten operational solvency
- Force reduced hours of operation

**Recreation/Northwest Activities Center (NWAC)**

The proposed reduction would impact the following:

- Increased staff reductions will further erode the operating efficiencies of our workforce, which is currently understaffed
- Jeopardize the timely repair of equipment or require the City to cover a greater share of the cost
- Substantial reduction in programming for seniors, youth and the general public
- Elimination of reduced membership fees for senior citizens

**Non-Departmental/Cable Communications Commission**

The proposed reduction would impact the following:

- Reduction in local programming (City access on Channels 10 and 22)
- Reduced publicist and copy center operations, vital to City communications
- Eliminate the efficiencies gained through consolidation of Cable and communication functions citywide

**Non-Departmental/Airport**

The proposed reduction would impact the following:

- Eliminate the cost savings proposed by having a management agreement to operate the Airport with no cost to the city

**Non Departmental/Charter Revision Commission**

The proposed reduction would impact the following:

- Inability to take a much needed comprehensive look at local government

- Impair the Charter Commission's aggressive process of community meetings and the use of subject experts to solicit and consider the opinions of stakeholders to identify and correct conflicts, internal inconsistencies and outdated processes within the Charter, while providing mechanisms to improve the functioning and operations of local government

- Impede the Commission's ability to identify "best practices" of local government in an effort to restore confidence in our local government and improve the delivery of services to residents of Detroit

**Non-Departmental/Prior Years Deficit**

The proposed reduction would balance the veto schedule because additional cuts are not required to meet the estimated Prior Year Deficit estimate

**Law Department**

The proposed reduction would impact the following:

- Elimination of an Assistant Corporation Counsel, Head Legal Secretary, and Clerk
- Substantially impair the ability to appropriately cope with the daily demands of the Mayor's Office, City Council and City Departments

**Budget Department, Department of Public Works, and Finance Department**

The proposed reduction would result in:

- Elimination of stipends for Deputy Director and other Appointed personnel impacting their ability to effectively perform their tasks by eliminating funding for reimbursement of use of personal vehicles
- The transfer of positions from Human Rights to Finance would improve processing time of contracts and requisitions and allow for a consistent process of clearance approval

Honorable City Council:

Re: Resolution to override the Mayor's Veto of the City Council's Changes to the Mayor's Recommended 2010-2011 Budget.

Attached is the schedule from the Administration outlining the Mayor's veto of City Council's action on the 2010-2011 Mayor's Recommended Budget.

The Mayor has chosen to accept some actions of the City Council's Schedule B as well as veto many of the lines. There are 17 appropriation reduction actions that City Council made which the Mayor vetoed but not in total. The resulting effect is that the Mayor has accepted \$3.6 million (or 11%) of the Council's proposed cuts of \$31.8 million.

The attached resolution provided by this office, would allow Council to confirm their original changes to the Mayor's 2010-2011 Recommended Budget and override the Mayor's veto.

Respectfully submitted,

IRVIN CORLEY, JR.

Director

ANNE MARIE LANGAN

Deputy Director

By Council Member Cockrel, Jr.:

**PUBLIC COMMENT**

1. **JoAnn Smith** commented about the house next door to her. She indicates that she's been fighting five (5) years for them to cut their weeds down; every year it gets worse. In addition, there has been

a car in the back of the house for thirteen (13) years and she has called the city for them to come out and put down rat poison, but they will not do anything for the back yard. She says they will cut the front, but not the back. Ms. Smith reports that action needs to be taken.

Council Member Jenkins indicated that there is a rental registration ordinance which would require an inspection. Suggested that this matter be referred to BSE so they can come out and inspect the property to make sure it's up to par for rental.

Council Member Watson requested that the Health Department would send somebody today to take care of this matter. Also, indicated that the Police Department needs to have the car towed. So the Police Department, in addition to BSE; would expedite an investigation.

Council President Pugh indicated that Brian from his office will get the address of the property and the Director of BSE will contact today to make sure that that portion of it is referred today, and the Police Department will also be contacted regarding the car in the back yard.

2. **Larry Wiggins** urged Council to deny line item no. 58 on the Agenda — Contract No. 2820644 — Notification of Emergency Procurement as provided by Ordinance No. 15-00.

3. **Norman Thrasher** spoke relative to line item no. 58 on the Agenda — Contract No. 2820644 — Notification of Emergency Procurement as provided by Ordinance No. 15-00 and urged that Council would deny this contract that has come before them again.

4. **Ruth Shortie** expressed concerns of receiving grant funding for her after-school program, where the mission of the program is to provide the special education students with the help they need to complete high school.

Council Member Watson wondered if Ms. Shortie can be directed to the Community Development Specialist with the City Planning Department.

5. **Vicky Hall** expressed concerns of illegal dumping in the City of Detroit and a load of dumped tires against the back gate of her house, in the alley. Her main concern is that she doesn't want to be responsible for the tires behind her home, for it causes blight in the area and is also an expense.

Council President Pugh wants to make sure that his office works with Ms. Hall and with the commander to resolve this matter.

Council Member Watson asked that there be a special review of whether or not all the laws that have potentially been broken with being caught in the act of illegal dumping. Wants a heavy look at the licenses and the business permits that allow them to engage in this kind of activ-

ity in this city, because they don't do it where they live.

Council President reiterated that they are going to work with her to make sure that there is follow up and that something happens here.

Council Member Jenkins wants to know if that would be an appropriate situation for a show Cause Hearing? If so, she is requesting to move forward with a Show Cause Hearing with Davison Tire.

Council Member Watson indicated that she wants to make sure there is something in writing from the Clerk to the Department of Administrative Hearings that protects Ms. Hall the petitioner from being issued a ticket.

Council President Pugh indicated that once they work with Ms. Hall along with the Police Department, they will make sure that she gets a letter to report where the tires were dumped.

6. **Michael Carter, II**, employee of Journey Security, spoke relative to their contract expiring on Monday, June 14, 2010. Reports that the new company that is supposed to be coming in is not a minority; coming in with \$8.50 wages, but the Detroit Living Wage is \$10.00 He wants to know if City Council can investigate more into those needs of 50 employees, as well as himself, that are being affected by that. Mr. Carter reported that this contract is with the City of Detroit DWDD.

Council Member K. Cockerel Jr. thinks Council needs to receive a report on this issue.

Council President Pugh indicated that Council will investigate this matter to explore possible options are at this point.

Council Member Jenkins suggested that this matter go on Planning & Economic Development Standing Committee's Calendar as a line item. (Supported by Council Member K. Cockerel, Jr.); also requested that Mr. Marable, Mayor's Office have the contract information available for Thursday.

Council Member Tate reminded the Council that there is a Closed Session pending regarding Living Wage that's coming up.

7. **Pastor Andreas**, host of The Best of Detroit Gospel Radio Show, expressed her interest in crime reduction in our city. Also brought posters that read: God says Thou Shall Not Kill. Would like to have posters distributed through churches to take back into the community to post as; a beginning deterrent to crime. Needs businesses and support that will actually donate the posters. Would like to get 50,000 posters out before July 3rd. Contact information: TheUCOA.org. EMail: The UCOA at yahoo.com.

Council Member Watson reported that there is a meeting of: "This is Out Detroit Campaign" to be held at Corinthian

Baptist Church this Friday at 12 noon. Rev. Jordan is the host; and invited Pastor Andreas.

8. **William Gambrell** spoke relative to Journey Security situation. His understanding is that when Journey was awarded the contract with the City of Detroit for Cobo Hall and all the Work First activities, etc. . . . that they were required to give each employee's wage at \$10.33 an hour. Thinks that Journey should be looked at and given the fairest chance possible based on their performance.

9. **Lisa Fleming**, representing Journey Security, expressed her concerns relative to the contract. Feels we shouldn't have an outsider coming in, we should have our own support. Also feels that it's not always the lowest bidder, but it's the work quality. Feels Journey Security provides quality service. Would like for Council to look into this matter.

10. **Charles Dukes** expressed concerns of having Neighborhood City Halls as accessible resource centers. Only thing available in the area of Fairview and Mack to Gratiot and 7 Mile is a probation department. Every day there are 200-300 kids crowding around there because they have no place to go and nothing to do. Needs Council's support to purchase building on Mack and Fairview that used to be a Day Care Center.

Council Member Watson suggested that the City Planning Commission connect with Mr. Dukes and route him to access into all the information for available funds.

Council Member K. Cockrel, Jr. indicated that Mr. Dukes has a really great proposal that he shared with him that would call for consolidating the offices of a lot of different non-profits and community groups into that particular area. Indicates he will continue to work with him on it.

11. **Mother Holmes** offered prayer.

Honorable City Council:

Re: Ephesus Homes — Payment in Lieu of Taxes (PILOT) — Amended.

Ephesus Homes Development Corporation, the sponsors, have formed Ephesus Homes Limited Dividend Housing Association Limited Partnership. The partnership is developing a housing project consisting of the construction of 45 single family three and four bedroom units. Twenty-six of the units will be 4-bedroom two baths and nineteen will be 3-bedroom one bath. The project is being built on scattered sites in the area bounded by Carrie to the West, Winfred to the east, Palmetto to the north; and Lynch to the south.

Financing for the development will be through: a loan of \$750,000 from Charter One Bank at 7.5% for 15 years and Low Income Tax Housing Tax Credits. The total development cost for this project is nine million eight hundred twenty thousand dollars (\$9,820,000).

In order to make this development economically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1996, (P.A. 346, as amended, MCLA125.1415A).

Twenty-percent (20%) or nine (9) of the units will be occupied by households with incomes no greater than 30% of the area median income adjusted for family size. Twenty-percent (20%) or nine (9) of the units will be occupied by households with incomes no greater than 35% of the area median income adjusted for family size. Forty-percent (40%) or eighteen (18) of the units will be occupied by households

with incomes no greater than 40% of the area median income adjusted for family size. The remaining twenty-percent (20%) or nine (9) of the units will be occupied by households with incomes no greater than 60% of the area median income adjusted for family size.

Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing an eight percent (8%) service charge for this housing project.

Respectfully submitted,  
J. CASTONE  
Assessor

By Council Member K. Cockrel, Jr.:

Honorable City Council:

Re: Address: 19512 Hamburg. Name: Matthew Gates. Date ordered removed: May 26, 2009 (J.C.C. p. 1123-25).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on April 15, 2010 revealed the building is secured and appears to be sound and repairable.

The owner has paid current taxes due as of April 13, 2010.

The proposed use of the property is rehabilitation and rental. This is the first deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:
  - Certificate of Acceptance related to building permits
  - Certificate of Approval as a result of a Housing Inspection
  - Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

Respectfully submitted,  
MICHAEL TAYLOR

Respectfully submitted,  
MANILAL PATEL  
Interim City Engineer

City Engineering Division — DPW  
By Council Member Brown:

Whereas, The Department of Environmental Affairs (DEA) is responsible for developing and implementing a coordinated and comprehensive environmental policy for the City of Detroit, including soil remediation from leaking underground fuel storage tanks. To ensure public safety DEA will review the petitioner's environmental activities prior to the issuance of city permits; also

Whereas, The State of Michigan requires that all underground storage tanks be registered and inspected for leaks. Also, the "State" has mandated the replacement of leaking tanks including removal (and proper disposal) of contaminated soil; also

Whereas, Any L.U.S.T. can contaminate soil and diminish the value of surrounding properties, including public rights-of-way. The taxpayers of Detroit invested substantial capital in the acquisition, site preparation, insurance, and maintenance of public rights-of-way. Finally, it is in the interests of public health, safety, and welfare to detect the presence of hazardous materials and/or soil contamination from L.U.S.T.(s); therefore be it

Resolved, The City Engineering Division — DPW is hereby authorized and directed to issue permits to "Groundwater and Environmental Services Inc. (GES)/Shell Oil" at the site of 19855 West Grand River to install and maintain thirteen monitoring wells encroaching within public rights-of-way for the purpose of detecting the presence of hazardous materials and/or soil contamination from any leaking underground storage tank (L.U.S.T.);

said public right-of-way being nearby or adjoining property described as follows:

Land in the City of Detroit, Wayne County, Michigan being Lots 53 through 57, both inclusive, of "Houghton Manor Subdivision" of part of East 1/2 of Northeast 1/4 of Section 15 T.1S., R.10E. City of Detroit, Wayne County, Michigan as recorded in Liber 59 Page 82, Plats, Wayne County Records;

Land in the City of Detroit, Wayne County, Michigan being Lots 55 through 59, both inclusive, of "Estate Park" being a Subdivision of Part of Lot C of Plat of Survey of West 1/2 of Southwest 1/4 of Section 14, Also North 1/2 of East 1/2 of Southeast 1/4 of Section 15 and North 1/2 of East 1/2 of East 1/2 of Northeast 1/4 Section 15, T.1S., R.10E., Redford Township (now City of Detroit) Wayne County, Michigan as recorded in Liber 49, Page 79, Plats, Wayne County Records;

Land in the City of Detroit, Wayne County, Michigan being all that part of the Northwest 1/4 of Section 14, T.1S., R.10E., lying Southwest and abutting the South line of West Grand River Avenue, 100 feet wide; Also, lying 33 feet East of and parallel to the North-South 1/4 Section line, and also, 43 feet North of and parallel to the East-West 1/4 Section line of said Section 14;

Encroachment to consist of Thirteen (13) "permanently (meaning more than thirty days, or other long-term duration)" installed L.U.S.T. monitoring wells; being nearby or adjoining the above described property, within the following public rights-of-way:

5 wells — West side of Evergreen Avenue, 76 feet wide;

2 wells — East side of Evergreen Avenue, 76 feet wide;

3 wells — North side of Puritan Avenue, 66 feet wide;

2 wells — South side of Puritan Avenue, 66 feet wide;

Provided, That nothing in this resolution shall be construed as giving any authority, permission or grant to the permittee for any part of the encroaching L.U.S.T. monitoring wells to be placed upon the surface or underground rights of privately owned property. Enforcement of violations of fire safety regulations and building codes is the responsibility of the Fire Marshal and the Buildings and Safety Engineering Department. The petitioner shall apply to the Buildings and Safety Engineering Department for approval and permits to place any monitoring wells on privately owned property (if necessary); and further

Provided, It is the intention of this resolution to authorize the City Engineering Division — DPW (prior to the issuance of "encroachment" permits) to require the permit applicant to perform any reasonable task to protect public property interests including, but not limited to, the sub-

mission of engineering plans (containing construction details and distances from property lines) of the proposed encroaching L.U.S.T. monitoring wells. The City Engineering Division — DPW shall require the permit applicant to secure approval(s) of said plans from the Department of Environmental Affairs. Also, the City Engineering Division — DPW may require the permit applicant to secure approval(s) of said plans from Wayne County, the State of Michigan, other city departments (including commissions, authorities, corporations, councils, boards, contractors, and agencies whenever applicable) and/or utility companies; whether Wayne County, the State of Michigan, other city departments and/or utility companies are specifically enumerated in this resolution or not; and further

Provided, Said L.U.S.T. monitoring well encroachments shall be maintained under the rules and regulations of the City Engineering Division — DPW, the department of Buildings and Safety Engineering, and the Fire Marshal in accord with Detroit Code Section 50-1-9 and 10; and further

Provided, Whenever it becomes necessary to open-cut, drill, bore, jack, occupy or barricade public rights-of-way for additional test holes or maintenance of the monitoring well installation(s), such work shall be according to detailed permit application drawings (to be submitted by the petitioner or their assigns, subject to city department review and stamp approvals) prior to any public right-of-way construction (including, if necessary, adjustments or removals); and further

Provided, It is the responsibility of "Groundwater and Environmental Services Inc. (GES)/Shell Oil" to give reasonable and proper notice to any abutting property owner before commencing any (permitted) open cut or boring operations within public rights-of-way; and further

Provided, Said encroaching L.U.S.T. monitoring well installations shall be according to the specifications of the Public Lighting Department (PLD). Monitoring wells drilling equipment shall use "care and caution" to clear PLD overhead power lines; PLD requires the installer to maintain a minimum ten feet horizontal clearance at all times. The proposed permanent monitoring wells are not allowed to be built over PLD facilities (maintain a minimum of 3.00 feet horizontal clearance from any underground PLD facilities and/or manholes). The fixed encroachments shall not hinder movement of PLD maintenance equipment; and further

Provided, Said encroaching L.U.S.T. monitoring well installations shall be according to the specifications of the Water and Sewerage Department (DWSD). DWSD requires free and easy

access to water main and/or sewer facilities at all times to permit proper operation, maintenance, alteration or repair of DWSD sewers, drains, water mains, fire hydrants, catch basins, sewer and water manholes (and any other DWSD facilities). The proposed permanent monitoring wells are not allowed to be built over DWSD facilities or hinder movement of DWSD maintenance equipment; and further

Provided, All costs for the construction, maintenance, permits and use of the encroaching L.U.S.T. monitoring wells shall be borne by the petitioner. Should damages to utilities occur the petitioner shall be liable for all incidental repair costs and waives all claims for damages to the encroaching installations; and further

Provided, If it becomes necessary to repair or replace the utilities located or to be located in the public rights-of-way, by the acceptance of this permission, the petitioner(s) for themselves, their heirs or assigns, waive claims for any damages to the encroaching installations and agree to pay the costs incurred in the removal, if the removal becomes necessary, and to restore the property affected to a condition satisfactory to the City Engineering Division — DPW at the petitioner's expense; and further

Provided, That the encroaching L.U.S.T. monitoring wells shall be installed and maintained with a secure frame and cover, so as to fit flush within the public sidewalk, berm, or pavement grade. All public rights-of-way shall be maintained safe and convenient for public travel. The petitioner shall be liable for all claims, demands, costs, damages, expenses, and causes of action of every kind and character arising in favor of any person, or other legal entity on account of personal injuries or death or damage to property caused by or claimed or alleged to have arisen out of failure to properly install and maintain any encroaching L.U.S.T. monitoring well. The installation and maintenance of said encroachments shall comply with the rules and regulations of the City Engineering Division — DPW and Traffic Engineering Division — DPW; and further

Provided, The petitioner shall file with the Finance Department and/or City Engineering an indemnity agreement approved by the Law Department, saving and protecting the City of Detroit from any and all claims that may arise there from. Also, the petitioner shall be required by the Law Department in conjunction with the Finance Department — Risk Management Division to present proof of financial capability (bonds or insurance) to pay any claims, damages or expenses that may arise as a result of L.U.S.T. monitoring well(s) placement, installation or maintenance in public rights-of-way; and further

Provided, That said permittee shall be subject to any tax under the provisions of the General Property Tax Act which may be levied against it pursuant to law; and further

Provided, That no rights in the public streets, alley or other public places shall be considered waived by this permission which is granted expressly on the condition that said encroachments shall be removed at the expense of the permittee at any time when so directed by the City Council, and the public property affected shall be restored to a condition satisfactory to the City Engineering Division — DPW at the permittee's sole cost and expense; and further

Provided, That said permits issued by the City Engineering Division — DPW and/or the Buildings and Safety Engineering Department are granted with the distinct understanding that in the event the City Charter, or Detroit Code(s), or ordinance(s), or resolution(s), or City policies (governing the placement of encroachments in public rights-of-way) are amended to provide for the levying thereafter, of a fee, charge or rental, to be hereafter determined upon, for the occupancy of public streets, alleys or other public places, that the permittee will pay said fee, charge or rental provided for in said Charter, or code(s), or ordinance(s), or resolution(s), or policies; also said permittee does hereby bind itself thereunto, and to accept said permits on the conditions hereby imposed, and in the event said permittee shall contest the validity of said Charter, or code(s), or ordinance(s), or resolution(s), or policies of said fee, charge or rental, or upon refusal to pay same, issued permits shall immediately become void; and further

Provided, That the grade shall be maintained in original condition after installation of the wells with flush covers for the holes; and further

Provided, This resolution is revocable at the will, whim or caprice of the City Council, and permittee hereby waives any right to claim damages or compensation for removal of encroachment(s), and further, that the permittee acquires no implied or other privileges hereunder not expressly stated herein; and further

Provided, That the petitioner shall apply to and become a participating member of "Miss Dig" to comply with Michigan Public Act 53 of 1974, "Protection of Underground Facilities (460.701-460.718); and further

Provided, The filing of the indemnity agreement and the securing of the necessary permit(s) referred to herein shall be construed as acceptance of this resolution by the permittee; and further

Provided, That the encroachment permits shall not be assigned or transferred

without the written approval of the City Council; and further

Provided, That the City Clerk shall within 30 days record a certified copy of this resolution with the Wayne County Register of Deeds; and be it further

Resolved, The petitioner, "Groundwater and Environmental Services Inc. (GES)/ Shell Oil", shall submit "as built" drawing(s) sealed by a professional engineer or surveyor registered in the State of Michigan to the City Engineering Division — DPW within 30 days after obtaining the necessary "encroachment" permit to install thirteen proposed monitoring wells. Said "as built" drawing(s) shall furnish a complete means of identifying and ascertaining the precise position of every part of the "encroachment(s)" with courses, distances, and depth throughout (containing City of Detroit datum), so that it may be determined with certainty where any portion of the "encroachment(s)" has been built. Copies of the certified "as built" map(s) and survey(s) shall be an "appendix" to this City Council resolution. Said "appendix" shall be recorded by the City Engineering Division — DPW in the Wayne County Register of Deeds.

Re: Request to Apply for the "Office of Juvenile Justice and Delinquency Prevention FY 2010 Community-Based Violence Prevention Demonstration Program" from the United States Department of Justice (USDJOJ).

The United States Department of Justice, Office of Justice Programs, Office of Juvenile Justice and Delinquency Prevention is seeking applications for funding under the FY 2010 Community-Based Violence Prevention Demonstration Program. The mission of the program is to change community norms regarding violence; to provide alternatives to violence when gangs and individuals in the community are making risky behavior decisions; and to increase awareness of the perceived risks and costs of involvement in violence among high-risk young people. Local governments are eligible to apply for awards of up to **\$2,200,000.00 with no cash match**. The program would extend over a three year period.

The Detroit Police Department's Narcotics Enforcement has been provided with the application instructions and is currently developing a program to fit the grant guidelines. In the event that approval is granted to apply and the award is received, Sergeant Rodger Johnson, of Narcotics Enforcement, will serve as the project director. **The deadline for this application is June 18, 2010.**

The Board of Police Commissioners has approved this request. I am requesting approval from your Honorable Body to

apply for the grant and adopt the enclosed resolution.

If you have any questions or concerns regarding this matter, please feel free to contact me at 596-1800, Monday through Friday, 9:00 a.m. to 5:00 p.m.

Sincerely,  
WARREN C. EVANS
